March 1, 2014

Mr. Orlando Davidson, Executive Officer
Land Use Commission
State of Hawaii, Department of Business,
Economic Development & Tourism
PO Box 2359
Honolulu HI 96804-2359

Subject: Annual Report for LUC Docket SP02-397, Special Use Permit for an Educational Retreat Center at Hamakua, Hawaii,
TMK 4-4-11:015

Dear Mr. Davidson:

In accordance with Condition No. 9 of the above referenced Special Use Permit (SUP), Hawaii United Methodist Union is required to submit an annual progress report to the State Land Use Commission (LUC). As required this report has been prepared to: 1) outline the status of the subject development; and 2) reference compliance with the ten conditions of the SUP approval.

Project Status for year 2013

We have been able to continue complete this year construction on all camping pavilions! We will be completing the BBQs that accompany each pavilion in 2014.

Demolition on our final outstanding demolition permit has begun in preparation for a planned ground breaking in 2014 of the first of our two bunk houses, which remains somewhat dependent on funding. Nevertheless, we are working to clear the area in hopes of having the necessary funding to begin.

The central construction of 2013 was the Ethnic Cultural Exhibit which was completed, and for which we were granted an occupancy permit.
This means that all sleeping facilities have been permitted leaving only a recreational pavilion and one more cultural pavilion to still be permitted and built in addition to a conference center, construction of which is still some time away.

While we feel this is terrific progress for us, we are still way behind in raising funds to complete construction. Your letter of May 25, 2011 advised us to therefore write you and request an administrative time extension for Condition No. 4 based on Condition No. 10.

Fund raising is always difficult for brick-and-mortar projects but we have had very good success even though the time line continues to expand. We have no employees, and all funds received are used for either maintenance or construction. Construction proceeds at the rate of funds received. Thus the Camp progresses nicely using all funds for construction, and sees increased usage and activity, but it will not be built out for years at the current rate of donations. While we submitted our request for a generous or open-ended extension of time to complete construction in 2013, we have not received word for you. Thus we mention it again, but continue our project in the full faith of the Commission’s support.

Sincerely,

Reverend Dr. Theodore Lesnett, for
The Hawaii United Methodist Union

Cc: Planning Director, County of Hawaii
    Hawaii United Methodist Union

Conditions of Approval

Condition No. 1
That the Applicant, successors or assigns shall be responsible for complying with all of the stated conditions of approval.
Response: The Hawaii United Methodist Union (HUMU) acknowledges and will adhere to the terms of this condition.

Condition No. 2
That the Applicant shall complete the development in keeping with substantial representations made in the Application and to the Land Use Commission. These representations include, but are not limited to: i) limiting the operation of the Project to a non-profit organization; ii) constructing no more than four 1,200 square-foot, single-story dormitories and no more than six 600-square foot, single-story cottages; and iii) limiting the maximum number of beds to 40 exclusive of staff quarters.
Response: HUMU’s Master Plan submitted to the County of Hawaii Planning Director portrays four bunkhouses and six cottages within the prescribed size limits.

Condition No. 3
That an archaeological letter of clearance be secured from the Department of Land and Natural Resources (DLNR) – Historic Preservation Division with a copy submitted to the Planning Director prior to any land clearing activities.
Response: An archaeological letter of clearance, dated July 5, 2005, has been received, as previously reported.

Condition No. 4
That all construction for the proposed expanded retreat shall be completed in ten (10) years from the effective date of this permit. Prior to the start of any new construction, Final Plan Approval shall be secured from the Planning Director. Plans shall identify all proposed structures, parking area(s), access driveway(s) and landscaping associated with the proposed use.
Response: Final Plan Approval has been secured. Presently HUMU plans to construct the retreat within the ten-year period allotted is being challenged by necessary funds. It is likely that a time extension for construction will be necessary.
Condition No. 5
That the Applicant shall secure and finalize all existing permits as required by the Department of Public Works, Building Division.
Response: As previously reported, HUMU determined to demolish existing buildings with outstanding permits rather than finalize these permits. The buildings, constructed by lessees, were substandard. All but one have been demolished.

Condition No. 6
That access shall meet with the requirements of the Department of Public Works.
Response: HUMU will ensure that access meets the requirements of the Department of Public Works.

Condition No. 7
That should any unidentified sites or remains such as artifacts, shell, bone, or charcoal deposits, human burials, rock or coral alignments, pavings or walls be encountered, work in the immediate area shall cease and the DLNR-State Historic Preservation Division (DLNR-SHPD) shall be immediately notified. Subsequent work shall proceed upon an archaeological clearance from the DLNR-SHPD when it finds that sufficient mitigative measures have been taken.
Response: HUMU will observe this condition. The property evidenced few sites during a professional archaeological inventory survey.

Condition No. 8
That the Applicant shall comply with all other applicable laws, etc., of affected government agencies.
Response: The Applicant plans to comply with requirements of government agencies and departments.

Condition No. 9
That a written annual status report shall be submitted to the Planning Director and the Land Use Commission in connection with the status of the Project and the Applicant’s progress in complying with the conditions imposed herein. The annual report shall be due prior to or on the anniversary date of the issuance of this Decision and Order. The annual report shall be submitted in a form prescribed by the Executive Officer of the Land Use Commission.
Response: This letter is submitted in accordance with this annual requirement.

Condition No. 10
That an initial extension of time for the performance of conditions within the permit may be granted by the Planning Director and Land Use Commission upon the following circumstances:
Non-performance is the result of conditions that could not have been foreseen or are beyond the control of the applicant, successors, or assigns and that are not the result of their fault or negligence.
Granting of the time extension would not be contrary to the General Plan or Zoning Code.
Granting of the time extension would not be contrary to the original reasons for the granting of the permit.
The time extension granted shall be for a period not to exceed the period originally granted for performance (i.e., a condition to be performed within one year may be extended for up to one additional year).
Response: Covered in reply for condition 4.
