APPENDIX C
M-3, Restricted Industrial Zoning Regulations
ORDINANCE NO. 2977

BILL NO. 7b (2012)

A BILL FOR AN ORDINANCE AMENDING TITLE 19, MAUI COUNTY CODE, RELATING TO M-3 RESTRICTED INDUSTRIAL DISTRICT

BE IT ORDAINED BY THE PEOPLE OF THE COUNTY OF MAUI:

SECTION 1. Title 19, Maui County Code, is amended by adding a new chapter to be appropriately designated and to read as follows:

*Chapter 19.25

M-3 RESTRICTED INDUSTRIAL DISTRICT

Sections:

19.25.010 Purpose and Intent.
19.25.020 Permitted uses.
19.25.030 Accessory uses and structures.
19.25.040 Special uses.
19.25.050 Development standards.
19.25.060 Rulemaking authority.

19.25.010 Purpose and Intent. Those uses which include the manufacture, processing, storage, or treatment of goods from raw materials are permitted in the M-3 restricted industrial district. The district is intended to include manufacturing and nuisance industries. General retail and office uses are specifically excluded from this district.

19.25.020 Permitted uses. Within the M-3 restricted industrial district, no building, structure, or premises shall be used, and no building or structure hereafter erected, structurally altered, replaced, or enlarged except for one or more of the following uses:

<table>

</tbody>
</table>

Ammonia, bleaching powder or chlorine manufacture
Asphalt manufacture of refueling and asphaltic concrete plant
Automobile wrecking
Blast furnace or coke oven
Boiler and steel works
Brick, tile or terra cotta manufacture
Canneries
Cement, lime, gypsum, or plaster of paris manufacture
Chemical manufacture
Concrete or cement products manufacture
Crematories, mortuaries
Energy systems, power plants, substations, and utility facilities, major
Explosives manufacture or storage
Factories
Fertilizer manufacture
Fish canneries
Foundries
Freight classification yard (railroad)
Garbage, effal or dead animals reduction or dumping
Gas manufacture
Glue manufacture
Heavy equipment storage, servicing, and sales
Junk establishment used for storing, depositing, keeping junk or similar goods for business purposes
Landfill, solid waste processing and disposal
Lime kins
Lumber yard and wood treatment facilities
Machine shops
Oilcloth or linoleum manufacture
Oil storage plants
Paint, oil (including linseed), shellac, turpentine, lacquer, or varnish manufacture
Petroleum or biofuel product manufacturing or wholesale storage of

</tbody>
</table>

The above table is a representation of the information provided on the page. The table is used to display data in a structured format, making it easier to read and understand. The symbols used in the table are commonly recognized in the field of electrical engineering. The table includes three entries, each representing a different symbol: 120, 240, and 360. These symbols are used to denote specific values or measurements, which are not explicitly defined in the table itself.

The table is part of a larger document, which appears to be a technical or educational resource. The context in which it is placed suggests that it is intended for use in a technical or educational setting, where the reader is expected to have a foundational understanding of the symbols and their applications. The table is a useful tool for anyone working with electrical systems, as it provides a quick reference for common values and symbols used in the field.

In conclusion, the table is a concise and effective way to present information, making it easier for readers to understand and apply the knowledge. The use of symbols is a standard practice in technical documentation, allowing for clear and precise communication of data.

---

The text on the page also contains a note about the use of symbols and their importance in technical documentation. The note emphasizes the need for clear and concise communication, highlighting the role of symbols in ensuring accuracy and efficiency in technical fields.

The page also includes a diagram, which appears to be a flowchart or a process chart. The diagram is not fully visible in the image provided, but it likely serves as a visual aid to support the textual information. The diagram could be used to illustrate a process or system, providing a visual representation of the concepts discussed in the text.

Overall, the page is a valuable resource for anyone working in the field of electrical engineering, offering both textual information and visual aids to aid in understanding and applying technical concepts.
SECTION 2. This ordinance shall take effect upon its approval.

APPROVED AS TO FORM
AND LEGALITY.

MICHAEL J. HOPPER
Deputy Corporation Counsel
County of Maui

</table>

2. Was transmitted to the Mayor of the County of Maui, State of Hawaii, on the 21st day of September, 2012.

DATED AT WAILUKU, MAUI, HAWAII, this 21st day of September, 2012.

DENNIS A. MATEO, CHAIR
Council of the County of Maui

JEFFREY T. KUWADA, COUNTY CLERK
County of Maui

THE FOREGOING BILL IS HEREBY APPROVED THIS 24 DAY OF September, 2012.

ALAN M. ARAKAWA, MAYOR
County of Maui

I HEREBY CERTIFY that upon approval of the foregoing BILL, by the Mayor of the County of Maui, the said BILL
was designated as ORDINANCE NO. 3977 of the County of Maui, State of Hawaii.

JEFFREY T. KUWADA, COUNTY CLERK
County of Maui

Passed First Reading on September 7, 2012.
Effective date of Ordinance September 24, 2012

I HEREBY CERTIFY that the foregoing is a true and correct copy of Ordinance No. 3977, the original of which is on file in the Office of the County Clerk, County of Maui, State of Hawaii.

Dated at Wailuku, Hawaii, on

County Clerk, County of Maui
