Ms. Hegger-Nordblom,

Thank you for your email, which helped to validate the efforts of our agencies and the applicant to address the concerns of HIARG throughout these proceedings.

Given that the hearing on this matter was directed by the State Land Use Commission, we were all obligated to work together in the hopes of addressing and resolving outstanding concerns to the satisfaction of the Windward Planning Commission, who voted to approve the Special Permit at its meeting held yesterday, June 2, 2016. So the timeliness of your email was much appreciated as otherwise the lack of a formal response or the presence of HIARG at the Windward Planning Commission meeting would have been very awkward given the your efforts and that of our staff and the applicant over the many months leading up to the hearing. And of course, all of the material presented to our commission and offered by your agency and HIARG will be presented shortly to the State Land Use Commission for their final action.

Thank you for being the conduit between HIARG and our supervising planner, Maija Jackson, as we all endeavored to satisfy the directives of the State Land Use Commission. Should you have any questions, please do not hesitate to contact me.
