OFFICE OF PLANNING'S WRITTEN BRIEF ON PROCEDURAL ISSUES

The Office of Planning makes the following procedural recommendations in the interest of promoting administrative efficiency in light of the limited resources of the public parties involved, and recognizing the importance of this vital municipal service to the people of Oahu. On July 5, 2012, the Land Use Commission ("LUC") approved the Department of Environmental Services, City and County of Honolulu's ("ENV") request to continue the hearing

Consequently, there are currently two different administrative agencies who are considering the same permit.

The purpose of either remand to the Planning Commission or a stay by the LUC is to allow for the most efficient means of considering this matter, and to avoid the possibility of multiple and consecutive decisions by the LUC regarding the same permit.

DATED: Honolulu, Hawai'i, July 19, 2012.
