**QUEEN LILI‘UOKALANI TRUST’S THIRD SUPPLEMENTAL MEMORANDUM IN
SUPPORT OF ITS MOTION FOR ORDER MODIFYING THE FINDINGS OF FACT,
CONCLUSIONS OF LAW, AND DECISION AND ORDER FILED AUGUST 28, 1991**

Petitioner Queen Lili‘uokalani Trust (“Petitioner”) respectfully submits this Third Supplemental Memorandum (“Supplemental Memorandum”) in Support of its Motion for Order Modifying the Findings of Fact, Conclusions of Law, and Decision and Order Filed August 28, 1991 (“Motion”). The purpose of this Supplemental Memorandum is to make a technical correction to the Motion’s acreage information.

I. Brief Background

Under the Findings of Fact, Conclusions of Law, and Decision and Order filed August 28 1991 (“1991 Decision and Order”) by the State Land Use Commission (“LUC”), the lands identified as the Phase III lands are subject to incremental reclassification to the Urban District. The Motion seeks to remove the Phase III lands from the 1991 Decision and Order. As the Motion states, most of the Phase III lands will be made a part of a new district boundary amendment proceeding to be filed with the LUC at a later date. A small portion of the Phase III lands, less than 15 acres, will be “carved out” to become part of Petitioner’s development project referred to as the Makalapua Project District (“MPD”) development. The Petitioner will seek a district boundary amendment for the carved-out portion from the County of Hawaii under Hawaii Revised Statutes (“HRS”) § 205-3.1(c).¹

¹ HRS § 205-3.1(c) provides that district boundary amendments involving land areas of fifteen acres or less, except in conservation districts, shall be determined by the appropriate county land use decision-making authority. Chapter 28 of the Hawaii County Code permits the County Council, by ordinance, to amend the districting of lands fifteen acres or less located in the State land use urban, rural, and agricultural districts. The acres that will be removed from Phase III for inclusion in the MPD development is less than fifteen acres of Agricultural land.

II. Phase III Lands in the MPD Development

The Petitioner previously stated that 14.37 acres of the Phase III lands would be processed through the County for inclusion in the MPD development. *See* Queen Lili'uokalani Trust's Second Supplemental Memorandum in Support of Its Motion for Order Modifying the Findings of Fact, Conclusions of Law, and Decision and Order Filed August 28, 1991, filed January 11, 2016 ("Second Supplemental Memorandum"). The Petitioner is filing this Supplemental Memorandum simply to provide notice that based on recently updated information, Petitioner anticipates that the area to be processed through the County will be 14.96 acres. The MPD development's overall acreage will also increase accordingly, from approximately 68.51 acres as stated in the Second Supplemental Memorandum, to 69.10 acres.

Exhibit "11" is an updated version of Exhibit "9" to the Second Supplemental Memorandum. Exhibit "11" shows the conceptual land use plan and aerial map for the MPD development with the updated acreage information.

The acreage change resulted from minor refinements to roadway alignments. As noted in the Second Supplemental Memorandum, the Petitioner and the County of Hawaii have been coordinating designs on access routes and a pedestrian promenade along an area between the County's Kailua Park and the Petitioner's lands. "Park Road 3," shown on Exhibit "12," is envisioned as the future main access point to Kailua Park, and the intention is that the Petitioner will dedicate Park Road 3 to the County in the future.

On or around February 2016, the Petitioner's engineers recommended making certain refinements to the roadway and intersection alignments along Park Road 3. The refinements will allow for improved site distance and safer crossings for vehicles, bicyclists, and pedestrians accessing Kailua Park or the MPD development. The refinements also bring the design in

conformity with the County's roadway design standards, which will aid the future dedication process.

Exhibit "12" shows the revised alignments. The increase in acreage to the MPD development area is shown in green shading, and the area removed from the MPD development area is shown in red shading. The alignment refinements will result in a change to the acreage of the Phase III lands that will be processed through the County, from 14.37 acres as previously stated to 14.96 acres, and the overall acreage of the MPD will also increase from approximately 68.51 acres to 69.10 acres.

III. Conclusion

The Petitioner respectfully asks that the LUC grant its Motion for Order Modifying the Findings of Fact, Conclusions of Law, and Decision and Order Filed August 28, 1991.

Dated: Honolulu, Hawaii; March 11, 2016.
