HoKua Place - Section 343-5e HRS – Draft Final Environmental Impact Statement

HoKua Place is the name of this project. It was previously identified as Kapa'a Highlands. The reader will note that several of the studies and references in this document carry the project's former name.

Under the provisions of Section 343-5e HRS, the applicant, HG Kauai Joint Venture LLC, and the accepting authority, State Land Use Commission, have determined at the outset that an environmental impact statement ("FEIS") is required for the HoKua Place Project situated at (4) 4-3-003: 001 (portion) in Kapa'a of the Kawaihau District on the island of Kauai.

Pursuant to the requirements of Section 11-200-3, Hawaii Administrative Rules, and Section 11-200-15, Hawaii Administrative Rules, this is the Final Environmental Impact Statement. Hawaii Administrative Rules, this document is the Final Environmental Impact Statement ("FEIS").

~~Following publication of this Draft EIS, reviewers will have an opportunity to comment on its contents toward the preparation of the Final EIS.~~

The purpose of the FEIS process is to disclose to government agencies, the general public, stakeholders and decision-makers the anticipated impacts of a project and to identify feasible actions that might be taken to mitigate potential impacts.

The following studies have already been conducted to determine the potential impacts which may result from the proposed project and identify appropriate mitigation measures. (Note that there was a project name change after the preparation of the studies - the project did not change - these reports address the proposed HoKua Place project.)

-) Kapa'a Housing Market Study
-) Kapa'a Highlands II Sustainability Plan
-) Kapa'a Highlands Agricultural Master Plan
-) Preliminary Engineering Report Drainage Improvements
-) Preliminary Engineering Report Wastewater Improvements
-) Traffic Impact Assessment Report
-) Botanical Survey
-) Biological Surveys
-) Archaeological Assessment with Subsurface Testing
-) Cultural Impact Assessment
-) Invertebrate Report

Project Name:	HoKua Place (The project was formerly referred to as Kapa'a Highlands.)
Applicant & Property Owner:	HoKua Place HG Kaua'i Joint Venture LLC 9911 S. 78th Avenue Hickory Hills, IL 60457
Approving Agency:	State of Hawai'i Land Use Commission
Project Location:	Kawaihau District, Wailua, Kaua'i, Hawai'i
TMK:	(4) 4-3-003: 001 (portion)
Land Use Classification:	County Zoning: Agriculture General Plan: Urban Center State Land Use Designation: Agricultural
Land Area:	Approximately 97-acres Portions of the remainder of parcel (4) 4-3-003:001 will be used for well and water system uses
EIS Trigger:	Use of County Lands
Approvals Required:	LUC Boundary Amendment; County Class IV Zoning & Use Permits; County Council Approval for Zoning Change; Subdivision Approval; Building Permits

Summary:

HoKua Place is mix of lots, single-family and multi-family residential (with market and affordable prices) with complementary uses. This 97-acre development seeks to fill the housing needs of Kapa'a within the ~~Urban Center Neighborhood General designation~~, consistent with the Updated Kaua'i General Plan, as well as local planning. HoKua Place is proposed to be a sustainable community that preserves the rural-like character of Kapa'a while meeting its growing housing needs.

Approximately 97-acres will be subdivided into single family and multifamily lots providing for an approximate total of 683-multi-family units and 86-single family lots and homes; affordable housing will be built on-site and will conform to Kaua'i County Ordinance. In addition, HoKua Farm Lots shares some of the project infrastructure and is included in this analysis.

The project includes open space encompassing 14.3-acres; a 3.1-acre park adjacent to the existing Kapa'a Middle School with an area for the county's proposed relocation of the Kapa'a county swimming pool; and 1.4-acres for commercial use. In accordance with County and State Transportation requirement, improvements will include an intersection on Kapa'a Bypass Road, bus stops, sidewalks and bike and walking paths to the existing Kapa'a Middle School.

The direct, indirect, secondary and cumulative impacts associated with the project would be localized or short-term, occurring during the construction phase.
