We the undersigned-

Respectfully ask ask the owners of Turtle Bay Resorts, Drew Stotesbury (Re:play Resorts/Turtle Bay Resort, LLC) and Lee Sichter (Lee Sichter, LLC) to:

â€¢ Remove any plans calling for massive expansion sprawling the entire coastline from Kawela Bay to Kahuku point from their Supplemental Environmental Impact Statement (SEIS).

â€¢ Seriously consider the preservation plan put forward by the Governor's Turtle Bay Advisory Working Group (TBAWG) and work in good faith with the community to adopt this plan.

â€¢ Consider the cumulative effects of all development being proposed in the North Shore/Ko'olauloa region in their SEIS.

â€¢ Cease using the Ahupua'a concept in a way that is offensive to Native Hawaiian culture.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

â€¢ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€¢ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

Sincerely,

Darlene Rodrigues drodrigues2001@yahoo.com

â€¢ Order developer Turtle Bay Resort, LLC to show cause.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

As anyone who lives on the North Shore knows, the traffic is already gridlocked on the weekends or when there's big surf. The reason tourists come to the North Shore is because of its beautiful

natural ways. Please keep the North Shore Country.

Mahalo

Sincerely,

Suzanne Westerly suzannewesterly@earthlink.net

beyond the obvious land based reasons for opposition. I'm sick of hearing about job creation as a major pro for the project. What they're saying to us with that is all that the people of the North Shore are good for is cleaning toilets and serving food to those fortunate enough to afford to stay at the resort. Change plantation/tourism mentality. We're better than that, our future is better than that, and the land deserves more respect than that.

That development would ruin the reason people come to the north shore in the first place which would reduce their future clientele. Think about it. Reduce development and keep the the feel. If not everyone will head to the outer islands to keep that feeling alive.

Subject: Comments on the Turtle Bay DSEIS.
Date: 01/03/2013 08:24 PM

We the undersigned-

Respectfully ask ask the owners of Turtle Bay Resorts, Drew Stotesbury (Re:play Resorts/Turtle Bay Resort, LLC) and Lee Sichter (Lee Sichter, LLC) to:

â€¢ Remove any plans calling for massive expansion sprawling the entire coastline from Kawela Bay to Kahuku point from their Supplemental Environmental Impact Statement (SEIS).

â€¢ Seriously consider the preservation plan put forward by the Governor's Turtle Bay Advisory Working Group (TBAWG) and work in good faith with the community to adopt this plan.

â€¢ Consider the cumulative effects of all development being proposed in the North Shore/Ko'olauloa region in their SEIS.

â€¢ Cease using the Ahupua'a concept in a way that is offensive to Native Hawaiian culture.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

â€¢ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€¢ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

The earth is the attraction, not the fancy boxes we meticulously duplicate in these extraordinary climates. The enticing aspect of bringing tourism to Hawaii is to show a small amount of special individuals or groups the rarity that our beautiful Oahu holds in it's natural state as mother earth. With financial, yet inadequate, progress towards a business driven model of what we believe Oahu stands for and is represented by you have lost all soul and energy as believers in Hawaii's Aloha and beauty.

Sincerely,

Corey Miller miller.coreymail@gmail.com

I am a 20 year resident, with 2 kids, a thriving business and the sincere hope that you will see that the North Shore CANNOT handle any increase in traffic beyond what we already deal with on a daily basis. Please understand that this is a special part of this island that cannot be replaced or "fixed" after something as big as a hotel expansion goes through and becomes a reality. Please take a day (any day of the week) and spend it out here before you make any choices or come to any conclusions. We are maxed out, traffic wise, and we also want to sustain the natural beauty of where we live. I believe that there is nothing good for the residents of the North Shore from the expansion of Turtle Bay. We will only look back and ask "remember when it wasn't so bad?"

Stop abusing our islands just to satisfy the whims of the few rich outsiders. These people come in and most of the time do not even live their lives and appreciate the ALOHA of the island culture. The graves of our ohana who have passed have been dug up and ruined just for money. AUWE! ENOUGH ALREADY

â€¢ Seriously consider the preservation plan put forward by the Governor's Turtle Bay Advisory Working Group (TBAWG) and work in good faith with the community to adopt this plan.

â€¢ Consider the cumulative effects of all development being proposed in the North Shore/Ko'olauloa region in their SEIS.

â€¢ Cease using the Ahupua'a concept in a way that is offensive to Native Hawaiian culture.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

â€¢ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€¢ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

the local infrastructure cannot handle proposed expansion. not only that the reason this area is the way it is, is that there is so much nature. if you turn this into another Waikiki no one will be happy crime will increase, pollution will increase, valuable farmland will be destroyed etc. etc. etc

Sincerely,

Cheyenne Lurvey Cheyennesolar@gmail.com

It's time for the powers that be (especially those in planning, permitting and zoning) to begin to realize that they need to respect the right to "quality of life" for the citizens of Hawaii first and foremost and that monied entities that come into town, make their profits, forever destroy what cannot be replaced, and then move on to projects elsewhere, should not have their "needs" put before the needs of those who live here. There are places more appropriate for this kind of development -surely they have gotten the picture by now that we who love the North Shore want it to be preserved.

Sincerely,

We the undersigned-

Respectfully ask the owners of Turtle Bay Resorts, Drew Stotesbury (Re:play Resorts/Turtle Bay Resort, LLC) and Lee Sichter (Lee Sichter, LLC) to:

â€¢ Remove any plans calling for massive expansion sprawling the entire coastline from Kawela Bay to Kahuku point from their Supplemental Environmental Impact Statement (SEIS).

â€¢ Seriously consider the preservation plan put forward by the Governor's Turtle Bay Advisory Working Group (TBAWG) and work in good faith with the community to adopt this plan.

â€¢ Consider the cumulative effects of all development being proposed in the North Shore/Ko'olauloa region in their SEIS.

â€¢ Cease using the Ahupua'a concept in a way that is offensive to Native Hawaiian culture.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

â€¢ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€¢ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

Sincerely,

Vanessa Kight kauai-flygirl@hotmail.com

North Shore is such a great place to visit or live in because it's not too touristic and crowded like Waikiki. You can feel the essence of Hawaii and it should stay like that.

Sincerely,

We the undersigned-

Respectfully ask the owners of Turtle Bay Resorts, Drew Stotesbury (Re:play Resorts/Turtle Bay Resort, LLC) and Lee Sichter (Lee Sichter, LLC) to:

â€¢ Remove any plans calling for massive expansion sprawling the entire coastline from Kawela Bay to Kahuku point from their Supplemental Environmental Impact Statement (SEIS).

â€¢ Seriously consider the preservation plan put forward by the Governor's Turtle Bay Advisory Working Group (TBAWG) and work in good faith with the community to adopt this plan.

â€¢ Consider the cumulative effects of all development being proposed in the North Shore/Ko'olauloa region in their SEIS.

â€¢ Cease using the Ahupua'a concept in a way that is offensive to Native Hawaiian culture.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

â€¢ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€¢ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

Sincerely,

Shir Suez shir101suez@gmail.com

The Turtle Bay Resort had the opportunity to expand their hotel for 20 years. The Honolulu City & County planning department should show some backbone & decline their request for an extension. City & County should support the wishes of the residence of the North Shore & surrounding area & follow the law, instead of allowing those companies with deep pockets to flaunt it. That is unfair & unconstitutional.

We the undersigned-

Respectfully ask the owners of Turtle Bay Resorts, Drew Stotesbury (Re:play Resorts/Turtle Bay Resort, LLC) and Lee Sichter (Lee Sichter, LLC) to:

â€¢ Remove any plans calling for massive, sprawling expansion along the entire coastline from Kawela Bay to Kahuku point from their Supplemental Environmental Impact Statement (SEIS).

â€¢ Seriously consider the preservation plan put forward by the Governor's Turtle Bay Advisory Working Group (TBAWG) and work in good faith with the community to adopt this plan.

â€¢ Consider the cumulative effects of all development being proposed in the North Shore/Ko'olauloa region in their SEIS.

â€¢ Cease using the Ahupua'a concept in a way that is offensive to Native Hawaiian culture.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

â€¢ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€¢ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

Sincerely,

Lauren Tannehill Laurentannehillart@gmail.com

I've seen countless places of beauty destroyed by overdevelopment leading to traffic congestion and all the other miseries that come with it. Let's stop developing when there is absolutely no other reason than greed.

Sincerely,

Tim Price makainalu@hotmail.com

Dear Turtle Bay Resorts- I have been coming to the North Shore from California since a child. To me, the reason the North Shore is so special is that it is less populated than Waikiki. It is a place on the island where you can see many turtles and I have even seen a Monk Seal there twice during my visits. To change any of the beach landscape or coral reefs would be an absolute and irreversible disaster! Please do not destroy the natural beauty or affect the natural habitats of the turtles or endangered Monk Seal.

Sincerely,

We the undersigned-

Respectfully ask ask the owners of Turtle Bay Resorts, Drew Stotesbury (Re:play Resorts/Turtle Bay Resort, LLC) and Lee Sichter (Lee Sichter, LLC) to:

â€¢ Remove any plans calling for massive expansion sprawling the entire coastline from Kawela Bay to Kahuku point from their Supplemental Environmental Impact Statement (SEIS).

â€¢ Seriously consider the preservation plan put forward by the Governor's Turtle Bay Advisory Working Group (TBAWG) and work in good faith with the community to adopt this plan.

â€¢ Consider the cumulative effects of all development being proposed in the North Shore/Ko'olauloa region in their SEIS.

â€¢ Cease using the Ahupua'a concept in a way that is offensive to Native Hawaiian culture.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

â€¢ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€¢ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

i am very much against the development plan of the turtle bay resorts etc.

Sincerely,

Gregory Pang grpang2007@gmail.com

Expansion that compromises the unique beauty of the North Shore will also compromise the desire of those who choose to vacation here. Current Turtle Bay guests offer the same sentiment when they come into my shop in Haleiwa. They often say if development comes, why not choose outer-island instead? Perhaps we can get away from the crowds there....

My fiancÃ© is native to Oahu, Kailua boy! He brought me around north shore last march, passing by turtle bay. His comment to me was the towns are starting to blend together. I understand growth, nothing beats natures beautiful creations, but once you dig it will never be the same. Keep the country country, don't make Hawaiians go threw what us navites in the main land have to deal with

We the undersigned-

Respectfully ask the owners of Turtle Bay Resorts, Drew Stotesbury (Re:play Resorts/Turtle Bay Resort, LLC) and Lee Sichter (Lee Sichter, LLC) to:

â€¢ Remove any plans calling for massive, sprawling expansion along the entire coastline from Kawela Bay to Kahuku point from their Supplemental Environmental Impact Statement (SEIS).

â€¢ Seriously consider the preservation plan put forward by the Governor's Turtle Bay Advisory Working Group (TBAWG) and work in good faith with the community to adopt this plan.

â€¢ Consider the cumulative effects of all development being proposed in the North Shore/Ko'olauloa region in their SEIS.

â€¢ Cease using the Ahupua'a concept in a way that is offensive.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

â€¢ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€¢ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

Please don't destroy the beach and ocean. For some of us it's our only home. Unattached to the material world, our hearts are full from the ocean. Please protect our home.

Sincerely,

danielle zirkelbach daniellezirk@gmail.com

Malama na kanaka o Ko'olauloa a me ka aina me ke kai o Kahuku, Kuilima a me Kawela.

Please do not develop this precious land because it will have a significant negative impact upon the natural environment (air, shoreline, ocean waters, land) found in the area. The most significant affects will be noted on native plants in the area, mostly found along the coastline, the native sealife, birds & mammals, and the many native Hawaiians who fish, gather and cultivate these lands for the benefit of all. Your plans only benefit a few selected groups and individual and this is not pono (right). Please take the time to learn about and respect the State of Hawaii motto.. "Ua mau ke ea o ka 'aina i ka pono"

Sincerely,

Kanekoa Crabbe kanekoa78@hotmail.com

The North Shore in my opinion is the gem of Oahu. As a visitor from the UK my partner and I chose to stay on the North Shore because it represented 'real Hawaii' to us as surfers in search of the real aloha spirit which Hawaii, and particularly the North Shore represents and embodies. The proposal to expand Turtle Bay Resorts will undoubtedly attract visitors but simply those visitors that have no appreciation of the qualities which make the North Shore unique and an area that should be protected and not exploited. These visitors will simply be paying for a resort experience that could be, for them, anywhere in the world. Progress and development should not equate to destruction and removing the soul of a very special island. Sympathetic development can be implemented and achieved that encourages the community, public and private sectors to work together for the best interests of Oahu, based on sustainable and ethical concepts not simply tourism. The proposals that Turtle Bay Resorts are making appear to benefit very few at the cost of something that will never be able to be replaced once gone. Oahu already has one Waikiki which I feel is enough for the island - protect the North Shore's uniqueness and celebrate this special place.

Subject: Comments on the Turtle Bay DSEIS.
Date: 01/04/2013 04:07 PM

We the undersigned-

Respectfully ask the owners of Turtle Bay Resorts, Drew Stotesbury (Re:play Resorts/Turtle Bay Resort, LLC) and Lee Sichter (Lee Sichter, LLC) to:

â€¢ Remove any plans calling for massive, sprawling expansion along the entire coastline from Kawela Bay to Kahuku point from their Supplemental Environmental Impact Statement (SEIS).

â€¢ Seriously consider the preservation plan put forward by the Governor's Turtle Bay Advisory Working Group (TBAWG) and work in good faith with the community to adopt this plan.

â€¢ Consider the cumulative effects of all development being proposed in the North Shore/Ko'olauloa region in their SEIS.

â€¢ Cease using the Ahupua'a concept in a way that is offensive.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

â€¢ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€¢ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

The "cumulative effects" of the various developments proposed for the North Shore are HUGE! "Invasion" La'ie, Turtle Bay, Kamehameha Schools plans for Haleiwa, etc. will, cumulatively, have an enormous, permanent, very destructive effect on the North Shore! DPP and LUC should not be "rubber stampers" for developers!

Sincerely,

Brian Emmons brimohi@msn.com

Our family friends were run out of Kawela bay back in the 70's and 80's where a long lived heritage was lost of fishing, talking story and raising their families. Please help us to preserve certain portions of our island that are better left in their natural beauty. Kawela bay to Kahuku point should be left as they are and we appreciate your acknowledgement of this.

Sincerely,

Bryce Sprecher sprecherhawaii@yahoo.com

To destroy this last vestige of turtle environment would be a tragedy beyond belief. Look at this lovely quiet bay and compare it to the beach which is covered with tourists and traffic to view turtles--please prevent this from happening to one of Hawaii's great remaining treasures.

Sincerely,

Your resort is beautiful but enough is enough. Please do not continue with your plans of expansion. The North Shore is truly the most beautiful place I have ever seen. It is rare and unique and should stay that way. The North Shore is Hawaii. I do not believe the infrastructure can withstand further development. Do not destroy this beautiful and sacred place!

Please read the children's book, Ballyhoo Bay by Judy Sierra. I read this book to my Kindergarten class every year because it explains what Turtle Bay wants to do, DEVELOP. Even the kids agree its not a good choice and they are 5 years old. KEEP THE COUNTRY COUNTRY. The North Shore is one of a kind.

â€¢ Cease using the Ahupua'a concept in a way that is offensive.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

â€¢ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€¢ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

We the undersigned-

Respectfully ask the owners of Turtle Bay Resorts, Drew Stotesbury (Re:play Resorts/Turtle Bay Resort, LLC) and Lee Sichter (Lee Sichter, LLC) to:

â€¢ Remove any plans calling for massive, sprawling expansion along the entire coastline from Kawela Bay to Kahuku point from their Supplemental Environmental Impact Statement (SEIS).

â€¢ Seriously consider the preservation plan put forward by the Governor's Turtle Bay Advisory Working Group (TBAWG) and work in good faith with the community to adopt this plan.

â€¢ Consider the cumulative effects of all development being proposed in the North Shore/Ko'olauloa region in their SEIS.

â€¢ Cease using the Ahupua'a concept in a way that is offensive.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

As a frequent visitor to Hawaii because of its natural beauty, I can think of nothing that would destroy its beauty more than expansion projects such as this. An overdeveloped Hawaii just ends up becoming another FL or CA beach and Hawaii will lose some of the natural allure that makes it so special. Hawaii is truly a special place and it holds special memories for people worldwide. To not be cautious of this with development efforts - the same efforts that appear to be driven by financial considerations - is to lose a piece of paradise that will not be recovered.

We the undersigned-

Respectfully ask ask the owners of Turtle Bay Resorts, Drew Stotesbury (Re:play Resorts/Turtle Bay Resort, LLC) and Lee Sichter (Lee Sichter, LLC) to:

â€¢ Remove any plans calling for massive expansion sprawling the entire coastline from Kawela Bay to Kahuku point from their Supplemental Environmental Impact Statement (SEIS).

â€¢ Seriously consider the preservation plan put forward by the Governor's Turtle Bay Advisory Working Group (TBAWG) and work in good faith with the community to adopt this plan.

â€¢ Consider the cumulative effects of all development being proposed in the North Shore/Ko'olauloa region in their SEIS.

â€¢ Cease using the Ahupua'a concept in a way that is offensive to Native Hawaiian culture.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

â€¢ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€¢ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

this will be detrimental to the land and wildlife of the north shore and should be grossly scaled down

Sincerely,

milton beamer hoolulu3@aol.com

â€ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the State of Hawaii Land Use Commission to:

â€ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€ Order developer Turtle Bay Resort, LLC to show cause.

â€ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

The fate of the North Shore lies in the hands of a few elected and appointed officials. I am writing this letter to call upon all elected officials, lawmakers, and appointees who have any influence on the current process involving the potentially disastrous proposal threatening one of Oahu's most pristine coastal treasures in the area surrounding Turtle Bay Resort. The resort's owners are seeking approval for a massive and sprawling development which is a 325% increase of the resort's current rental rooms and residences. The footprint of this development gobbles up the acres and acres of raw land on either side of the Turtle Bay Resort, including the charming and one-of-a-kind Kawela Bay. The developer's renderings do not accurately convey the scope and magnitude of the project. Aerial photos of the area can provide a much more comprehensive view of the massive amount of land which would be engulfed by the proposed development. This resort sprawl must not and should not be allowed to move forward.

As a voter and a taxpayer, I request that all parties involved in the decision making process base their decisions on the reality of today's infrastructure. Our infrastructure on the North Shore isn't just limited, it is crippled. It is becoming increasingly dysfunctional at an alarmingly rapid and consistent pace. Residents and visitors alike get stuck in lengthy, bumper-to-bumper traffic almost daily on the North Shore. This happens not only on the days of big surf, contests, weekends, and holiday but even on ordinary, uneventful days of the week; a drive of a few miles from Haleiwa to Foodland can result in a random 45 minute traffic delay.

One of the most consistent source of traffic comes from the tour buses which stop at Laniakea and create a stop-and-go situation throughout the day, everyday of the week. In addition to this unceasing traffic jam, the buses also cause a dangerous situation for visitors who stream across the road, sometimes quite heedlessly. The abrupt traffic slowdown has also caused accidents. I know someone personally who was rear-ended and still suffers severely from back and neck pain. To my knowledge, no flashing lights have been installed to warn people of the abrupt halt to traffic flow.

Even if the above described "Turtle Traffic" were addressed by either disallowing the tour buses to do business on the side of the road, and/ or constructing a new road around this area, the reality is, with the current number of cars on the road from residents and visitors, any further increase in the number of automobiles is utterly untenable. Kamehameha Highway already looks like a parking lot much of the time. It will not function with any added stress.

Honolulu is currently ranked as the worst city in the entire nation for time spent in traffic. The "Country" has always been a beloved refuge for Oahu residents and visitors. It is served by a two-lane highway. It is the beauty and tranquility that draw residents and visitors to the North Shore. But if the current developments go forward, developments which include the following: Kamehameha School's plan for hundreds and hundreds of homes in Haleiwa as well as new shopping centers; Andy Anderson's Haleiwa Hotel; Turtle Bay Resort's 325% increase in occupancy and resort sprawl; Laie's Marriot Hotel; and also the many hundreds of homes which are either proposed for the Laie area or have already been approved for the Laie area. If these developments go forward, there will be no more North Shore. Again, the reality is, if all of these developments go forward there will be no North Shore as we know it. We will have failed to preserve one of the most pristine coastlines for future generations. And we will have created a traffic situation worse than Honolulu, which is already the worst traffic in the nation. Our two lane highway will become a parking lot. Hotels will have gobbled up a large swath of raw coastal area. What will be left of our island when all of our roads look like parking lots and hotels cling to our coastline like barnacles?

In addition to addressing the above concerns, I would like the The DPP, City Council, Mayor's office, and the developer to consider and respond to the following concerns and questions:

1.) In the past it has appeared that the DPP only looks at projects on an individual basis without considering the full impact and cumulative affect of the multiple developments which are currently either underway or being proposed. How will the DPP assess this Turtle Bay Resort proposal while also considering the cumulative impacts of each of the proposed and approved developments from Haleiwa through Laie?

2.) The North Shore has changed dramatically in the 25 years since this development first sought approval. However, the last time this proposal was brought before the DPP while Mufi Hanneman was the Mayor, his appointee at the DPP came to the conclusion that the North Shore had not changed enough in the last 25 years to warrant an updated EIS. I would like to know who the decision makers are at DPP and if they have spent time on the North Shore recently, or, if, as part of their review and decision making process, they will come to the North Shore personally to assess the traffic situation on several different occasions so as to arrive at an accurate conclusion regarding our current infrastructure limitations. It is time for our leaders, lawmakers and appointees to operate and base their decisions upon today's reality, not the reality of 25 years ago. And I don't see how they can do that while sitting in offices in Honolulu. I hope that the myopic view of past administrations will not continue into the current administration. Can the DPP please tell the community and the public how many times DPP decision-makers will come to the North Shore as a part of their due diligence in considering the current proposals?

3.) Any further burden to this two-lane road will be untenable for visitors and residents alike. I often see visitors in their rental cars, in gridlocked North Shore traffic. Frequently after seeing them idle in traffic ahead of me for 30 minutes, I then see these visitors do a U-turn and head back the way they came, probably back to Honolulu. I feel sorry for these poor vacationers coming to Oahu and the North Shore for an island experience only to be angered and dismayed when faced with traffic that is worse than mainland traffic. People don't come here to get stuck in traffic. If this traffic situation continues, unmitigated, I'm afraid our visitors won't come back. Has the DPP or board of tourism or the developer done any surveys or studies on what effect gridlocked traffic might have on visitor's likelihood to return to our island and the North Shore or recommend our island as a vacation destination? Have there been any studies on the possible economic impact of transforming a destination known as the "Country" into a gridlocked two-lane road with hotels standing where banyan trees and forests once stood and where monk seals came to give birth and turtles nestled in the sand? If those things disappear, will the North Shore and Oahu become a less valuable vacation destination? How will all of these developments and increase in traffic affect our local economy if we are taking away the very thing people come here for, which is the "Country" atmosphere?

4.) The draft SEIS does not address the cumulative affect of all the developments facing the North Shore, nor did it collect data that could lead to accurate conclusions. The study claims that it will only increase traffic by 3% to 4.5%. How can a development increase its occupancy and residences by 325% -- a scenario in which the staff at the resort would also increase exponentially to serve the visitors -- but at the same time increase traffic by only by 4.5% at the most? How is this possible? How will DPP and City test the accuracy of the developer's forecast? Furthermore, the way this traffic data was gathered, estimated and then averaged out was not done in a diligent comprehensive manner. It is a misrepresentation. A gross misrepresentation. How will DPP analyze the traffic study in the developers draft SEIS? What supplemental studies will DPP use for its conclusions?

5.) In response to a letter from a concerned resident, Lee Sichter LLC (the consulting firm to the developer) writes about several issues that seem particularly questionable: Sichter asserts that the developer has "foregone development rights." Is this an accurate statement of fact? It seems like a manipulative assertion designed to convince the public that the resort already has these "rights" and that the developer is voluntarily scaling it back, when in fact the developer has no "foregone rights" and has hardly scaled the project back. Can some legal clarification please be made on the assertion that the developer is in possession of some "foregone rights."

6.) The current proposal increases both rental units and residences by 325%, according to the numbers provided by Lee Sichter LLC. Up to 1000 of these would be rentable units and 750 would be residential units, but a residential unit will not necessarily mean that it is not a rentable unit. On the contrary, it is very possible and even likely that the residential units will be rentable. I've even heard (although been unable to yet verify) that they are planning on timeshare properties. If this is true, the impact is far greater. Will there be a separate process for the evaluation by DPP of timeshare properties? Also, can the DPP and the developer provide the public with a detailed and accurate description of each type of "unit," a "residence," and "lock-off"? Also, can the developer please disclose if there is any timesharing in their development proposal?

7.) Sichter writes that the owners of Turtle Bay Resort share the communities concerns about future traffic volumes on Kamehameha Highway. The resort acknowledges that we have a two-lane highway which serves the North Shore and it is not proposing to alter it, nor is it possible to alter it in most places. But the resort says it is committed to finding "workable traffic solutions." However, if we, the public and the lawmakers and appointed officials, are going to operate from the realm of reality, can we agree that with a two lane highway there really are no "workable traffic solutions" other than not increasing cars? Can our lawmakers and decision makers at DPP confront the reality of the limitations of our infrastructure? Can we agree that the only "workable solution" to our traffic problem is to not add any more traffic to the already overburdened highway? If not, would DPP, appointees, lawmakers, and decision makers please provide to the community a detailed description and analysis of what these "workable solutions" might entail?

8.) A few of the resort's proposals for "workable traffic solutions" are: "driving smarter, consolidating trips, ride-sharing, and using alternative transit when possible to name a few." Because traffic is already so out of control, people on the North Shore are already "driving smarter and consolidating trips and ride-sharing." I am curious, the developer says those options are just "to name a few." What are the other few? Could the developer please explain the other few? People are already driving smarter, consolidating trips, and ride-sharing, so how can this be included in the developer's plan as their "workable solution" if it already ISN'T WORKING? What does the developer mean when the developer says "to name a few"? What else is there? Helicopter? Teleportation? Seriously, what?

9.) According to Lee Sichter's letter, Turtle Bay Resort's financial contribution to the total cost of adding turning lanes at Turtle Bay Resort will pay the amount that is equal to the percentage of increase in traffic. But according to the developer's traffic study, that amount is only 3% - 4.5%. Does that mean that the developer's contribution to the expense of turning lanes for Turtle Bay resort will only be between 3% and 4.5 % and the rest will be paid for by taxpayers?

Thank you for responding to my questions and concerns, which I believe are grounded in reality on the ground here on the North Shore. Please make sure that your responses consider the "big picture" and are based in the realm of reality, not wishful thinking.

Furthermore, as almost everyone on the North Shore knows, there is just no way this can work. There are no "workable solutions" with a two-lane highway and exploding traffic. Even a scaled back version will have disastrous consequences and cause irreparable harm to our fragile island home, a home which we enjoy and share with visitors, a home which is irreplaceable.

Sincerely,

Malia Damon

We the undersigned-

Respectfully ask the owners of Turtle Bay Resorts, Drew Stotesbury (Re:play Resorts/Turtle Bay Resort, LLC) and Lee Sichter (Lee Sichter, LLC) to:

â€¢ Remove any plans calling for massive, sprawling expansion along the entire coastline from Kawela Bay to Kahuku point from their Supplemental Environmental Impact Statement (SEIS).

â€¢ Seriously consider the preservation plan put forward by the Governor's Turtle Bay Advisory Working Group (TBAWG) and work in good faith with the community to adopt this plan.

â€¢ Consider the cumulative effects of all development being proposed in the North Shore/Ko'olauloa region in their SEIS.

â€¢ Cease using the Ahupua'a concept in a way that is offensive.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

â€¢ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€¢ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

Sincerely,

Short-sighted developmental goals/greed = Long-term consequences for the flora and fauna of the North Shore. The negative impact of such a huge increase in housing and traffic on the infrastructure and residents is almost criminal. Your studies are inadequate and flawed. Be honest. This project is too massive for our coastline. Preserve and protect our natural resources.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

The Turtle Bay Resort's DSEIS surveys of flora and fauna are incomplete and inaccurate.

They do not address the:

- * Issues of animals and plants listed under the Endangered Species Act; Hawaiian Monk Seals, Green Sea Turtles, Hawaiian Stilts, Moorhens, Coots, Ducks, Ohai (sesbania-tomentosa) and others.
- * Presence of Migratory birds such as Bristle Thighed Curlews, Golden Plovers, Wandering Tattlers, Ruddy Turnstones, Sanderlings, Dowitchers, Yellowlegs and others protected under the Migratory Bird Treaty Act, (MBTA).
- * Presence of and sensitivity to light of Shearwaters and Petrels.

Surveys also:

- * Deny that the property contains or is adjacent to Critical Habitat.
- * Did not attempt inventories of invertebrates or freshwater aquatic resources.
- * Assume that Hawaiian Owls and Bats are not present. Best practices are to assume they are present, when their presence is documented on adjacent properties (First Wind and James Campbell National Wildlife Refuge).
- * Did not investigate the fragile ecosystem of Punaho'olapa Marsh and then declared that no endangered plants were found.
- * Incorrectly maintain that there are no endangered plants on the property.

The DSEIS lacks discussion of preservation and restoration of dune habitat, overgrown with invasive species through neglect, a predator control program and, as suggested over 20 years ago by the USFWS, restoration of the marsh. The existing Resort has no education programs for staff to prevent the destruction of protected birdlife, or to coordinate wildlife emergencies with State and Federal Authorities.

Without proper surveys of flora and fauna, Impact Assessment of the Proposed Action on the coastal wetland and dune habitats is meaningless. Mitigation in the form of undefined "education programs",

run largely by volunteers, is insufficient. This is not Full Disclosure.

We the undersigned-

Respectfully ask the owners of Turtle Bay Resorts, Drew Stotesbury (Re:play Resorts/Turtle Bay Resort, LLC) and Lee Sichter (Lee Sichter, LLC) to:

â€¢ Remove any plans calling for massive, sprawling expansion along the entire coastline from Kawela Bay to Kahuku point from their Supplemental Environmental Impact Statement (SEIS).

â€¢ Seriously consider the preservation plan put forward by the Governor's Turtle Bay Advisory Working Group (TBAWG) and work in good faith with the community to adopt this plan.

â€¢ Consider the cumulative effects of all development being proposed in the North Shore/Ko'olauloa region in their SEIS.

â€¢ Cease using the Ahupua'a concept in a way that is offensive.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

â€¢ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€¢ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

Sincerely,

Travis Hylton Travish321@aol.com

Please respect nature! Preserve the environment! The Island is a paradise, you will destroy it with this expansion of their business. You will turn it into a beach like any other, taking away the beauty and the magic... Please do not do it. Let keep it clean, pure and beautiful, that's the nest for everyone.

Sincerely,

Rochelle Pereira rspagrs@hotmail.com

The roads and infrastructure on the North Shore of Oahu can not support any more big developments. Kawela Bay is a natural habitat for the Green Sea Turtle and many endangered birds and other wildlife. An environmental species act with have to be followed. I do not support any more growth on our already compromised roads and destroying what is left of our beautiful undeveloped shoreline.

Our government officials MUST start looking at these developments in a broader view, not as independent, disconnected plans. The affects are cumulative and exponentially building on each other. There is no turning back once the Turtle Bay and Envision Laie plans are approved. Combined they will destroy the key thing the beautiful north shore of Oahu is know for - quiet countryside, open space, less traffic. The UN-Waikiki. Also, how can the developers of Turtle Bay justify such a large expansion if they are not already at 100% room capacity? What about the traffic in an area that is already horrible? Is this going to be the "third city" on Oahu?

There is already one Wakiki. PLEASE DO NOT expand turtle bay. We moved up here to get away from the big city crowds and right now it's hard to leave the the north shore because of all the traffic here. If more hotels and rooms Are built at Turtlebay, the traffic will even become worse. Please come up and drive from Haleiwa to Turtlebay on a weekend and you will understand that there's no possible way that this would be a good thing. Please listen to the people that live up here and respect our lives. The community of people who live on the North Shore permanently are good people let us have a voice in this decision that is heard .

I am Born and Raised on the North Shore of Oahu and I do not support the expansion of Turtle bay Resort into the Kawela Bay area, the State of Hawaii needs to start to stand behind the people of the community's instead of aligning themselves with large corporations, We the people should come first, but all too often thats not the case.

The North Shore cannot afford any more congestion into the area, It's not fair to the people who call the Country Home.

Respectfully ask the owners of Turtle Bay Resorts, Drew Stotesbury (Re:play Resorts/Turtle Bay Resort, LLC) and Lee Sichter (Lee Sichter, LLC) to:

â€¢ Remove any plans calling for massive, sprawling expansion along the entire coastline from Kawela Bay to Kahuku point from their Supplemental Environmental Impact Statement (SEIS).

â€¢ Seriously consider the preservation plan put forward by the Governor's Turtle Bay Advisory Working Group (TBAWG) and work in good faith with the community to adopt this plan.

â€¢ Consider the cumulative effects of all development being proposed in the North Shore/Ko'olauloa region in their SEIS.

â€¢ Cease using the Ahupua'a concept in a way that is offensive.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

â€¢ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€¢ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

We must preserve the island's undeveloped land.

Sincerely,

Eliza Lathrop lathropmail@gmail.com

To Whom it May Concern:

As a resident of Pupukeya, I ask that the Honolulu Permitting/Planning Dept. not to grant approval for any increase in size for the Turtle Bay Resort. Speaking from a resident's perspective forced to commute through tourist traffic to Mililani daily, the traffic makes my commute very difficult (45min+) with bottlenecks at Chun's and Laniakea. These bottlenecks occur because tourists are stopping to see the beach (waves and turtles). Increased tourist traffic resulting from an expansion at Turtle Bay (they WILL rent cars), will make the traffic for current North Shore residents an unreasonable burden to bear. Please reject any hotel expansions, and keep hotel development to Waikiki and Ko'olina.

Sincerely,

Philip Weber

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

The North Shore and Koolauloa regions provide invaluable recreational and cultural resources for all of Oahu's residents and visitors. Large-or-small-scale expansion of the Turtle Bay Resort could dramatically change the rural nature of these country districts â€" forever.

Replay Resorts executives say they want a resort that is welcoming to, and welcome by, the community, recognizing that the kama'aina touch would add to its appeal to visitors, too.

But the recently submitted Turtle Bay Resort Draft Supplemental Environmental Impact Statement is meaningless unless it incorporates, and is viewed through the lens of, other major projects that are already in the development pipeline, including but not limited to Envision Laie, Koa Ridge, and Kamehameha Schools projects in the Kawailoa-Haleiwa areas.

As a North Shore resident living less than four miles down Kamehameha Highway toward Haleiwa from Turtle Bay Resort, traffic is obviously a major concern for me. This narrow two-lane road is already over-capacity and too-clogged for locals to use for day-to-day work obligations and errands and even worse during peak weekend hours, marquee surf events, and other tourist pressures. Expansion of the rural character of this road is NOT an option.

Before the city accepts the SEIS and considers granting the remaining discretionary approvals, more clarity is needed. Some initial questions stimulated by the DSEIS include:

What is the definition of a unit? Does a time-share property that can be rented as two separate units have the same traffic impact as one hotel room? How can potential impacts be determined without knowing the size, design and usage of the units?

Are consistent counts and assumptions used throughout the traffic study, particularly when comparing additional traffic volume to the background traffic?

Is it reasonable to exclude from consideration likely traffic impacts from the proposed Envision Laie and Koa Ridge projects?

By Reply Resorts own projections, full buildout of the project would have its greatest impact on congestion on Saturday middays. What assurance do the developers offer that they will pay their "fair share" of regional highway improvements needed to mitigate the additional traffic volume caused by the expansion? How much money are they committing to this "fair share"?

Is the "Conservation Partner Alternative" really possible and up for consideration?

What assurance is given that the community housing will be affordable and reserved for residents who live and work at, or near, Turtle Bay?

Will independent analysis of the studies on the ocean, marine life, flora and fauna reveal substantial inconsistencies of the likely impacts?

Have concerns about Hawaiian cultural resources and iwi been properly addressed? What, for example, is the stated position of the Oahu Island Burial Council?

While answers to these initial questions are essential, I remain quite skeptical of, and vehemently opposed to, any plans to expand Turtle Bay Resort and the questionable political process through which such development is enabled.

Sincerely,

Joe Wilson

We cannot ruin the North Shore with more hotels. There are plenty already. The North Shore must be protected from further development We as responsible persons must protect this area for the endangered species to have a safe habitat and a open "country" atmosphere fro our tourism. If all of Oahu is development then there will not be the lure fro the tourists to drive to the country because it wont be here!

Keep the country country. Traffic is so horrible on the North Shore already! The two lane Hwy CANNOT support any more development on such a large scale as Turtle Bay is proposing. Please do the right thing for Oahu tourism and DO not allow greed to destroy the North Shore. Tourists love to visit the North Shore because it is rural. If you allow more hotels then that will be taken away forever. Please do the right thing for the people of Hawaii and not for developers. Why must every inch of someplace beautiful be destroyed by development. Please do not let this happen. It is in your hands do something right and grand. Just say NO!

We the undersigned-

Respectfully ask the owners of Turtle Bay Resorts, Drew Stotesbury (Re:play Resorts/Turtle Bay Resort, LLC) and Lee Sichter (Lee Sichter, LLC) to:

â€¢ Remove any plans calling for massive, sprawling expansion along the entire coastline from Kawela Bay to Kahuku point from their Supplemental Environmental Impact Statement (SEIS).

â€¢ Seriously consider the preservation plan put forward by the Governor's Turtle Bay Advisory Working Group (TBAWG) and work in good faith with the community to adopt this plan.

â€¢ Consider the cumulative effects of all development being proposed in the North Shore/Ko'olauloa region in their SEIS.

â€¢ Cease using the Ahupua'a concept in a way that is offensive.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

â€¢ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€¢ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

Sincerely,

Andrea Woods andreaswimsunset@yahoo.com

Mike Takahashi
58-034 Kapuai Place
Haleiwa, HI 96712
808 638 8208
mikesurfsunset@yahoo.com

Aloha,

While the proposed plan to develop Turtle Bay is half the size of the original plan, the project is still much too large and would negatively impact the North Shore as well as the east shore. The narrow corridor following the coastline cannot be widened in many spots, including Waimea Bay and Kahana Bay. While the development promises to improve traffic flow, it does so only around the hotel. The rest of Kamehameha Highway will be congested by 25% more cars during peak times. The 25% increase in cars would mean an exponential increase in the time it takes to travel along the highway. A 25% increase in cars could mean as much as a 50% increase in the amount of time it takes to travel from Haleiwa to Turtle Bay. This is not acceptable, and if you factor in the construction traffic during the build-up phase, the traffic would be unbearable from day one of the project.

In addition to this, the # of condominiums is disturbing. Assuming that each of the 750 condo residents have just one child, where is that child going to school? Is Kahuku Elementary and High School set up for such a big influx of students? What steps are the developers taking to handle this big load on our educational infrastructure?

Finally, the most disturbing thing of all is the blatant disregard for the essence of the North Shore. Tourists and residents alike flock to the North Shore to see the open spaces and untouched beauty. Kawela Bay would become a miniature Waikiki. The pristine sand dune areas by Marconi Road would be trampled and destroyed, and wild life like turtles and seals would lose their safe havens. Traffic would be gridlocked from Helemano to Laie. Is this what Oahu needs? I sincerely believe that it is in the long term best interests of the Turtle Bay management and the North Shore community to preserve the North Shore and its fragile natural beauty. Once it is lost, we can never get it back.

Thank you, Mike Takahashi

Sincerely,

Mike Takahashi mikesurfsunset@yahoo.com

The community, the people and the land cannot accommodate the proposed expansion without drastic negative effects to infrastructure, safety, sense of community, traffic, and many more dimensions of life in this part of Oahu. This expansion must NOT go forward. I request that acceptance of the SEIS be tabled indefinitely, that the preservation plan TBAWG be implemented with the community, and no approvals for any development be given without creating solutions to the adverse effects that meet with community approval.

Sincerely,

We the undersigned-

Respectfully ask the owners of Turtle Bay Resorts, Drew Stotesbury (Re:play Resorts/Turtle Bay Resort, LLC) and Lee Sichter (Lee Sichter, LLC) to:

â€¢ Remove any plans calling for massive, sprawling expansion along the entire coastline from Kawela Bay to Kahuku point from their Supplemental Environmental Impact Statement (SEIS).

â€¢ Seriously consider the preservation plan put forward by the Governor's Turtle Bay Advisory Working Group (TBAWG) and work in good faith with the community to adopt this plan.

â€¢ Consider the cumulative effects of all development being proposed in the North Shore/Ko'olauloa region in their SEIS.

â€¢ Cease using the Ahupua'a concept in a way that is offensive.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

â€¢ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€¢ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

Sincerely,

Ana Giliberti-Ippel agiliberti@yahoo.com

The plan to expand Turtle Bay will do irreparable harm to quality of life on the North Shore. Traffic is horrendous, even on week days when there is no big surf. Trusting the developers would be like the farmer believing the fox when it says, "Don't worry about the hens. They will be fine with me." This must be stopped now or the North Shore will become another Waikiki or Ewa plain.

Sincerely,

James Mathews jimleanne2003@yahoo.com

Our North Shore is already overcrowded. Greenery is constantly being removed, homes built, more cars are on the road. Residents cannot even leave their homes on weekends without spending hours in traffic. We simply do not need any more hotels or condos here. Our "country" will be just another Waikiki if the continual building continues. The developer's check book, is not more important than our land.

Sincerely,

We the undersigned-

Respectfully ask the owners of Turtle Bay Resorts, Drew Stotesbury (Re:play Resorts/Turtle Bay Resort, LLC) and Lee Sichter (Lee Sichter, LLC) to:

â€¢ Remove any plans calling for massive, sprawling expansion along the entire coastline from Kawela Bay to Kahuku point from their Supplemental Environmental Impact Statement (SEIS).

â€¢ Seriously consider the preservation plan put forward by the Governor's Turtle Bay Advisory Working Group (TBAWG) and work in good faith with the community to adopt this plan.

â€¢ Consider the cumulative effects of all development being proposed in the North Shore/Ko'olauloa region in their SEIS.

â€¢ Cease using the Ahupua'a concept in a way that is offensive.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

â€¢ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€¢ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

This type of development is permanent. There is almost no country left on Oahu. Listen to the people.

Sincerely,

Felicia Cowden akamaimom@gmail.com

So much of Hawaii has been destroyed by "developers" already that we must say no more. I grew up on the North Shore before the Kuilima was built. That is what they called it back then. I do not recognize the North Shore today, for me like so many other places in Hawaii it has been ruined and our way of life lost so a few can make money. I moved to the Big Island to try and find the real Hawaii again. I for one do not ever go to Oahu at all anymore because it is just a mess. I hate what has happened to my home. Shame on those who care more about money than about the people of Hawaii. You can try to ignore us as you have for so long but all the islands are coming together to say enough. It's time you listen to the voices of the many not the few....We will speak loudly now...Ignore us at your own risk, you will bear responsibility for the civil discontent that further destruction of the North Shore will produce....We are humbly asking you to listen but we will not sit by if you do not....

Robert Petricci

Theres alot I want to say about this, But Im going to be short and brief. Born and raised in hawaii(oahu northshore) Swam/surfed/spear fished/ hiked evey inch of kaena point as a child with fresh air clean oceans that I never see any where in this world... And I hope and pray my kids get to do the same...Keep it country! coming from a native Hawaiian! Which I know Greedy people could care less that my ancestors have done the same for more then 5,000-maybe 10,000 years before any one else! paradise is slowly declining all over the world and this is the very last of it.....

Visiting the North Shore as a rural surfing destination of charm and relaxing spirit, is one of the main attractions for tourists and other visitors who make O'ahu part of their travel itinerary. Without the North Shore as a featured and favorite destination of this island, many potential tourists would rather just go to Maui because in the minds of most visitors, O'ahu is synonymous with Waikiki and a crowded urban experience. Please keep our local economy strong, and keep the North Shore country.

We the undersigned-

Respectfully ask the owners of Turtle Bay Resorts, Drew Stotesbury (Re:play Resorts/Turtle Bay Resort, LLC) and Lee Sichter (Lee Sichter, LLC) to:

â€¢ Remove any plans calling for massive, sprawling expansion along the entire coastline from Kawela Bay to Kahuku point from their Supplemental Environmental Impact Statement (SEIS).

â€¢ Seriously consider the preservation plan put forward by the Governor's Turtle Bay Advisory Working Group (TBAWG) and work in good faith with the community to adopt this plan.

â€¢ Consider the cumulative effects of all development being proposed in the North Shore/Ko'olauloa region in their SEIS.

â€¢ Cease using the Ahupua'a concept in a way that is offensive.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

â€¢ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€¢ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

Sincerely,

Jessica Minton eurofox994@yahoo.com

The North Shore can not handle any additional traffic. It is not the North Shore residence's responsibility to make sure that Re:play Resorts/Turtle Bay Resort makes a profit. The developers would make many millions of dollars on this expansion at the expense of the North Shore residence's life style.

Sincerely,

Date: 01/08/2013 03:23 PM

We the undersigned-

Respectfully ask the owners of Turtle Bay Resorts, Drew Stotesbury (Re:play Resorts/Turtle Bay Resort, LLC) and Lee Sichter (Lee Sichter, LLC) to:

â€¢ Remove any plans calling for massive, sprawling expansion along the entire coastline from Kawela Bay to Kahuku point from their Supplemental Environmental Impact Statement (SEIS).

â€¢ Seriously consider the preservation plan put forward by the Governor's Turtle Bay Advisory Working Group (TBAWG) and work in good faith with the community to adopt this plan.

â€¢ Consider the cumulative effects of all development being proposed in the North Shore/Ko'olauloa region in their SEIS.

â€¢ Cease using the Ahupua'a concept in a way that is offensive.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

â€¢ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€¢ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

Please, please, please!!! Stop the chaos and let live ALOHA... we can not afford any more building or expansion, why is it so hard to understand... this is not our land, we just take care of it and we not taking care!

Sincerely,

Solomon Kawamae nuetakao@hotmail.com

Aloha, We have owned property for 7 years in Kuilima, during that time without any expansion we have seen more and more tourist and full time residents come to live in THIS area of the North Shore. Just with this increase it has brought issues. Of course like everyone has stated traffic being one of them. The roads cannot handle it and shouldn't have to THIS is the country!! This is where the people from town come on the weekends to relax and get out of what Turtle Bay Resort investor are trying to put in. there are so many places in the Islands that you can go and get what the investors are trying to do.. BUT there is very limited of what we have now. IF you want to "improve" Turtle Bay Resort" I applaude it! Bring it up to a 5 star resort!! Bring the existing hotel up to the highest standard. A standard that people who stay at the Ritz Carlton would want to go to.....GET some decent eating places, bring in some heavy hitter chefs to put their resturants in. Bring in some attractions that kids would love (swim with the dolphins, small aquarium..etc..etc.) Redo the pool... make another that is a sand pool.. I could go on and on. Trust me you can't fix what you have let alone build more of what you haven't done correctly all along. IF you can't set a standard with what you have SELL it to a group that just wants to fix it as is!!! Trust me, you haven't handled what you have right now, I certainly don't trust you to bring in more 3 star hotels (at best). I am going to leave it at that.. won't go into the conservation of it all.

Sincerely,

Caroline Cummings forever.surfgirl@yahoo.com

Please consider the future generation. We must leave resources for them. The only one's that will truly benefit are the owners, who only see the bottom line, which is money. They have no connection to the aina. It's all about profit for them, if they did see the value in keeping our aina undeveloped, then they wouldn't be considering building anything. Why fix what is not broken. Development only destroys the natural environment. Saying it'll be like an ahupua'a is just telling us what we want to hear. It's not your true intent. There is no need for more hotels period. Please know that karma is for real, and I would hate to be the person, or persons with all the bad karma that will be created by all the destruction development brings. Keep Hawai'i, Hawai'i. Not synthetic like you plan to create. You want to build a paradise-look around you. It's already here. If you build hotels...you destroy paradise. On behalf of our future generation, I beg you, no more development. Mahalo-Felicita I. Garrido

Aloha, as life long residents and business people on the North Shore, we feel that Turtle Bay Resorts should promptly remove and further development plans. We do not feel this way just because of the natural devastation that further expansion would create, the huge increase in already almost unbearable traffic, but also for business, yes BUSINESS. People come to the North Shore and spend money here on the North Shore because it is COUNTRY. There is a nice quaintness associated with our little home area, people like to see the open spaces, farm lands, small stores and local restaurants. This idea is extremely short sighted and I sincerely hope that the owners of Turtle Bay can be happy with what is already there and make it better rather than bigger. Mahalo Nui Loa

â€¢ Remove any plans calling for massive expansion sprawling the entire coastline from Kawela Bay to Kahuku point from their Supplemental Environmental Impact Statement (SEIS).

â€¢ Seriously consider the preservation plan put forward by the Governor's Turtle Bay Advisory Working Group (TBAWG) and work in good faith with the community to adopt this plan.

â€¢ Consider the cumulative effects of all development being proposed in the North Shore/Ko'olauloa region in their SEIS.

â€¢ Cease using the Ahupua'a concept in a way that is offensive to Native Hawaiian culture.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

â€¢ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€¢ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

replay wants to make northshore another wistler do we want that.....they treat their older employee like shit...they are using hawaiiana to sell their project please stop this they are not bringing long term jobs but short term....look at the traffic now ...thats not caused by turtles

Sincerely,

robert rawlins hihorse13@aol.com

Where will it end? Profits from development with total disregard for the environment and culture. It is bad enough we have wind turbines that cost more money than they produce in electricity! We do not need more hotels where tourists have total disregard for our wildlife and environment. They pollute our beaches, touch and grope our honu and have no regard for our 'aina. We need to restrict development to certain parts of the islands and not allow it to grow in access. We need to keep lands that are designated agricultural to remain as such. Whether it is hotels or housing developments, it is not the people of Hawaii that benefit most from the development but interest groups from else where whose sole purpose is not to give us something we want or need but to give us something that takes advantage of our islands solely for profit. New development needs to stop and what needs to happen is the rebuilding of old structures. If development keeps growing on the north shore or country else where it loses its essence and life that is the purpose people go to these places in the first place. People will not want to see the north shore if it looks like town or ewa/kapolei... they go to the north shore to get away from the hotels and all the commotion. Not to mention, any new development would greatly hinder the local north shore mom and pop shops that make the north shore the "North Shore!" When big business comes to an area like the north shore, it uses the areas resources and takes the people money and brings it elsewhere never to be seen by the local economy... we need to KEEP THE COUNTRY, COUNTRY!

There is not the infrastructure (transportation/roadways) to support massive growth on the North Shore. The 'plan' to use solely growth and tourism to maintain revenue and economics on this island (or anywhere) is outdated,unsustainable and irresponsible. Please leave the country..country. Support NON-GMO agriculture, small and local farming in this area as it should (and is..?) zoned to be. Don't sell out the special and country side on the island- this is what makes it special and keeps the 'city-fied' Oahu in balance. Mahalo!

We the undersigned-

Respectfully ask ask the owners of Turtle Bay Resorts, Drew Stotesbury (Re:play Resorts/Turtle Bay Resort, LLC) and Lee Sichter (Lee Sichter, LLC) to:

â€¢ Remove any plans calling for massive expansion sprawling the entire coastline from Kawela Bay to Kahuku point from their Supplemental Environmental Impact Statement (SEIS).

â€¢ Seriously consider the preservation plan put forward by the Governor's Turtle Bay Advisory Working Group (TBAWG) and work in good faith with the community to adopt this plan.

â€¢ Consider the cumulative effects of all development being proposed in the North Shore/Ko'olauloa region in their SEIS.

â€¢ Cease using the Ahupua'a concept in a way that is offensive to Native Hawaiian culture.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

â€¢ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€¢ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

Keep the North Shore country!!

Sincerely,

Ray Kunz tahoessnowdawg@aol.com

Keep the country, country it is what makes the North Shore so beautiful. I have been to Oahu twice and my favorite place to go is the North Shore because it has not been commercialized. I plan on visiting Oahu again just to visit the North Shore. It reminds me of the island I am from called Chincoteague Va. If it becomes commercialized I will have to go elsewhere for the small town feel.

Sincerely,

Steve Liscum stevliscum@gmail.com

I am long time resident of the Laie. I have watched the changes to Koolauloa since 1984 and have seen many positive and negative developments. The proposed expansion of Turtle Bay will benefit a small group of rich developers while destroying the rural character of our community by increased traffic, sprawl, and environmental destruction.

Sincerely,

Christian Palmer christiantpalmer@gmail.com

You must know that I have so many out of state customers who come here to the North Shore for vacation each year because of its COUNTRY attraction & secluded shorelines, not for a resort-like atmosphere.

Please do not let this development happen, the North Shore as will no longer exist as we know it and the little bit of peacefulness and serenity that it has will no longer be found. Take a good look at how much worse the congestion has gotten in the last few years with no new development. Please keep the North Shore Country Country and it will preserve its magic. PLEASE

Please respect the sanctity of the land. Once you start, there's no turning back. At least consider curbing some of the massiveness of the expansion. People visit the N. Shore because it's "country" and your actions will change that.

â€¢ Cease using the Ahupua'a concept in a way that is offensive to Native Hawaiian culture.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

â€¢ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€¢ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

Please represent the interests of those who are not making money off this deal!

Sincerely,

Ken Sentner kenzen808@gmail.com

We the undersigned-

Respectfully ask ask the owners of Turtle Bay Resorts, Drew Stotesbury (Re:play Resorts/Turtle Bay Resort, LLC) and Lee Sichter (Lee Sichter, LLC) to:

â€¢ Remove any plans calling for massive expansion sprawling the entire coastline from Kawela Bay to Kahuku point from their Supplemental Environmental Impact Statement (SEIS).

â€¢ Seriously consider the preservation plan put forward by the Governor's Turtle Bay Advisory Working Group (TBAWG) and work in good faith with the community to adopt this plan.

â€¢ Consider the cumulative effects of all development being proposed in the North Shore/Ko'olauloa region in their SEIS.

â€¢ Cease using the Ahupua'a concept in a way that is offensive to Native Hawaiian culture.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

â€¢ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€¢ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

We simply cannot handle the increase in traffic this would mean.

Sincerely,

John Wade jfwade5@aol.com

I live at the curve across from St. Peter and Paul Church. What are you going to do about the traffic congestion here? Your report only addressed the congestion problem in front of the resort, which is a non-congestion area. At this time, it is bumper to bumper because of weekends, Kahuku motor cycle enthusiasts, holidays, large or any surf, surf contests. This 2 lane road can not handle anymore traffic. We do not need another resort. The new Marriot in Laie and Turtle Bay is enough. Please leave the country country, do not destroy our most valuable natural resource. The tours come out here to see country, clean water and nature. Do not over crowd the North Shore any further, take your plans to Molakai or the Big Island.

Sincerely,

Barbara Towle nsbarb@yahoo.com

We the undersigned-

Respectfully ask ask the owners of Turtle Bay Resorts, Drew Stotesbury (Re:play Resorts/Turtle Bay Resort, LLC) and Lee Sichter (Lee Sichter, LLC) to:

â€¢ Remove any plans calling for massive expansion sprawling the entire coastline from Kawela Bay to Kahuku point from their Supplemental Environmental Impact Statement (SEIS).

â€¢ Seriously consider the preservation plan put forward by the Governor's Turtle Bay Advisory Working Group (TBAWG) and work in good faith with the community to adopt this plan.

â€¢ Consider the cumulative effects of all development being proposed in the North Shore/Ko'olauloa region in their SEIS.

â€¢ Cease using the Ahupua'a concept in a way that is offensive to Native Hawaiian culture.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

â€¢ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€¢ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

Dress it up any way you like, it's still massive development. The impact of this would be monumental. There is absolutely no reason to build. This is a pure example of greed.

Save Kawela Bay and surrounding areas for future generations to treasure.

Sincerely,

Kelly Fitzgerald kelfitzphoto@gmail.com

An Island has to behold is natural status to be called an Island ~ If the shorelines are surrounded with Hotels and Condos it loses its natural beauty and the habitat that the ocean shares. Don't build the North Shores of Oahu to look like Waikiki/Honolulu enough has been taken.

Sincerely,

Cynthia Elledge cdledge@gmail.com

Primark End Of year Email Award,

We are pleased to inform you that your email has won the online Promotional Draws. All email addresses entered for this promotional draws were randomly Selected through internet resource database using the Synchronized Random Selection System (SRSS).

Your email address was selected in the Category A with Reference code: LY875577/UK with Special Ticket: LY58212/2012-13, and this qualifies you to be the recipient of the grand prize award sum of Two million, five hundred thousand united States dollars.

The pay out of this cash prize to you will be subject to the final validations and satisfactory report that you are the authentic owner of the winning email address. In line with the governing rules of claim, you are required to establish contact with your designated claims officer via email or telephone with the particulars below:

Enquiry officer
Mr.Steve Devlet
Foreign Claims Dept.
Tel: +447440430494
Email:eemailaward@yahoo.com.cn

You are advised to immediately establish contact with the Enquiry Officer via the e-mail address above with the information's necessary: Name: Address: Phone: Cell Phone: Email: Alternative Email: Occupation: and Special Ticket:

Failure to complete the claims of your cash prize after 21days of this notice will result in the revision of award. Hence, you should commence your claims process immediately, by contacting the claims agent (Mr.Steve Devlet) who would be guiding you through the Claims process.

Yours Faithfully
Jackie Halley

Promotion Co-coordinator

N.B. Any breach of confidentiality on the part of the Winners will result to disqualification, You are to immediately contact your claims officer with this email (eemailaward@yahoo.com.cn)

Subject: Your honesty is needed and will be highly rewarded
Date: 01/04/2013 09:46 PM

Dear Friend;

I must begin by thanking you so much for the time you have given to read my long letter but I will do my best to make my story brief so you do not get bored with my problems. I understand you might be thinking why I have chosen you to assist me, it is not something I can explain myself but I am sure I will not regret this path I have chosen. I am 29yrs of age and was brought up in Kenya by my late mother who was married to my father Dr. Lucas Perkins even though I have never known him but I hear from relations that he is now residing in Russia.

My mother passed away on the 27th of February 2009 after a brief illness. The death of my mother (Late Dr. Hanan Fiddah Wilson) has brought about so many setbacks in my life and my relatives not helping matters coupled with the fact that they have liaised with the Finance company holding custody of my mother's wealth not to release her funds to me until I am older and married. Before her death she deposited USD\$7,500,000.00 (Seven Million Five Hundred Thousand United States Dollars) with a private blue chip company called The Clearing House authorizing them to release the money to me when she has passed on and I have come of age to handle the money myself. Without wasting much of your time, I need you to stand in for me as my friend and investor to receive this money before my uncles and aunties take all of it away from me leaving me with nothing. I do not intend to stay in this country any longer because I am already fed up with the environment and the way things are going at the moment I can sacrifice coming over to your country to be with you and seek positive advice on investments. I have discussed this with my attorney (Jackson Wright) and he has accepted to help me if only I can present someone reliable and trustworthy to stand on my behalf then he will contact the Finance Company in custody of the money for a brief meeting to discuss how to go about the release of the money to you. I have been told by my attorney that he will ensure the money is released and transferred via wire telegraphic transfer to ensure a transparent transaction is accomplished.

I need to hear from you as soon as possible if you are going to stand on my behalf and I promise to give back to you 40% of the money for your efforts. I do not need any financial assistance from you but your honest understanding and positive mind until the money gets to you. My email address is stated below so you can write me as soon as you get this message and also let me have the below information's hence my attorney has demanded for it for his records; I guarantee that your information will be safe with me.

First Name.....
Surname.....
Address.....
City.....
State/Province.....
Country.....
Telephone No.....
Occupation

Date of Birth (date/m/yr)
Copy of International Passport

Thank you and God bless

Sincerely,

Jannet Wilson
