**Subject:** Corrected Testimony: ADOPTION OF ORDER DR19-67- KU`ULEI HIGASHI KANAHELE and AHIENA KANAHELE  
**Date:** Thursday, October 31, 2019 4:52:16 PM

---

In the matter of Docket No. DR19-67, Ku'ulei Higashi Kanahale and Ahiena Kanahale, TMK No. 4-4-015:009 (por), and on behalf of Pacific Resource Partnership (PRP), a non-profit market recovery trust fund comprised of approximately 7,000 men and women carpenters across the islands and 240 large and small contractors, PRP strongly opposes Petitioners' request and strongly supports the vote of the Commission on Friday, October 25, 2019, denying Petitioners' request.

Pursuant to HRS section 205-4, the Commission does not have the authority to order landowners including, but not limited to, the BLNR, or the long-term lessee, the University of Hawaii, to file a district boundary amendment inasmuch as Petitioners lack the requisite property interest. Further, pursuant to law, the Commission lacks the jurisdiction to zone and regulate within the subject conservation district.

Accordingly, PRP supports the Commission's vote on October 25, 2019 and respectfully requests the Commission proceed with denying Petitioners' request for lack of jurisdiction.

Very truly yours,

Michael D. Formby  
Executive Director
