Honolulu, HI 96813

Dear Mr. Agor,

Subject: Distribution List verification for the HoKua Place Final Environmental Impact Statement (EIS)

The Office of Environmental Quality Control (OEQC) has reviewed the Distribution List submitted on November 13, 2019 for the subject Final EIS. The OEQC hereby verifies the accuracy of that list.

This verification pertains to the agencies and entities identified on the "Matrices for the Distribution of EIS Documents" found on our website and in our 2012 Guidance document. The OEQC can not verify the accuracy of other parties included on your Distribution List, who presumably are stakeholders identified in your process of developing this specific EIS.

Please ensure the distribution of a correct and complete copy of the Final EIS to the recipients by the date the item is published in *The Environmental Notice*, which is scheduled for November 23, 2019. In support of this distribution, the document may be found on our on-line library by the publication date at the following URL:

http://oeqc2.doh.hawaii.gov/EA_EIS_Library/2019-11-23-KA-FEIS-HoKua-Place.pdf

Finally, the State Library System has requested hard copies of all EISs being sent to their Hawai'i Document Center, along with a link to the electronic copy. While we generally encourage the distribution of electronic documents, should any other recipients specifically ask for hard copies, we suggest you honor such requests.

Should you have any questions regarding this matter, please contact Tom Eisen at (808) 586-4185.

Sincerely,

Keith E. Kawaoka, D. Env.
Acting Director
