Dear Ms. Suyama:

The Department of Health (DOH), Environmental Planning Office (EPO), acknowledges receipt of your letter dated December 5, 2013. Thank you for allowing us to review and comment on the subject document. The document was routed to the Clean Water Branch, Safe Drinking Water Branch, Wastewater Branch, Hazard Evaluation & Emergency Response Office and Maui's District Health Office. They will provide specific comments to you if necessary. EPO recommends that you review the standard comments at:

<http://health.hawaii.gov/epo/home/landuse-planning-review-program>

You are required to adhere to all standard comments specifically applicable to this application.

EPO suggests the applicant examine the many sources available on strategies to support the sustainable design of communities, including the:

State of Hawaii, Office of Planning: www.planning.hawaii.gov and the new 2013 ORMP;

U.H., School of Ocean and Earth Science and Technology: www.soest.hawaii.edu;

U.S. Department of Health and Human Services: <http://www.hhs.gov/about/sustainability>;

U.S. Environmental Protection Agency's sustainability programs: www.epa.gov/sustainability; and

U.S. Green Building Council's LEED program: www.usgbc.org/leed.

DOH encourages everyone to apply these sustainability strategies and principles early in the planning and review of projects. We also request that for future projects you consider conducting a Health Impact Assessment (HIA). More information is available at: www.cdc.gov/healthyplaces/hia.htm. We request you share all of this information with others to increase community awareness on sustainable, innovative, inspirational, and healthy community design.

We require a written response confirming receipt of this letter and any other letters you receive from DOH in regards to this submission. You may mail your response to 919 Ala Moana Blvd., Ste. 312, Honolulu, Hawaii 96814.

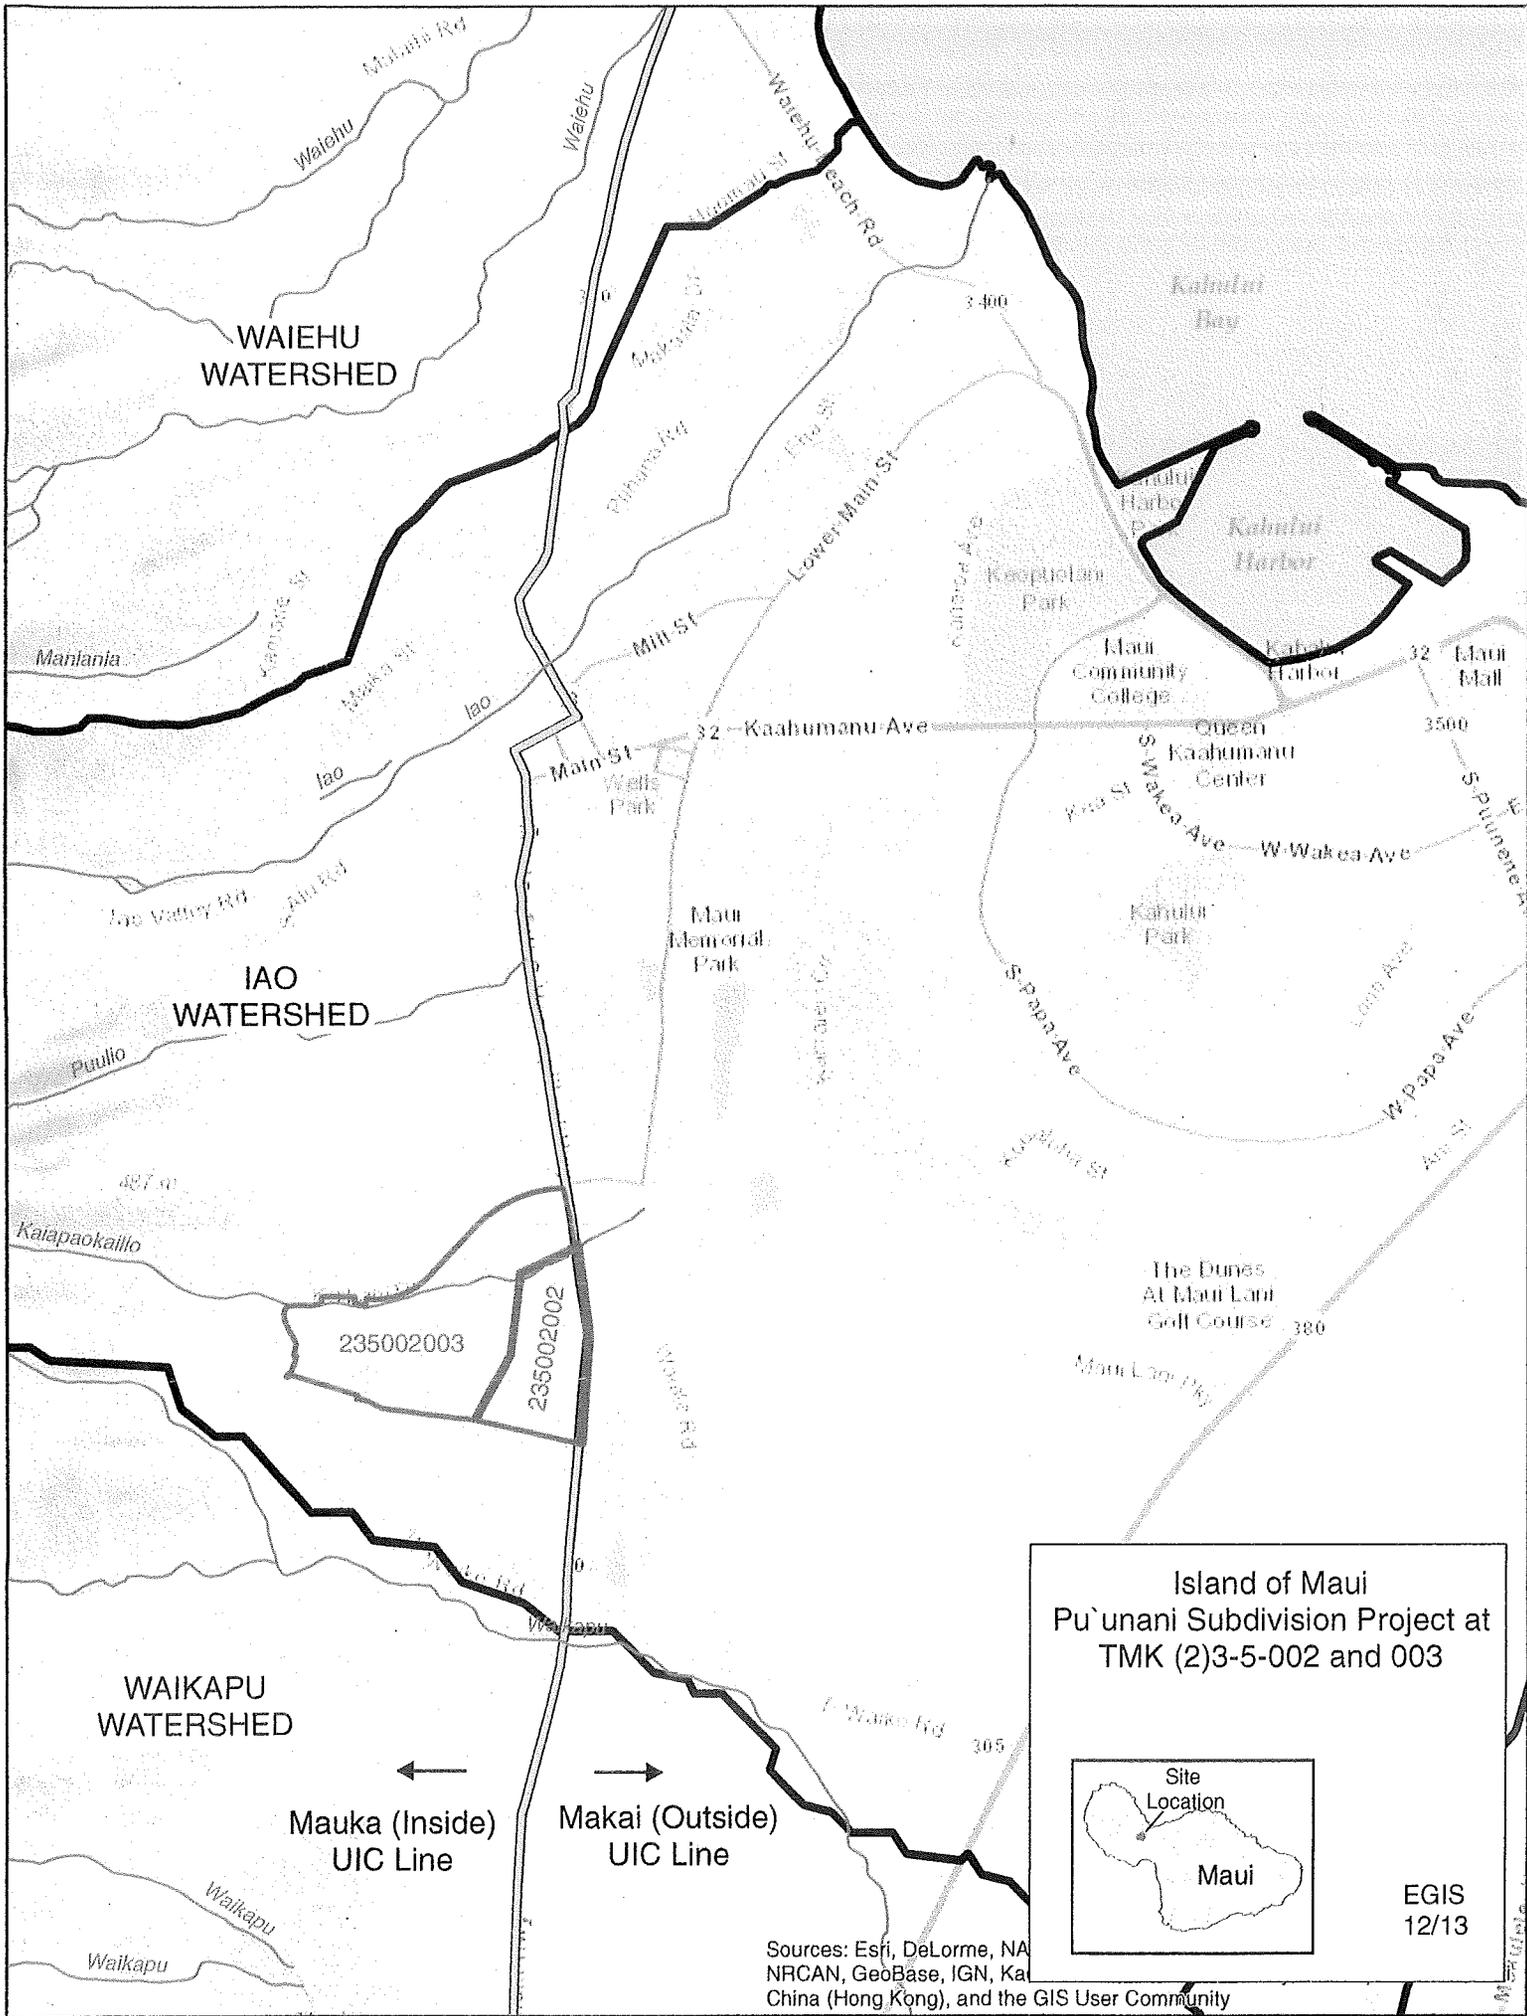

However, we would prefer an email submission to: epo@doh.hawaii.gov. We anticipate that our letter(s) and your response(s) will be included in the final document. If you have any questions, please contact me at (808) 586-4337.
