

May 4, 2010

Land Use Commission  
State of Hawaii  
P.O. Box 2359  
Honolulu, HI 96804-2359

Attention: Mr. Orlando Davidson, Executive Officer

Subject: 2010 Annual Report to the State Land Use Commission  
Docket Nos. A03-739 and A88-634  
Maui Business Park Phase II

Dear Mr. Davidson:

This letter constitutes A&B Properties, Inc.'s ("A&B" or "Petitioner") 2010 annual report to the State Land Use Commission ("SLUC") pursuant to Condition No. 22 under Docket No. A03-739 and Condition No. 23 under Docket No. A88-634. Inasmuch as both land use dockets involve the reclassification of land comprising the proposed 179-acre Maui Business Park Phase II project ("Project"), the annual report requirements under both dockets are being addressed in this report.

### **Project Background and Status**

By its Decision and Order dated March 25, 2004, under Docket No. A03-739, the SLUC granted approval of A&B's petition to reclassify approximately 138.158 acres from the "Agricultural" to the "Urban" land use district at Kahului, Maui, Hawaii. Subsequently, by its Decision and Order dated June 13, 2005, under Docket No. A88-634, the SLUC granted approval of A&B's application for incremental approval of 33.53 acres to the "Urban" land use district at Kahului, Maui, Hawaii. The lands which comprise these two dockets, along with an additional approximately 7.3 acres that were already designated within the Urban District, make up the 179-acre Project site. The Project is a continuation of the existing Maui Business Park situated in Kahului, Maui, Hawaii.

A change in zoning application was filed in April 2004 with the County of Maui to attain the light industrial zoning necessary for the Project to proceed. In May 2005, the Maui Planning Commission voted to recommend approval of the zoning application to the Maui County Council. Subsequently, in April 2008 the County Council approved the zoning bill and it was enacted as Ordinance No. 3559 in May 2008.

Petitioner is now in the engineering design and government approval phase of the Project. Construction drawings for onsite and offsite infrastructure improvements have been submitted to various State and County agencies for review and approval. Petitioner is also continuing its planning and coordination with appropriate government agencies regarding regional infrastructure improvements.

### **Status of Activities Relating to Imposed Conditions**

Listed below are each of the conditions imposed by the SLUC and the status of activities pertaining to each respective condition. Note that the listed conditions are applicable to both Docket A03-739 and Docket A88-634 unless otherwise indicated.

#### *Dockets A03-739 & A88-634*

*1a. **Housing Study.** Within one hundred eighty days (180) of this decision and order, the Petitioner shall complete and submit to and for the approval of the Commission, with copies to the Department of Planning, the Department of Housing and Human Concerns and the Office of Planning, a housing study that addresses the following:*

- i. The impact the Project will have on the current labor force;*
- ii. The type of employee/affordable housing demands that will be created by the Project;*
- iii. Any employee/affordable housing policy adopted and in place by the County for commercial and industrial developments;*
- iv. The proposed mitigation measures to alleviate the impact on both the labor market and the employee/affordable housing situation, including, but not limited to, the acreage, siting, timing, type of housing and eligibility for the employee/affordable housing project and the identity of potential developers and recipient of land to be contributed and conveyed by Petitioner for affordable/employee housing (collectively, the "Proposed Mitigation Measures"); and*
- v. Recommendations and timeframe for implementing any applicable county housing policy (in place at the time of this study) or requirements and/or the Petitioner's proposed mitigation measures, including the minimum contribution of land described in Condition 1b immediately herein below (collectively, the "Proposed Timeline").*

*The reclassification of the Petition Area, as described in this Decision and Order, shall be subject to the further condition of Petitioner's compliance with the Proposed Mitigation Measures and Proposed Timeline, as modified and/or approved by the Commission (the "Approved Mitigation Measures and Timeline").*

*1b. **Minimum Contribution of Land by the Petitioner.** In compliance and consistent with the Approved Mitigation Measures and Timeline, Petitioner shall contribute, no later than one (1) year after any Maui County zoning approval authorizing the use of the Property for light industrial and/or commercial use, to the County of Maui or a non-profit housing entity or other appropriate entity, a minimum of ten (10) acres of land useable for residential development within the Central Maui region reasonably acceptable to the County of Maui towards development of employee/affordable housing*

*or satisfy such more stringent employee/affordable housing requirements for the Project as may be imposed by the Maui County Council. The Approved Mitigation Measures and Timeline shall be an obligation of the recipient of the land conveyed for affordable housing purposes, as memorialized in the conveyance document from the Petitioner to such recipient.*

**Status:** In compliance with this condition, Petitioner prepared and submitted the subject housing study to the SLUC in September 2004. The study focused on the increased housing unit demand due to the in-migration of job seekers at the Project. Based on the study, approximately 13 acres of land for affordable housing would be needed. The timing of the demand for these units would be over an approximately 13-year period from 2008 through 2020. The analysis confirmed that the preferable location for the land contribution would be in the Central Maui region. By letter dated November 10, 2004 the Maui Department of Housing and Human Concerns concurred with the findings of the housing study and recommended its approval to the Maui Planning Department. It should also be noted that although the Maui County’s Residential Workforce Housing Policy was enacted in 2006, it did not address nor specify affordable housing requirements for commercial and industrial projects.

Affordable housing requirements related to the Project were deliberated by the Maui County Council as part of the zoning application. The Council, as a condition of zoning for the Project, has required the Petitioner to contribute a total of 50 acres of land for affordable housing, community center and park purposes. The specific provisions of the zoning condition are described below.

*“7. That Alexander & Baldwin, Inc. shall provide land for affordable housing, a community multi-purpose center, and park purposes at the approximate location of the terminus of Kamehameha Avenue, near the new Maui Lani Park and Pomaikai Elementary School, as follows:*

- a. Approximately 40 acres for affordable housing purposes;*
- b. Approximately 7 acres for a Kahului community multi-purpose center; and*
- c. Approximately 3 acres for park purposes.*

*The precise location of these lands shall be acceptable to the Department of Housing and Human Concerns and the Department of Parks and Recreation, and Alexander & Baldwin, Inc. shall perform archaeological and topographic surveys of the land for the County's evaluation of the property's acceptability.”*

**Petitioner continues conceptual land planning work and ongoing discussions with various representatives of the County to determine a suitable site on Petitioner's lands just south of the Maui Lani development. Recently, the State Historic Preservation Division (SHPD) accepted the archaeological inventory survey report that was prepared for this area. The inventory survey entailed extensive subsurface archaeological testing based on a subsurface testing plan developed in direct consultation with the SHPD. With regard to identified burials within the vicinity, a burial treatment plan to address the long term preservation of these burial features is also being prepared. This and other information will be utilized in determining a site acceptable to the County in fulfillment of this condition.**

*Dockets A03-739 & A88-634*

2. ***Water Facilities.*** *Petitioner shall participate in the funding and construction of adequate water source, storage and transmission facilities and improvements or remit applicable fees for water source, storage and transmission facilities and improvements to accommodate projected water usage generated by the Project. Water facilities and improvements, including adequate storage facilities, should surface water sources be developed, or the payment of applicable fees, shall be coordinated and approved by the County of Maui, Department of Water Supply and, if applicable, the Commission on Water Resources Management of the Department of Land and Natural Resources. Adequate water source shall be made available prior to the issuance of any occupancy permits for buildings developed on the Property.*

**Status:** To address potable water needs, the Petitioner, in partnership with the County of Maui, is working on the development of a surface water treatment plant utilizing water from the West Maui ditch system. Plans and an engineering report were submitted to County DWS and initial comments are being addressed. An environmental impact statement is also being processed for the surface water treatment plant. The Petitioner is also pursuing new potable water wells in the Kahului aquifer. Two wells have been drilled, and engineering reports for each of the wells and construction plans for development of the private water system have been submitted to the State Department of Health for approval.

*Dockets A03-739 & A88-634*

3. ***Aircraft Operations.*** *Petitioner shall implement procedures to address notification and liability issues which arise from the potential adverse impacts from noise, right of flight, emissions, vibrations and other incidences of aircraft operations upon the present and future Owners and future lessees or occupants of the Property resulting from the adjacent Kahului Airport operations. The following covenant shall encumber the Property and be included in any transfer of any interest in the Property.*

*“The Property is located in the vicinity of Kahului Airport, a commercial airport, and each Owner is aware that there is a likelihood of noise from aircraft passing overhead or nearby and other potential adverse impacts from other incidence of aircraft operation. Each Owner hereby assumes the risk of any potential adverse impacts from such noise, right of flight, emissions,*

*vibrations or other incidents of aircraft operations upon the Owner's lot or uses thereon. Each Owner shall be responsible for appropriate mitigation measures to address the abovementioned potential adverse impacts. Each Owner shall indemnify and hold harmless Declarant and the State of Hawaii from and against all claims, liability and losses that arise out of noise, right of flight, emissions, vibrations and other incidences of aircraft operations, unless such claim, liability or loss arises out of the State of Hawaii's willful misconduct in the operation of Kahului Airport or violating any applicable federal, state or county requirement governing aircraft safety and noise abatement measures, in which case, the indemnification of the State of Hawaii will be inapplicable."*

**Status: As development of the Project progresses, Petitioner will comply with this condition.**

*Dockets A03-739 & A88-634*

4. **FAA Form 7460-1, Notice of Proposed Construction or Alteration.** *Petitioner shall impose a covenant encumbering the Property and be included in any transfer of any interest in the Property requiring the submittal of Federal Aviation Administration (FAA) Form 7460-1, Notice of Proposed Construction or Alteration, to the FAA's Hawaii District Office when or if required under applicable FAA Regulations with a copy to DOT's Airports Division.*

**Status: As development of the Project progresses, Petitioner will comply with this condition.**

*Dockets A03-739 & A88-634*

5. **Runway Protection Zone.** *Petitioner acknowledges that a portion of Petition Area A overlaps the runway protection zone (hereinafter "RPZ") for a proposed extension of the Kahului Airport runway of up to 9,600 feet in length, as further described in the State Office of Planning's Exhibits Nos. 9 and 10 and the testimony of DOT Airports Division witness Benjamin Schlapak. Petitioner agrees to restrict uses in the RPZ to light industrial, parking, roadway and other infrastructure uses that do not entail the congregation of people, provided all such uses are approved by the Federal Aviation Administration. This restriction on uses within the RPZ shall automatically terminate if the State Department of Transportation (DOT) does not attain all governmental approvals for the extension of the Kahului Airport runway within a period of five (5) years from March 25, 2004, the date of the Commission's Decision and Order in Docket No. A03-739. Notwithstanding the foregoing, and for good cause shown, the Commission may grant an extension of time for the DOT if DOT during such five-year period has been using its best efforts, in good faith, to attain all governmental approvals for the extension of the Kahului Airport runway. The size of the RPZ shall be adjusted if the runway length sought by the DOT is less than 9,600 feet. Should the DOT desire to acquire an easement or the fee simple interest in the RPZ, the fair market value of the land shall be based on its current Agricultural District classification and present zoning designation by the County of Maui provided that: a) the acquisition occurs within a period of five (5) years from March 25, 2004, the date of the Commission's Decision and*

*Order in Docket No. A03-739; and b) the DOT during such five-year period has been using its best efforts, in good faith, to attain all governmental approvals for the extension of the Kahului Airport runway.*

**Status:** Petitioner acknowledges this condition, and as development of the Project progresses, will comply with this condition.

*Dockets A03-739 & A88-634*

**6. Traffic Impact Analysis Report.** *Prior to obtaining County zoning, Petitioner shall revise or supplement its traffic impact analysis report (hereafter TIAR) dated May 2003 to the satisfaction of the DOT. The TIAR shall identify the impact of Petitioner's project on the transportation system and recommend any required mitigation measures. Conditions and assumptions reflected in the TIAR shall be developed in consultation with DOT, including but not limited to, various proportions of retail and light industrial uses to be developed at the Property, plans for the proposed airport access road, permitted accesses, trip generation rates, and traffic projections. Petitioner shall obtain the DOT's prior written approval of the final TIAR and Petitioner may not proceed with the development of Petitioner's project unless and until the DOT approves the TIAR. As development occurs within the Property, the TIAR shall be revised or supplemented as may be requested and required by the DOT. Petitioner shall be responsible for constructing, implementing and/or contributing its fair share of the cost of those improvements or mitigation measures as recommended or required by the TIAR and as dictated by the actual proportion of light industrial and retail uses developed at the Property. The TIAR shall also address the impact to County of Maui roadways and shall be submitted to the County of Maui, Department of Planning for the County's review and consideration in the zoning approval process.*

**Status:** Petitioner prepared a revised TIAR for the Project dated July 2004 in compliance with this condition. The revised TIAR updates the previous study dated May 2003. The study was revised in response to comments received from the DOT concerning completion of the proposed Airport Access Road and development scenarios with a higher percentage of retail versus industrial uses. Prior to preparing the revised TIAR, input concerning applicable assumptions was solicited and obtained from the DOT. A copy of the revised TIAR was included in the environmental impact statement that was prepared for the Project and accepted by the SLUC.

**In an effort to further update the traffic data for key intersections analyzed in the TIAR, new traffic counts were undertaken in 2006. The results of the 2006 traffic counts were consistent with the projections of the TIAR, confirming the validity of the conclusions and recommendations of the TIAR. The DOT reviewed the 2006 supplemental traffic counts and found them reasonably consistent with the 2004 traffic report assumptions concerning growth in regional traffic. Further, as noted in this condition, as development occurs over time within the property, the TIAR will be revised or supplemented as may be required by the DOT.**

*Dockets A03-739 & A88-634*

7. **Regional Transportation Improvements.** *Petitioner shall contribute Petitioner's fair share of the cost of regional transportation improvements in the area, as such fair share shall be determined by the DOT based on appropriate transportation planning methodologies to establish a rational nexus.*

**Status:** In 2006, Petitioner worked in cooperation with the State Department of Transportation-Maui District Office, to fund and implement the coordination of traffic signals during the AM and PM peak periods along the Dairy Road corridor from Haleakala Highway to Puunene Avenue. This work consisted of an evaluation of existing traffic signal equipment, the procurement and installation of new traffic signal equipment and communication systems, and the preparation and implementation of timing plans to coordinate the traffic signals at all intersections. The system was activated in December 2006.

**Petitioner is currently in discussion with the DOT concerning fair share costs and contributions, in compliance with this condition.**

*Dockets A03-739 & A88-634*

8. **Best Management Practices.** *The Petitioner shall coordinate with the County of Maui, the State Department of Land and Natural Resources and the State Department of Health to establish Best Management Practices to contain spills, and prevent materials associated with light industrial uses such as petroleum products, chemicals, and other pollutants from leaching or draining into the ground or the storm drain system.*

**Status:** Petitioner acknowledges this condition, and as development of the Project progresses, will comply with this condition.

*Dockets A03-739 & A88-634*

9. **Hazardous Materials.** *Storage and/or disposal of hazardous materials shall be approved by the State Department of Health prior to their establishment on the subject Property.*

**Status:** As development of the Project progresses, Petitioner will comply with this condition.

*Dockets A03-739 & A88-634*

10. **Wastewater Facilities.** *Petitioner shall provide a sewer impact study to the County Department of Public Works and Environmental Management evaluating the wastewater system requirements for the Project. Petitioner shall fund and develop, as required by the County of Maui and the State Department of Health, wastewater transmission and treatment facilities to accommodate the additional wastewater generated by the Project.*

**Status:** Petitioner has completed a preliminary sewer system study for the Project. Further infrastructure planning and engineering analysis is being undertaken in coordination with the County of Maui.

*Dockets A03-739 & A88-634*

11. **Drainage.** *Petitioner shall fund, design and construct any drainage system improvements required to mitigate the additional runoff resulting from the project without creating adverse effects on adjacent and downstream properties. The master drainage plan for Maui Business Park shall be constructed to mitigate the additional runoff resulting from this development.*

**Status:** Petitioner has completed a Preliminary Drainage Report dated May 2009, and submitted the report to appropriate government agencies. Construction plans for drainage system improvements will be submitted to appropriate agencies for review and approval.

*Dockets A03-739 & A88-634*

12. **Aircraft Operation Hazards.** *Petitioner shall fund and implement a program to control any bird nesting or occupation and any insect, pest or wildlife infestation, in any drainage retention basins serving the Property to minimize the hazards to aircraft operations, as deemed necessary by the DOT.*

**Status:** The Petitioner has consulted with the County of Maui regarding utilizing the existing drainage basins adjacent to the South Project Area for open area recreational use by a private entity (attached are related correspondences concerning this matter). Alternatively, the basins will be maintained by the project's owners association. The future use of these existing drainage basins will incorporate the provisions of this condition.

*Dockets A03-739 & A88-634*

13. **Provisions of the Hawai'i Right to Farm Act.** *Petitioner shall inform all prospective occupants of possible odor, noise, and dust pollution resulting from adjacent Agricultural Districts lands, and that the Hawaii Right-to-Farm Act, Chapter 165, HRS, limits the circumstances under which preexisting farming activities may be deemed a nuisance.*

**Status:** As development of the Project progresses, Petitioner will comply with this condition.

*Dockets A03-739 & A88-634*

14. **Solid Waste.** *Petitioner shall develop a Solid Waste Management Plan in conformance with the Integrated Solid Waste Management Act, Chapter 342G, HRS. The Plan shall be approved by the County of Maui and shall address the need to divert the maximum amount of waste material caused by the development away from the County's landfills.*

**Status:** A solid waste management plan was prepared for the project and included in the environmental impact statement prepared for the Project.

*Dockets A03-739 & A88-634*

15. **Visual Analysis.** *That as part of its zoning application submittal, the Petitioner shall submit a visual analysis study for the location of the Hookele Street Extension emphasizing the maintenance of a “view corridor” toward Haleakala.*

**Status:** The visual analysis study was submitted to the County of Maui as part of the change in zoning application for the Project. The study was also included in the environmental impact statement prepared for the Project. The visual analysis study was reviewed and approved by the Maui Urban Design Review Board on December 7, 2004.

*Dockets A03-739 & A88-634*

16. **Visual Impacts.** *That as part of its zoning application, the Petitioner shall submit design guidelines with renderings on how a landscaped aesthetic visual corridor along all adjacent highways and how a landscaped berm utilizing trees and shrubbery shall be constructed along the entire proposed collector road (Hookele Street Extension) to soften the visual impact of the buildings along the road. (Wailuku-Kahului Community Plan Update).*

**Status:** The design guidelines were submitted to the County of Maui as part of the change in zoning application for the Project. The design guidelines were reviewed and approved by the Maui Urban Design Review Board on December 7, 2004.

*Dockets A03-739 & A88-634*

17. **Dual Water System.** *Petitioner shall evaluate the feasibility of developing a dual water system for the Project, utilizing non-potable water for landscape irrigation purposes.*

**Status:** Petitioner is proceeding with the design of a non potable water system for landscape irrigation purposes. The system will be constructed with other project improvements.

*Dockets A03-739 & A88-634*

18. **Energy Conservation.** *Petitioner shall implement energy conservation measures such as the use of solar energy and solar heating and incorporate such measures into the Project.*

**Status:** As development of the Project progresses, Petitioner will comply with this condition.

*Dockets A03-739 & A88-634*

19. **Project Composition.** For a period of eight (8) years from the date of the County's approval of zoning for the Project a total of at least fifty percent (50%) of the Project acreage shall be (a) used and developed by Petitioner for non-retail, light industrial use and/or (b) sold or leased to and developed and used by third-party buyers for non-retail, light industrial use. For this same eight-year period, simultaneous with Petitioner's development or offer for sale or lease of the Property for retail use, Petitioner shall develop or offer for sale or lease an equal amount of acreage within the Property for non-retail, light industrial use. The phrase "light industrial", as used in this paragraph, includes warehousing and distribution types of activity as well as compounding, assembly, or treatment of articles or materials with the exception of heavy manufacturing and processing of raw materials. It is the intent of this paragraph that at the end of the above-described eight-year period, to the extent that the Project is developed or in the process of being developed by Petitioner or any third party, no less than fifty percent (50%) of such development or development in process shall be for non-retail, light industrial purposes.

**Status:** As development of the Project progresses, Petitioner will comply with this condition.

*Docket A88-634*

20. **Archaeological.** Should any burial, archaeological or historic sites such as artifacts, marine shell concentrations, charcoal deposits, or stone platforms, pavings or walls be found, Petitioner or landowners of the affected properties shall stop work in the immediate vicinity and the SHPD shall be notified immediately. Subsequent work shall proceed after the SHPD authorization has been received and applicable mitigation measures have been implemented.

**Status:** Petitioner will comply with this condition.

*Dockets A03-739 & A88-634*

20./21. **Compliance with Representations to the Commission.** Petitioner shall develop the Property in substantial compliance with the representations made to the Commission. Failure to so develop the Property may result in reversion of the Property to its former classification, or change to a more appropriate classification.

**Status:** Petitioner intends to develop the Property in substantial compliance with the representations made to the Commission.

*Dockets A03-739 & A88-634*

21./22. **Notice of Change to Ownership Interests.** Petitioner shall give notice to the Commission of any intent to sell, lease, assign, place in trust, or otherwise voluntarily alter the ownership interests in the Property, prior to development of the Property.

**Status:** Petitioner will comply with this condition.

*Dockets A03-739 & A88-634*

22./23. **Annual Reports.** *Petitioner shall timely provide without any prior notice, annual reports to the Commission, the Office of Planning, and the County of Maui Planning Department in connection with the status of the subject project and Petitioner's progress in complying with the conditions imposed herein. The annual report shall be submitted in a form prescribed by the Executive Officer of the Commission.*

**Status:** This annual report is being submitted in compliance with this condition for both Dockets A03-739 and A88-634.

*Dockets A03-739 & A88-634*

23./24. **Release of Conditions.** *The Commission may fully or partially release the conditions provided herein as to all or any portion of the Property upon timely motion and upon the provision of adequate assurance of satisfaction of these conditions by Petitioner.*

**Status:** Not applicable at this time.

*Dockets A03-739 & A88-634*

24./25. **Notice of Imposition of Conditions.** *Within 7 days of the issuance of the Commission's Decision and Order for the subject reclassification, Petitioner shall (a) record with the Bureau of Conveyances a statement that the Property is subject to conditions imposed herein by the Land Use Commission in the reclassification of the Property, and (b) shall file a copy of such recorded statement with the Commission.*

**Status: Docket A03-739:** On April 1, 2004 the Notice of the Imposition of Conditions by the SLUC was filed with the Bureau of Conveyances as Document No. 2004-066861 and a copy was filed with the SLUC.

**Docket A88-634:** On June 17, 2005 the Notice of Imposition of Conditions by the SLUC was filed with the Bureau of Conveyances as Document No. 2005-120343 and a copy was filed with the SLUC.

*Dockets A03-739 & A88-634*

25./26. **Recordation of Conditions.** *Petitioner shall record the conditions imposed herein by the Commission with the Bureau of Conveyances pursuant to Section 15-15-92 Hawai'i Administrative Rules.*

**Status: Docket A03-739:** On April 20, 2004 the Declaration of Conditions imposed by the SLUC was filed with the Bureau of Conveyances as Document Nos. 2004-078771 thru 2004-078772 and a copy was filed with the SLUC.

**Docket A88-634:** On June 29, 2005 the Declaration of Conditions imposed by the SLUC was filed with the Bureau of Conveyances as Document No. 2005-128814 and a copy was filed with the SLUC.

Please do not hesitate to contact the undersigned should you require any further information regarding this matter. An email .pdf version of this report is also being transmitted to you for your use.

Sincerely,

RE: Recreational Area at Maui Business Park Drainage Basin

Dear Ms. Horcajo:

Thank you very much for making the time on Friday, August 28, 2009 to meet with Tony Takitani and me, along with Patrick Matsui of your office. As we discussed, Mr. Takitani is interested in pursuing the use of the drainage basins at the site of the Maui Business Park for purposes of providing open area recreational fields for his soccer organization, Maui United Soccer Club.

As referenced in Condition No. 1 of the zoning approval for the Maui Business Park, we are required to get your clearance to work with a private third-party user to maintain and exercise stewardship over the area. With your concurrence, we will work with Mr. Takitani to establish appropriate protocols for this use.

Should you have any questions or need for further information in this matter. Please do not hesitate to contact me. Thank you very much for your kind assistance and consideration in this matter.

Sincerely yours,

A&B PROPERTIES, INC.

RE: Recreational Area at Maui Business Park Drainage Basin

Dear Mr. Arakawa:

Thank you very much for making the time on Tuesday, September 1, 2009 to meet with Tony Takitani and me, along with Michael Miyamoto, Brian Hashiro, and Joe Krueger of your staff. As we discussed, Mr. Takitani is interested in pursuing the use of the drainage basins at the site of the Maui Business Park for purposes of providing open area recreational fields for his soccer organization, Maui United Soccer Club.

As referenced in Condition No. 1 of the zoning approval for the Maui Business Park, we are required to get your clearance on the feasibility of making use of this area for open area recreational purposes. With your concurrence, we will we will work with Mr. Takitani to establish appropriate protocols for the use, maintenance, and stewardship of this area for this purpose.

Should you have any questions or need for further information in this matter. Please do not hesitate to contact me. Thank you very much for your kind assistance and consideration in this matter.

Sincerely yours,

A&B PROPERTIES, INC.
