Subject:	Pulelehua Project in West Maui
Date:	Thursday, September 26, 2019 1:08:27 PM

Aloha,

I'm writing my testimony to voice my opinion as a West Maui resident and tax payer.

We just went through the most crowded summer of history on Maui, and the West side definitely felt the most of its impact. On traffic and traffic violations.

As hosts we are being affected negatively with the over-tourism, diminishing our quality of life, endangering our natural resources and transforming our environment to worst.

This project will most likely to worsen our quality of life even more.

Maui, and specially West Maui needs this project to be 100% affordable homes. It's way past due for the county to care and look after the residents well-being and quality of life.

I'm against this project if it's any different than 100% affordable homes (not rentals).

Thank you for your attention to this matter,

Emili Janchevis
