2019 ANNUAL REPORT

Land Use Conditions

The following is the annual report on conditions imposed by the Land Use Commission for the Lanai Airport improvements.

Condition No. 1: Petitioner shall obtain unconditional fee title for airport and ancillary airport purposes to the land for expansion at no cost to the State of Hawaii from Dole Foods, Inc., formerly known as Castle & Cooke, Inc.

Status: The petitioner has obtained fee title as explained above at no cost to the State of Hawaii.

Condition No. 2: There shall be no residential construction on any portion of the property subject to noise levels greater than 60 Ldn.

Status: There are no plans for any residential construction on any portion of the subject property.

Condition No. 3: Petitioner shall insure that the necessary water source, storage and transmission facilities are available to adequately serve the proposed project.

Status: All necessary water transmission and storage facilities necessary to service the new terminal are complete.

Condition No. 4: Petitioner shall monitor the traffic attributable to the development proposed in the Property at on-site and off-site locations, and shall undertake subsequent mitigative measures that may be required.

Status: Petitioner has completed roadway intersection improvements to mitigate any additional traffic.

Condition No. 5: Petitioner shall provide the necessary wastewater treatment and disposal facilities as may be required by the State Department of Health to adequately service the proposed project.

Status: A new wastewater treatment facility has been completed as part of the new terminal.

Condition No. 6: Petitioner shall immediately stop work on the impacted area and contact the State's Historic Preservation Division should any archaeological resources, such as artifacts, shell, bones, or charcoal deposits, human burial, or rock or coral alignments, paving or walls of historic or prehistoric significance be encountered during the development in the Property.

Status: No archaeological sites were discovered during construction.

Condition No. 7: Petitioner shall implement effective soil erosion and dust control measures during all phases of the development.

Status: Effective soil and dust control measures were used during construction.
Development is now complete.

Condition No. 8: Petitioner shall develop the Property in substantial compliance with representations made to the Land Use Commission in obtaining the reclassification of the Property.
