In accordance with §15-15-55 of the State Land Use Commission Rules, the Department of Planning, County of Maui, (hereinafter referred to as “Department”) supports, subject to conditions, the State Land Use District Boundary Amendment filed by Maui R&T Partners, LLC (hereinafter referred to as the “Petitioner”) to reclassify approximately 253.05 acres at Maui Tax Map Key Nos. (2) 2-2-024:016 and 017, and (2) 2-2-002:084 (por.) (hereinafter referred to as the “Petition Area”) from the Agricultural Land Use District to the Urban Land Use District at Kihei, Island of Maui, Hawaii.

Petitioner’s Proposed Use of the Property

The Petitioner is proposing to reclassify approximately 253.05 acres from the Agricultural Land Use District to the Urban Land Use District in order to transform the existing Maui Research and Technology Park located on 150.032 acres of land reclassified by the Land Use Commission (“LUC”) in LUC Docket No. A84-585 into a multi-use project consisting of a total of 403.082 acres (150.032 acres under Docket No. A84-585 and 253.05 acres under Docket No. A10-787). The ultimate goal of the Petitioner is to create a sustainable and walkable Kihei community where people can live, work, and play.

The property is located in the Kihei-Makena Community Plan Area at Lipoa Parkway, mauka of the Piilani Highway in Kihei, Maui, Hawaii.
Background Information

A Finding of No Significant Impact (FONSI) regarding the Final Environmental Impact Statement required for the County Community Plan Amendment and potential use of State and County lands was issued by the State Land Use Commission on April 4, 2013.

Land Use

The Petition Area is zoned Agricultural by the County and designated PD-6 Project District 6, Public/Quasi-Public, and Agriculture in the Kihei-Makena Community Plan. As such, the proposed mixed-use is inconsistent with the land use designation in the Community Plan and with County Zoning. Consequently, the Applicant submitted to the County of Maui applications for the Community Plan Amendment (CPA) and Change in Zoning (CIZ) on June 15, 2012. The CIZ and CPA applications are being held in abeyance by the County until such time as the LUC renders its decision on the District Boundary Amendment Petition. The Department is aware that the Applicant has submitted a Petition for a District Boundary Amendment (DBA) to the LUC now that the Final EIS/FONSI had been issued by the LUC. In reviewing this project, the Department has consistently supported the application and anticipates continuing to do so as the application progresses through both the LUC and County of Maui. The Community Plan designation and County Zoning are requested to be changed to a new category "Maui Research and Technology Park District". The recent passage of the Maui Island Plan by the Maui County Council specifically designated the Petition Area within the planned growth area, and the subject property was placed within the Urban Growth Boundary.

Consequently, the Department recommends that the LUC move forward with its review of the DBA Petition as submitted by the Petitioner in an expeditious manner as the proposed land use changes are consistent with the newly adopted Maui Island Plan.

County and Community Concerns

The public hearing process for review of the Environmental Impact Statement has provided an initial forum for reviewing and addressing County and Community concerns. Issues of significance were brought forth that were addressed in the Final EIS, most notably traffic impacts of the proposed project.

Recommendation

Based on our review of the information provided in the Petition, the Department of Planning finds that the proposed reclassification to the State Land Use Urban District is consistent with the standards for determining Urban District boundaries as set forth in the LUC’s Rules. The reclassification would also conform to the Maui Island Plan, which was adopted by the Maui County Council by Ordinance No. 4004, effective as of December 28, 2012. The Planning Department supports Maui R & T Partners, LLC's Petition for a District Boundary Amendment to provide their requested Urban District designation. This position statement offers general comments and may not address all concerns the County’s Department of Planning may have. The analysis and recommendation of the Department of Planning for this project will be reflected in the testimony of the Department of Planning before the State Land Use Commission.
