Subject: Safe routes to schools!
Date: Monday, April 01, 2019 8:20:02 AM

As business owners, residents and parents safe routes to school are vital! Please reconsider the issue of under/over pass for the new High School and other safe routes for children traveling to school. We should all be considering more walking and bike riding and the Kihei streets are not safe currently for either - w know because we do it every day.

Thank you,
Lisa Guthrie
Greg Guthrie
Hans Huber
