West Maui

Makila Rural Community

Docket Number A15-799

Subject: EISPN

TMK: (2)4-7-013:001,002,003,004,005,006,007,008,009,010,011 and 012

Dear Ms. Bigelow, Mr. Orodener and Mr. Schnell,

My wife and I own several agricultural lots in Launiupoko that we are planning on farming.

I'll keep this really simple - there is not enough water now to support the existing community and the expanding agricultural use of this land. There is no way the water system can support an additional 200-225 homes, with potentially a thousand or more new residents and their yards.

Please do not approve this reckless, high density project as it severely risks the ability farm on this land.

Thank you,

Kenneth Moore
