We the undersigned-

Respectfully ask the owners of Turtle Bay Resorts, Drew Stotesbury (Replay Resorts/Turtle Bay Resort, LLC) and Lee Sichter (Lee Sichter, LLC) to:

â€¢ Remove any plans calling for massive expansion sprawling the entire coastline from Kawela Bay to Kahuku point from their Supplemental Environmental Impact Statement (SEIS).

â€¢ Seriously consider the preservation plan put forward by the Governor's Turtle Bay Advisory Working Group (TBAWG) and work in good faith with the community to adopt this plan.

â€¢ Consider the cumulative effects of all development being proposed in the North Shore/Ko'olauloa region in their SEIS.

â€¢ Cease using the Ahupua'a concept in a way that is offensive to Native Hawaiian culture.

Respectfully ask City and County of Honolulu Department of Permitting and Planning to:

â€¢ Reject the Draft SEIS recently submitted by Turtle Bay Resort.

â€¢ Postpone any acceptance of the Turtle Bay SEIS until a comprehensive regional traffic study for the North Shore/Ko'olauloa region can be conducted.

â€¢ Cease granting permits to a developer that is currently being challenged to show cause before the State Land Use Commission.

â€¢ Utilize their discretionary authority to carefully review this SEIS document and not grant approval until all community questions and concerns have been adequately addressed.

Respectfully ask the Honolulu City Council and Mayor Kirk Caldwell to:

â€¢ Nullify the outdated Unilateral Agreement entered into with developers at Turtle Bay 25 years ago.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause as to why 236 acres of land upzoned from to urban in 1986 show not revert back to its original agricultural classification due to inaction by previous owners for not meeting zoning conditions within the allotted time frame.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

Respectfully ask Governor Neil Abercrombie to:

â€¢ Reconvene the Turtle Bay Advisory Working Group to enable the State of Hawaii, in collaboration with private, public and nonprofit partners, to implement an innovative approach to protecting the makai and mauka lands â€œ from Kahuku Point to Kawela Bay.

We already have almost total gridlock on the North Shore on most weekends, holidays and days of large surf. We can't take anymore.also, this area is really the last of its kind left on Oahu and I believe that it ought to be put into Preservation for our decedents to enjoy.

Sincerely,

We do not need more resort properties on Oahu. We are well beyond the tipping point in maintaining a healthy, secure balance between tourism and full-time residential quality of life. An expansion at Turtle Bay will satisfy the profit motives of mainland money players; the people of Oahu will fester in the overcrowded aftermath. We will all look around at the paradise that we paved and wake up to an irreversible new reality - that we are surrounded by a transient populace of entitled, disconnected, drunken interlopers - and we will finally realize that we were simply pawns in the greed game, fools. If we can afford to, we will leave our spiritually, culturally and ecologically denuded home; if we cannot, we will become bitter servants to a corporate island theme park.

This is not only about Turtle Bay, Kahuku, and Laie; this is about a crossroads in the way modern Hawaiians define themselves and choose to live. This is a decision point for all of us. We will either follow our clear vision of a sustainable, self-reliant future, or we will sit passively by as Big Hospitality crowds us out of our home.

We, the people of Oahu, emphatically call for a complete stop to all plans to expand the existing footprint of the Turtle Bay resort; and we solemnly swear to protect the very source of our health - our fertile land and remaining biodiversity.

Sincerely,

Paul Faber pfaber@hawaii.rr.com

This is not an appropriate development for this side of the island for so many reasons. Our grandchildren will look back on this decision and (if it is stopped) be forever grateful. It is approved, I can't imagine them--even children of construction workers or other 'short term beneficiaries'--saying this was a good thing. When it is gone, it is gone. Forever. Let's not ruin the last of Hawaii's open spaces. This is so important! Make the decision that is pono and good for the island and our children to come.

Respectfully ask the Honolulu City Council and Mayor Kirk Caldwell to:

â€¢ Nullify the outdated Unilateral Agreement entered into with developers at Turtle Bay 25 years ago.

Respectfully ask the State of Hawaii Land Use Commission to:

â€¢ Hold its next hearing in the Ko'olauloa/North Shore region of O'ahu.

â€¢ Order developer Turtle Bay Resort, LLC to show cause as to why 236 acres of land upzoned from to urban in 1986 show not revert back to its original agricultural classification due to inaction by previous owners for not meeting zoning conditions within the allotted time frame.

â€¢ Return the 236 acres of Turtle Bay Resort property classified to Urban District in 1986 to its original Agricultural classification.

Respectfully ask Governor Neil Abercrombie to:

â€¢ Reconvene the Turtle Bay Advisory Working Group to enable the State of Hawaii, in collaboration with private, public and nonprofit partners, to implement an innovative approach to protecting the makai and mauka lands â€œ from Kahuku Point to Kawela Bay.
