Re: Docket No. A06-771 D.R. Horton-Schuler Homes LLC

I am Mike Golojuch and I am speaking on my own behalf. I continue to be a strong supporter for the Ho'opili Development. I've been a resident of Makakilo for over 34 years and have been part of the Ho'opili Community Task Force since its inception ten years ago. In addition, I serve as the President, Palehua Townhouse Association, a board member of the Hawaii Community Development Authority – Kalaeloa, and the Vice-Chair, Citizens Advisory Committee to the Oahu Metropolitan Planning Organization. Although I am speaking as an individual, I mention my association with some of the boards that I sit on to show my involvement and commitment to the community.

I, along with many others, look forward to Ho'opili so it will provide additional housing that is required for all people on Oahu. It also allows us to build the Kapolei community into the new city that is becoming.

Ho'opili is planned around a multi-modal transportation system, including a well-connected street network where residents can walk, bike or ride the bus and use the rail. D.R. Horton has worked with both State and City Transportation Departments to ensure they comply with the legal requirements.

D.R. Horton has also been proactive developer and has worked with the Community Task Force to allow us to help shape the project and community. We look forward to their multi-faceted project.

Please deny the Friends of Makakilo's Motion for an Order to Show Cause.

Thank you for this opportunity to share my support for D.R. Horton – Schuler Division's proposed Ho'opili community in East Kapolei.

Sincerely,

Michael (Mike) Golojuch, Sr.
