BEFORE THE LAND USE COMMISSION
OF THE STATE OF HAWAI'I

In the Matter of the Petition of
KAONOULU RANCH To Amend the
Agricultural Land Use District Boundary into
the Urban Land Use District for approximately
88 acres at Kaonoulu, Makawao-Wailuku,
Maui, Hawai‘i; Tax Map Key Nos. 2-2-02:por.
of 15 and 3-9-01:16

Docket No. A94-706

SIXTEENTH ANNUAL REPORT OF PIILANI PROMENADE
SOUTH, LLC AND PIILANI PROMENADE NORTH, LLC,
SUCCESSOR PETITIONERS TO KAONOULU RANCH (2011)

TO THE HONORABLE LAND USE COMMISSION OF THE STATE OF HAWAI'I:

COMES NOW Piilani Promenade South, LLC and Piilani Promenade North, LLC
(the “Successor Petitioners”) successors in interest to MAUI INDUSTRIAL PARTNERS, LLC,
(the “Successor Petitioner” to the “Original Petitioner”) in regards to the real property which is
the subject matter of Docket No. A94-706, as referenced above, and pursuant to Condition No.
17 of the Findings of Fact, Conclusions of Law, and Decision and Order issued on February 10,
1995 (“the “D&O”), hereby submits its Sixteenth annual report ¹ of compliance with the

¹ This Sixteenth Annual Report is submitted to replace what was previously entitled “Fifteenth
Annual Report of Kaonoulu Ranch Light Industrial” that was submitted by Douglas B. Gray on
behalf of Successor Petitioners in 2011. Successor Petitioners have learned that the files of the
Land Use Commission do not contain a copy of any Annual Report for the year 2009, filed by
Maui Industrial Partners, LLC, which was the owner of the Petition Area during the year 2009.
Rather, in 2010, a report was filed entitled “Fourteenth Annual Report.” Successor Petitioners
therefore, of even date herewith, have submitted a Fourteenth Annual Report to cover the year
2009. In order to correct the numbering of the subsequent Annual Reports, Successor Petitioners
are therefore submitting replacement Annual Reports for 2010 through 2012, with the correct
numbering (Fifteenth through Seventeenth). The information contained herein is identical to that
previously submitted, and Successor Petitioner represents that the information contained herein
has been verified by Charles Jencks, who was the owner’s representative of Successor Petitioner
during the period covered by this Sixteenth Annual Report.
conditions established by said approval, for the year 2011, as follows:

**General Progress of the Project**

The Original Petitioner obtained its Community Plan Amendment and Change in Zoning. Since then, it considered developing the real property either with or without a partner experienced in the development of a light industrial complex. On May 12, 2005, Maui Industrial Partners completed its purchase of the fee simple interest in the property, together with all of the interests contained with the subject land and its entitlements.

Maui Industrial Partners, LLC (MIP) actively engaged a consulting team to implement the project as approved in the D&O. MIP also engaged the County of Maui, as well as the State Department of Transportation in this effort. Subdivision of the parcel was applied for in September of 2003 with civil construction plans submitted in May of 2005 addressing all preliminary subdivision approval requirements. Final bonded subdivision approval was received on August 14, 2009 for both a large lot subdivision within the subject property and a required parcel for development of county water system improvements necessary for the project. A copy of the subdivision approval letter and associated map are attached hereto as Exhibit “A” for reference. Subsequent to the finalization of the large lot subdivision, Piilani Promenade South, LLC (PPS) and Piilani Promenade North, LLC (PPN), the Successor Petitioners, purchased from MIP Lot 2A (by PPN), and Lots C & D (by PPS) as shown on Exhibit “A”. This Sixteenth Annual Report addresses compliance with the conditions of approval for those parcels.

**Report on Compliance with Conditions Imposed by Commission**

The following states whether the conditions in the approval have been met:

1. The Petitioner shall obtain a Community Plan Amendment and Change in Zoning from the County of Maui.
The Community Plan Amendment was approved on March 20, 1998, and the Change in Zoning application was approved by the Maui County Council and became effective on May 25, 1999.

2. Petitioner shall cooperate with the State Department of Health and the County of Maui Department of Public Works and Waste Management to conform to the program goals and objectives of the Integrated Solid Waste Management Act, Chapter 342G, Hawaii Revised Statutes.

Successor Petitioners intend to cooperate with the State Department of Health and the Department of Public Works and Environmental Management, formerly a part of the Department of Public Works and Waste Management.

3. Petitioner shall contribute its pro-rata share to fund and construct adequate wastewater treatment, transmission and disposal facilities, as determined by the State Department of Health and the County of Maui Department of Public Works and Waste Management.

Successor Petitioners understand their obligation to contribute its pro-rata share to fund and construct adequate wastewater treatment, transmission and disposal facilities and in fact have included those plans within the civil construction plans approved by the County of Maui.

4. Petitioner shall fund and construct adequate civil defense measures as determined by the State and County Civil Defense agencies.

Successor Petitioners understand their obligation to fund and construct adequate civil defense measures.

5. Petitioner shall fund, design and construct necessary local and regional roadway improvements necessitated by the proposed development in designs and schedules accepted by the State Department of Transportation and the County of Maui. Petitioner shall provide traffic signals at the intersection of Piilani Highway and Kaonoulu Street, and shall submit a warrant study in coordination with the Department of Transportation. Petitioner shall also install a fence and appropriate screening, i.e. landscaping, etc., along the highway right-of-way in coordination with the State Department of Transportation. Petitioner shall provide for a frontage road parallel to Piilani Highway and other connector roads within the Petition Area, in coordination with other developments in the area with the review and approval of the State Department of Transportation and the County of Maui.
Successor Petitioners understand their obligation to comply with this condition and in fact has received approval of the civil construction plans for the project from all of the above referenced agencies. This approval was received in August 2009 after over four years of agency review and comment.

6. Petitioner shall fund and construct adequate potable and non-potable water source, storage, and transmission facilities and improvements to accommodate the proposed project. Water transmission facilities and improvements shall be coordinated and approved by the appropriate State and County agencies.

Successor Petitioners understand their obligation to fund and construct adequate potable and non-potable water source, storage, and transmission facilities and improvements to accommodate the proposed project. The approved civil construction plans for the project include improvements addressing both potable, non-potable and waste water collection systems within and outside the project area.

7. Petitioner shall participate in an air quality monitoring program as determined by the State Department of Health.

Successor Petitioners intend to participate in an air quality monitoring program if required by the Department of Health.

8. Petitioner shall fund the design and construction of its pro-rata share of drainage improvements required as a result of the development of the Property, including oil water separators and other filters as appropriate, and other best management practices as necessary to minimize non-point source pollution into Kulanihakoi Gulch, in coordination with appropriate state and county agencies, such as the following:

   a. All cleaning, repairs and maintenance of equipment involving the use of industrial liquids, such as gasoline, diesel, solvent, motor oil, hydraulic oil, gear oil, brake fluid, acidic or caustic liquids, antifreeze, detergents, degreasers, etc., shall be conducted on a concrete floor, where roofed or unroofed. The concrete floor shall be constructed so as to be able to contain any drips or spills and to provide for the recovery of any spilled liquid. Water drainage from these concrete floors, if necessary, shall pass through a separator sump before being discharged.

The Successor Petitioners understand their obligation to comply with this condition.
b. All employees shall be instructed to immediately collect and contain any industrial liquid spills on the concrete floor and should be informed against discharging or spilling any industrial liquids. Employees shall be instructed to prevent any industrial liquid spills onto the bare ground.

The Successor Petitioners understand their obligation to comply with this condition.

c. Barrels for the temporary storage of used oil or other industrial liquids shall be kept on a concrete surface. The surface shall be bermed to prevent the loss of liquid in the event of spills or leaks. The barrels shall be sealed and kept under shelter from the rain. (The Department of Labor and Industrial Relations' Occupational Safety and Health regulations, sections titled, "Housekeeping Standards" and "Storage of Flammable or Combustible Liquids," shall be followed, along with the local fire code.)

The Successor Petitioners understand their obligation to comply with this condition.

9. Should any human burials or any historic artifacts, charcoal deposits, or stone platforms, pavings or walls be founds, the Petitioner shall stop work in the immediate vicinity and contact the State Historic Preservation District. The significance of these finds shall then be determined and approved by the Division, and an acceptable mitigation plan shall be approved by the Division. The Division must verify that the fieldwork portion of the mitigation plan has been successfully executed prior to work proceeding in the immediate vicinity of the find. Burials must be treated under specific provisions of Chapter 6E, Hawaii Revised Statutes.

The Successor Petitioners understand their obligation to comply with this condition.

10. A long term preservation plan for the petroglyph stone (Site 50-10-3746) that was removed from the project area shall be reviewed and approved by the State Historic Preservation Division. Long term preservation measures shall be implemented within 60 days after final approval of the preservation plan.

As stated in the Fifth Annual Report, the Petitioner prepared a long term preservation plan which has been approved by the State Historic Preservation Division,

Department of Land and Natural Resources, State of Hawaii, a copy of which was transmitted to the Land Use Commission.
11. Petitioner shall contribute its pro-rata share to a nearshore water quality monitoring program as determined by the State Department of Health and the State Division of Aquatic Resources, Department of Land and Natural Resources.

Successor Petitioners understand their obligation to contribute its pro-rata share to a nearshore water quality monitoring program as it is determined.

12. Petitioner shall implement effective soil erosion and dust control methods during construction in compliance with the rules and regulations of the State Department of Health and the County of Maui.

Successor Petitioners understand their obligation to implement effective soil erosion and dust control methods during construction.

13. Petitioner shall create a buffer zone between lands designated as SF (Single-Family) by the County’s Kihei-Makena Community Plan and industrial uses on the Property to mitigate impacts between future residential activities and the proposed industrial development.

The Successor Petitioners understand their obligation to comply with this condition.

14. In the event Petitioner sells its interest in the Project, Petitioner shall subject the Property to deed restrictions to run with the land which shall require the successors and assigns to comply with the terms and conditions set forth in the Commission’s Decision and Order.

Successor Petitioners understand their obligation to comply with this condition.

15. Petitioner shall develop the Property in substantial compliance with the representations made to the Commission. Failure to so develop the Property may result in reversion of the Property to its former classification, or change to a more appropriate classification.

Successor Petitioners understand their obligation to comply with this condition.

16. Petitioner shall give notice to the Commission of any intent to sell, lease, assign, place in trust, or otherwise voluntarily alter the ownership interests in the Property, prior to development of the Property.

Successor Petitioners understand their obligation to comply with this condition.
17. Petitioner shall timely provide without any prior notice, annual reports to the Commission, the Office of Planning, and the County of Maui Planning Department in connection with the status of the subject Project and Petitioner's progress in complying with the conditions imposed herein. The annual report shall include written documentation from each State and County agency responsible, indicating that the terms of the condition(s) are progressing satisfactorily or have been completed to the satisfaction of the agency. The annual report shall be submitted in a form prescribed by the Executive Officer of the Commission.

Successor Petitioners understand their obligation to comply with this condition, and submits this annual report in compliance therewith.

18. Petitioner shall record the conditions imposed herein by the Commission with the Bureau of Conveyances pursuant to Section 15-15-92 Hawaii Administrative Rules.

Petitioner has recorded a Notice of Imposition of Conditions with the Bureau of Conveyances of the State of Hawaii pursuant to Section 15-15-92 Hawaii Administrative Rules.

19. Within seven (7) days of the issuance of the Commission's Decision and Order for the subject reclassification, Petitioner shall (a) record with the Bureau of Conveyances a statement that the Property is subject to conditions imposed herein by the Land Use Commission in the reclassification of the Property; and (b) shall file a copy of such recorded statement with the Commission.

Petitioner has recorded a Document Listing Conditions to Reclassification of Land with the Bureau of Conveyances of the State of Hawaii and has filed a copy of the recorded document with the Commission.

20. The Commission may fully or partially release the conditions provided herein as to all or any portion of the Property upon timely motion and upon the provision of adequate assurance of satisfaction of these conditions by the Petitioner.

The Successor Petitioners understand that the Commission may fully or partially release the conditions provided herein.
Except as stated above, the responses in the Fifteenth annual report are still
correct and remain unchanged.
