DR12-46 James Spencer and Pamela V. Spencer Petition

Chair Lezy announced that this was an action meeting to consider DR12-46, James Spencer and Pamela V. Spencer's Petition for a Declaratory Order providing that the operation of a pet boarding kennel is a permissible use on certain land in the Agricultural District identified as Tax Map Key 9-2-25:047; Kahuku, Ka`ū, Hawai`i.

APPEARANCES

Roy "Randy" Vitousek III, Esq. and Sean Smith represented Petitioner- James Spencer and Pamela V. Spencer

Ryan Kanakaole, Esq., Deputy Corporate Counsel, represented County of Hawai`i Planning Department (County)

Bryan Yee, Esq., represented State Office of Planning (OP)

Rodney Funakoshi, OP

Chair Lezy updated the record and asked if the Petitioner had been advised and was agreeable to the LUC reimbursement policy. Mr. Vitousek replied that he had been made aware of the policy and requested that the Petitioners be excused from paying the reimbursement expenses and described why he decided to handle the case pro bono. Discussion ensued to describe the LUC policy regarding reimbursements and what the amount of the Petitioner's expenses might be. Chair Lezy stated that it was the Commission's expectation that Petitioner would be responsible for reimbursement and Mr. Vitousek acknowledged that Petitioners would abide by the LUC reimbursement policy.

Chair Lezy described the procedures to be followed for the hearing and announced that public testimony would taken.

There were no questions, comments or objections to the procedures.

PUBLIC WITNESSES

None

PRESENTATION OF EXHIBITS

Petitioner

Mr. Vitousek requested clarification on why Hawai`i County had a representative present and stated that he was not aware that the County was a party to the proceedings. Discussion ensued to explain how LUC proceedings for declaratory orders were routinely handled and why representatives of the County and the State Office of Planning were present. Chair Lezy asked if Mr. Vitousek objected to the County participating in the hearing. Mr. Vitousek stated that he objected to the County appearing as a Party without making a formal request to be a Party to the proceedings and asked that County be limited to public testimony. Chair Lezy noted the objection and clarified how the County would be allowed to participate.

Mr. Vitousek offered Petitioner's Exhibits "A"- "H" to be accepted for the record and also offered and provided a brief description of the contents of Exhibit "I" that he served to the Commission, Hawai`i County and OP before his presentation.

There were no objections to accepting Petitioner's exhibits. Mr. Yee requested and was granted the right to possibly argue that additional time may be needed to consider any additional arguments not previously raised due to lack of time to review Exhibit "I".

Hawai`i County and OP had no exhibits.

PETITIONER PRESENTATION

Mr. Vitousek described how the Petition evolved and recounted the interaction that he had with County agencies; and recapped the events and details that motivated him to seek a statutory interpretation from the Commission; and argued why the Petition should be granted.

Chair Lezy shared his understanding of how this appeal was pending at the County Board of Appeals and inquired whether the County Planning Director had

indicated how the Commission's decision on this matter would influence the Board's decision-making. Mr. Vitousek responded with his perception of what he and the Planning Director had agreed to, and stated that he would withdraw his appeal if the Petition were denied and described his alternate plans of action against the County.

Chair Lezy requested clarification on whether or not past practices were demonstrated to Petitioner to support the Planning Director's April 13, 2012 letter's references to consistencies with Commission policies on Special Permits. Mr. Vitousek replied that past practices had not been demonstrated and no written policy had been produced; and argued how zoning codes appeared to "expressly permit" the type of activity that the Petitioner was engaged in.

COMMENTS

Hawai'i County

Mr. Kanakaole referred to Petitioner's Exhibits "D", "F" and "H" and stated that the County rested on its comments and written correspondence.

Commissioner Heller asked if County agreed with Mr. Vitousek's characterization of the County zoning code and whether a Special Permit could be obtained and whether it would be burdensome to get one. Mr. Kanakaole responded that he agreed with the characterization and that no application for a Special Permit had been made yet; and that he did not feel it would be burdensome to obtain one.

Chair Lezy noted that he could not recall an instance where the County had deferred to the State for decision-making and asked why this case was being brought to the Commission and if the County's policy was memorialized anywhere. Mr. Kanakaole responded that it was his understanding that the County's policy was to require Special Permits for commercial kennels on State agriculturally designated lands and that the Planning Director would be the person to respond to questions regarding this matter. Mr. Kanakaole also stated that he could not specify any past practice to support the County's policy.

OP

Mr. Yee stated that OP agreed that the primary question lay with the definitions of "animal husbandry" and "raising livestock"; and described the statutory provisions and dictionary definitions and terms that he felt supported OP's position against granting the motion.

Commissioner Heller requested clarification on how Mr. Yee interpreted HRS 205-2 and 205-4.5(a) and to what statutory rule he expected the Commission to use when considering matters. Mr. Yee described his perception of how the various terms described in the statute were defined and what considerations were used to form the basis of OP's docket position for the Commission to consider.

Commissioner Contrades asked if the use of the facility as a commercial enterprise made any difference in how OP evaluated the situation. Mr. Yee responded that it did not appear that the statutes made a distinction between commercial or personal use of the facility.

Chair Lezy asked if it was curious to OP that the County was taking the position that it had. Mr. Yee provided his perspective of how the County might have taken its position based on a possible conflict between a statute and an ordinance and stated that he did not have an answer. Chair Lezy also inquired if Mr. Yee thought that the Commission's granting the Petition in this matter might result in setting a precedent or bind the Commission in future matters. Discussion ensued to determine how the Petition might be specifically binding to the Petitioner and how different courts might consider an LUC decision to grant the Petition; and to clarify the stated interpretations of different sections of HRS 205.

REBUTTAL

Mr. Vitousek provided his interpretation of how commercial use was defined by the Hawai'i County zoning code and described how the kennel use conformed to permit requirements; and clarified how portions of Hawai'i County Code section 25-5-72 specified what "permitted uses" were allowed in the agricultural district.

Mr. Vitousek also provided clarification on how the term "livestock" could be interpreted to include many varieties of domesticated animals; and why ambiguities in the law should favor the "free and unrestricted use of the land" for the landowner.

Mr. Vitousek described how Chair Lezy's questions regarding the Commission's authority relative to HRS 205 supported the Petition and stated that the Petitioner had demonstrated reasonable cause for the Commission to make a determination in this matter.

Mr. Yee stated that Mr. Vitousek had raised a new argument about HRS 205-4.5 (c) that he would like to respond to. Chair Lezy granted Mr. Yee permission to provide

clarification on how HRS 205-4.5 (c) provided for a special permit in a specific circumstance.

Commissioner Heller requested clarification on whether the Parties thought that further evidentiary hearing on this matter was necessary. None of the Parties asked for a further evidentiary hearing.

There were no further questions or comments.

Chair Lezy stated that “according to the Commission's administrative rules, section 15-15-100, within 90 days after receipt of a petition for declaratory order, the Commission shall either deny the petition in writing stating the reasons for the denial, issue a declaratory order, OR set the matter for hearing as provided in section 15-15-103 of the Commission rules. In addition, section 15-15-102 of the Commission rules provided that the Commission, for good cause, may refuse to issue a declaratory order by giving specific reasons”.

Chair Lezy made a motion to grant the Petition for discussion purposes. Commissioner McDonald seconded the motion and stated why he agreed that the current use of the property was compatible.

Commissioner Contrades stated that he agreed with Chair Lezy and Commissioner McDonald and commented that he felt that the Commission should not be involved with issues that appear to be County's responsibility.

Commissioner Heller stated that he did not have a problem with the motion and wished to include that the Commission was not making any decisions to set a precedent or making a ruling that raising dogs or cats was an agricultural activity that would qualify a dwelling as a farm dwelling. Chair Lezy stated that he would accept Commissioner Heller's suggestion as a friendly amendment that the motion was not intended to set a precedent and was limited to the specific facts of the case. Chair Lezy added that he echoed Commissioner Contrades' comment regarding the County's responsibilities in this matter and asked that the Commission be polled. Commissioner McDonald did not object to the friendly amendment.

The Commission voted as follows:

Ayes: Chair Lezy, Commissioners Matsumura, Contrades, Makua, Heller and Chock.

Nays: None

The motion passed 7-0 with 2 excused.
