Subject: Pedestrian underpass to Kihei High School
Date: Monday, April 01, 2019 8:23:59 AM

I am a Kihei resident who travels the Pi'ilani Highway frequently. I am totally in favor of a pedestrian underpass and find it amazing and inconceivable that the DOE would be opposed to such a plan. Don't they care about these children? The Pi'ilani is more and more congested, drivers are frustrated and I see drivers running red lights on a daily basis. How many fatalities have there been on the Pi'ilani in the last test? I can think of 4. And those were people in vehicles, not pedestrians. Please do not allow the DOE plan to proceed.
