

Southpointe at Waiakoa

As representatives of the Southpointe AOA and its hundreds of owners, the Board of Directors of Southpointe at Waiakoa support student safety and want an underpass or overpass installed for our new Kihei High School, not a crosswalk.

In our opinion, the Land Use Commissions requirement for safe passage must be adhered to. This need was further verified in the DOE's Safe Routes To Kihei High School Pedestrian Route Study.

Sincerely,
Sean Cooke, Southpointe AOA President
