Dear Mr. Saruwatari:

The 2001 Annual Report for the Land Use Commission, Docket No. A98-726 (Laulani Commercial)

Pursuant to your letter of April 19, 2000, this communication summarizes general progress during the past year. In spite of vigorous efforts to seek a developer for the subject property, no agreements have been signed. The petitioner continues to explore options for the development of this property. Aside from the foregoing, compliance with conditions remains unchanged from the previous year. Accordingly, we are attaching our last year's report for your reference.

Very truly yours,

FIRST ANNUAL REPORT, 2000

Pursuant to Condition No. 11 of those certain "Findings of Fact, Conclusions of Law and Decision and Order: certified herein on April 30, 1999, **THE TRUSTEES UNDER THE WILL AND OF THE ESTATE OF JAMES CAMPBELL, DECEASED** ("Petitioner") through its attorneys submits this First Annual Report on the status of the project and on Petitioner's progress in complying with conditions imposed.

I. PROCEDURAL BACKGROUND

Effective on March 1, 1999, and pursuant to a petition filed on July 22, 1998, the Land Use Commission, State of Hawaii ("Commission") reclassified approximately 20.0 acres of land located in Honouliuli, Ewa, Island of Oahu, State of Hawaii (hereinafter referred to as the "Property"), from agricultural district to urban district. The reclassification allowed Petitioner to

plan and develop commercial uses in the petition area to serve residential development in the Ewa area. Reclassification was approved subject to 14 conditions set forth in the Decision and Order. A Certificate of Declaration of Conditions was recorded as Document No. 99-068486 on April 30, 1999.

## II. STATUS OF COMPLIANCE WITH CONDITIONS

These conditions to reclassification are reproduced boldface followed by a description of the progress being made to comply with them.

The Petitioner will fund and construct the wastewater transmission and disposal facilities as required.

**2. Petitioner or landowners shall participate in the pro-rata funding and construction of local and regional transportation improvements and programs necessitated by the proposed development in designs and schedules accepted and determined by the State Department of Transportation, and the City and County of Honolulu Department of Transportation Services.**

The Petitioner will participate in the pro rata funding for local and regional transportation improvements in accordance with the requirements of transportation agencies.

**3. Petitioner or landowners of the affected properties shall fund and construct adequate civil defense measures as determined by the County and State Civil Defense agencies.**

**4. Should any previously unidentified burials, archaeological or historic sites such as artifacts, marine shell concentrations, charcoal deposits, or stone platforms, pavings or walls be found, Petitioner or landowners of the affected properties shall stop work in the immediate vicinity and the State Historic Preservation Division of the Department of Land and Natural Resources (SHPD) shall be notified immediately. Subsequent work shall proceed upon an archaeological clearance from the SHPD when it finds that mitigative measures have been implemented to their satisfaction.**

The Petitioner will comply with the requirements of the SHPD regarding any archaeological encountered on site.

**5. Petitioner or landowners shall fund the design and construction of drainage improvements required as a result of the development of the Petition Area to the satisfaction of the State Department of Health, Natural Resources Conservation Service, and County agencies.**

The Petitioner will develop the Petition Area in substantial compliance with representations made to the Commission. The Petitioner, in August 1999, secured approval of county zoning from AG-2 general agricultural district to B-2 community business district. This rezoning is covered by Ordinance 99-47.

**10. Petitioner shall give notice to the Commission of any intent to sell, lease, assign, place in trust, or otherwise voluntarily alter the ownership interests in the Petition Area, prior to the development of the Petition Area.**

The Petitioner will give notice to the Commission of any sale or lease of the Petition Area.

**11. Petitioner shall timely provide without any prior notice, annual reports to the Commission, the Office of State Planning, and the City and County of Honolulu Department of Planning and Permitting in connection with the status of the subject project and Petitioner's progress in complying with the conditions imposed herein.
