ARTHUR D. CHALLACOMBE
DEPUTY DIRECTOR

2016/ELOG-101(ry)
2014/SUP-6

February 26, 2016

Mr. Wren W. Wescoatt
Senior Director of Development
SunEdison
1099 Alakea Street, Suite 2440
Honolulu, Hawaii 96813

Dear Mr. Wescoatt:

The metes and bounds survey map entitled "Exhibit Map Showing Special Use Permit (SUP) Areas for Kawaihoa Solar Project" dated February 11, 2016, and received on February 23, 2016, is **APPROVED**. Also, the grazing area map entitled "Exhibit Map Showing SUP Areas and Improvements for Kawaihoa Solar Project" dated February 11, 2016, and received on February 23, 2016, is **APPROVED**. These two exhibits satisfy Condition No. 3 of the Land Use Commission Decision and Order (D&O) dated June 29, 2015.

In addition, the First Annual Report dated February 9, 2016, excepting Appendices 1 and 2, meets Condition No. 7 of the D&O. Appendices 1 and 2, relating to the metes and bounds survey of the SUP area and the designated grazing area, have been replaced by the above approved Exhibit Map.

Finally, we acknowledge receipt of a letter dated February 9, 2016 from the State Historic Preservation Division (SHPD) of the Department of Land and Natural Resources, which states SHPD's determination of "no historic properties affected" with the implementation of the SHPD-accepted monitoring plan. This determination satisfies Condition No. 12 of the D&O.

Should you have any questions regarding this matter, please contact Raymond Young of our staff at 768-8049.

Very truly yours,

George I. Atta, FAICP
Director

Archaeology

LAND USE COMMISSION
STATE OF HAWAII
MAR - 1 P 12:55

Dear Sirs:

SUBJECT: **Chapter 6E-42 Historic Preservation Review – REVISED COMMENTS**
Application for a Special Use Permit-Solar Energy Facility (2014/SUP-6)
Kawailoa Ahupua‘a, Waialua District, Island of O‘ahu
TMK: (1) 6-1-005:001 por., 6-1-006:001 por.

Thank you for the opportunity to update our earlier review of the subject application for a special use permit for SunEdison (formerly First Wind) to develop a 50 MW solar farm on approximately 304 acres of 3,492 acres owned by Kamehameha Schools (February 25, 2015; Log No. 2015.00284, Doc. No. 1502GC09).

In our previous letter we indicated that an archaeological inventory survey (AIS) was conducted in support of the present project which was reviewed and accepted by the SHPD on February 2, 2015 (Log No. 2014.05215, Doc. No. 1502SL02). The AIS further documented previously-recorded Site 50-80-04-7171, and newly recorded Site 50-80-04-7716, both of which are within the *makai* Collector Line Corridor. These two sites were assessed as significant pursuant to Hawaii Administrative Rules (HAR) §13-284-6 under Criterion “d” (has yielded, or is likely to yield, information important for research on prehistory or history). SHPD requested an **archaeological monitoring plan** be submitted to our office for review and acceptance pursuant to HAR §13-279-4 prior to any ground disturbance.

Based on current information, the proposed solar farm will occur within the same TMK parcels covered in the plan titled *Archaeological Monitoring Plan for the First Wind Kawailoa Wind Power Project Area (TMKs: 1-6-05:001, 003, 007, 014, 015, 016, 019, 020, 021, 022; 1-6-1-06:001; 1-6-1-07:001; 1-6-1-08:025; 1-6-2-02:001, 002, 025; 1-6-2-09:001; and 1-6-2-11:001)* (Rechtman 2012) which the SHPD reviewed and accepted on July 31, 2012 (Log No. 2011.3311, Doc. No. 1208SL18). SHPD’s determination is no historic properties affected with implementation of the SHPD-accepted monitoring plan. The permit issuance process may proceed.

Please contact me at (808) 692-8019 or at Susan.A.Lebo@hawaii.gov if you have any questions regarding this letter.

Aloha,

Susan A. Lebo, PhD
Archaeological Branch Chief
