William H. Campbell, Executive Vice-President and General Manager of Petitioner, oriented the participants to the subject property and specifically to the drainage detention basin from the parking area mauka of Lawai Road (across Kukui'ula Bay.) The participants then stopped at the National Tropical Botanical Garden site on the subject property, at which time Mr. Campbell gave a brief overview of the garden and the participants visited the visitor center. The participants then traveled to the wastewater treatment plant on the subject property, where Mr. Campbell oriented the participants to the site and to the operations of the facility.

The field trip adjourned at approximately 10:45 a.m.
