

ORDINANCE NO. 3688

BILL NO. 76 (2009)

A BILL FOR AN ORDINANCE REPEALING CHAPTER 20.24, MAUI COUNTY CODE, AND AMENDING CHAPTER 14.08, MAUI COUNTY CODE, RELATING TO RESTRICTIONS ON USE OF POTABLE WATER FOR GOLF COURSES

BE IT ORDAINED BY THE PEOPLE OF THE COUNTY OF MAUI:

SECTION 1. Chapter 20.24, Maui County Code, is hereby repealed.

SECTION 2. Chapter 14.08, Maui County Code, is hereby amended to read as follows:

"CHAPTER 14.08

RESTRICTIONS ON USE OF POTABLE WATER FOR GOLF COURSES

[(RESERVED)]

Sections:

14.08.010 Purpose.

14.08.020 Definitions.

14.08.030 Permitting restrictions.

14.08.010 Purpose. A. The council finds that potable water must be limited to domestic use in homes and businesses. The County must be assured that an adequate supply of such water will be available for current and future needs.

B. A golf course can use as much as one million gallons of water per day for irrigation and other nondomestic uses and it is inappropriate to use potable water for such purposes. The purpose of this chapter is to prohibit the use of potable water for irrigation and other nondomestic uses at new golf courses by restricting the approval of any permit necessary for new golf course construction, if that new golf course cannot show that it will use a nonpotable source of water.

14.08.020 Definitions. For purposes of this chapter, unless it is plainly evident from the context that a different meaning is intended, certain words and phrases are defined as follows:

"New golf course" means any golf course that was not in operation prior to the effective date of the ordinance codifying this chapter, or whose development requires approval by the council of a community plan amendment and rezoning of the golf course properties.

"Nondomestic use" means water used for purposes other than drinking, bathing, heating, cooking, and sanitation.

"Potable water" means water that meets the standards established by the department of health as suitable for cooking or drinking purposes. A supply of water that at one time met the standards established by the department of health as potable water may not be used for golf course irrigation or other nondomestic uses, regardless of whether it is rendered nonpotable through such activities including, but not limited to, mixing or blending with any source of nonpotable water, storage in ponds or reservoirs, transmission through ditch systems, or exceeding the established pump capacity for a groundwater well.

"Reclaimed water" means treated wastewater that has been oxidized and disinfected and determined by the department of health to be appropriate for irrigation and nondomestic use.

14.08.030 Permitting restrictions. A. Prior to approval of any grading permit or grubbing permit pursuant to chapter 20.08 of this code, or of any building permit pursuant to chapter 16.26 of this code, for any new golf course, the permit application shall be transmitted to the director, who shall determine whether nonpotable water will be used for irrigation and other nondomestic uses.

B. No grading permit, grubbing permit, or building permit shall be approved for any new golf course if any amount of potable water will be used for irrigation and other nondomestic uses.

C. This chapter shall not be construed to prevent the use of reclaimed water for irrigation and other nondomestic uses."

SECTION 2. Material to be repealed is bracketed. New material is underscored. In printing this bill, the County Clerk need not include the brackets, bracketed material, or the underscoring.

SECTION 3. This ordinance shall take effect upon its approval.
