SHPD LETTER KAONOULU AIS.docKaonoulu missing site.032.jpeg

Dear LUC Commissioners,

On behalf of Maui Cultural lands, I would like to submit the attached letter and photograph as public testimony on agenda item A94-706 Ka'ono'ulu Ranch Status Report for LUC meeting agenda Dec 10, 2015 . Maui Cultural Lands, Inc. (MCL) is a grassroots land trust organization. Our mission is to stabilize, protect and restore Hawaiian cultural resources. The attached letter was submitted by MCL to the State Historic Preservation Division Maui office on July 7, 2015 regarding the Archaeological Inventory Survey (AIS) done for Ka'ono'ulu Ranch and the Piilani Promenade Project.. Also, attached is a photograph of a previously recorded cultural site (3732) thought to be destroyed but we believe has been relocated during a recent cultural access.

The purpose of the letter and the the slideshow that accompanied it was to bring to the attention of SHPD various concerns MCL has with the adequacy of the AIS with the hope that these concerns be taken into consideration by SHPD upon their review of the draft AIS.

We wish to bring these concerns to the attention of the LUC commissioners.

Me ke ha'a ha'a,

daniel kanahale
Maui Cultural Lands, Inc.
