**Re: Settlement Conference in Docket No. A94-706 / Ka`onoulu Ranch**

Dear Chair Scheuer:

Intervenors agree to participate in a settlement conference with the parties, as long as this will not delay the hearing tentatively set for April 9, 2019.

Intervenors do not object to you acting as a facilitator for the settlement conference and will provide their stipulation that this will not affect your ability to participate in the remainder of the contested case.

Due to scheduling concerns, Intervenors look forward to receiving potential settlement conference dates at your earliest convenience. While we are open to considering any location for this meeting, my clients asked that the meeting take place at a location in Kihei, Maui, where the property is located.

We thank you, the Commission, and the Commission's staff for their ongoing assistance.

Very Truly Yours,

Tom Pierce
