Subject: A87-610 Tom Gentry and Gentry Pacific, Ltd.  
Kamehameha Schools Motion for Modification and Time Extension

Aloha Ms. Lim and Ms. Thoene:

The Commission received on July 24, 2019, your filing of a Motion for Modification and Time Extension ("Motion") in Docket No. A87-610. This motion is focused on modifying conditions of the 2014 Order in this docket that allowed the development of a solar farm on a portion of the Waiawa petition area.

The Commission's calendar is currently full until November 2019. We have tentatively placed this motion on our hearing calendar for November 20, 2019.

As indicated in your Motion, the 2014 Order under Condition 1, requires Petitioner (successor Petitioner Kamehameha Schools) to submit a revised master plan and schedule for development of the petition area by November 26, 2019.

The Commission would like to consider the Petitioner's revised master plan and schedule for development at the same hearing as the Motion, on November 20, 2019. To facilitate adequate time for review and comments by State and county agencies; the Commission is requesting that Petitioner provide the revised master plan and schedule for development to our office, the State Office of Planning, and the City and County Department of Planning and Permitting no later than October 21, 2019.

Should you have any questions, please contact me at 587-3822.

Sincerely,

Daniel E. Orodenker  
Executive Officer
