This letter is to inform you that the Planning Department has approved the report titled *Botanical Survey of a 60-acre Portion of TMK 2-1-003:004, Honohononui, South Hilo District, Island of Hawai'i* conducted by Geometrician Associates, LLC in June 2017. Please note the TMK number shown throughout the report is incorrect, although the contents of the report relates to the correct property, TMK (3) 2-1-013:004. The U.S. Fish and Wildlife Service reviewed the report which indicated that no threatened or endangered plant species were found and there is no critical habitat in the proposed project action area, thus no mitigation is required.

Condition 11 of the Special Permit has been satisfied.

If you have any questions, please feel free to contact Maija Jackson of this office at 961-8159 or [Maija.Jackson@hawaiiicounty.gov](mailto:Maija.Jackson@hawaiiicounty.gov).
