LAND USE COMMISSION
STATE OF HAWAII

SUBJECT: Royal Kunia II, LUC Docket No A92-683

Dear Mr. Orodener and Members of the Commission,

A provision of the Decision and Order filed October 18, 1996 to allow the commencement of Royal Kunia Phase II required a third northbound lane from the Kunia interchange to the north Kupuna Loop intersection. This requirement is no longer feasible due to the shopping center that now exists on Kunia Road and lower Kupuna Loop.

As developer for Royal Kunia Phase II, Stanford Carr Development, LLC is proposing to amend the Amended Findings of Fact, Conclusions of Law, and Decision and Order. The proposed amendment is basically to delete the requirement for this third northbound lane.

Because the Royal Kunia community has long awaited this development, I support this amendment on behalf of this community and would very much appreciate consideration of this amendment by the Land Commission in order for this project to move forward. Thank you for the opportunity to comment on this important matter.

Me ke Aloha Pumehana,

Senator Michelle Kidani
