DOCKET NO. SP06-400

DECISION AND ORDER APPROVING TIME EXTENSION TO SPECIAL USE PERMIT

DECISION AND ORDER APPROVING TIME EXTENSION TO SPECIAL USE PERMIT

On July 16, 2009, Karlynn Fukuda filed a request on behalf of Hawaiian Cement ("Applicant") for a ten-year time extension to the life of the State Land Use Commission ("LUC") Special Use Permit issued in County Docket No. SUP1 2006/0001 (LUC Docket No. SP06-400) with the County of Maui Department of Planning ("DP"), pursuant to section 205-6, Hawaiʻi Revised Statues ("HRS"), and sections 15-15-95 and 15-15-96, Hawaiʻi Administrative Rules ("HAR").

On January 26, 2010, the County of Maui Planning Commission ("Planning Commission") conducted a hearing on the Applicant’s request. There was no public testimony. After due deliberation, the Planning Commission voted to
approve the Applicant's request and to delete Condition Numbers 6 and 7 of the Decision And Order Approving Special Use Permit dated December 4, 2006.

The LUC has jurisdiction over this matter. Section 205-6, HRS, and sections 15-15-95 and 15-15-96, HAR, confer jurisdiction upon the LUC to approve special use permits and amendments thereto for areas greater than 15 acres.

On April 13, 2010, the LUC received copies of the Planning Commission's decision and the record on the request. Upon review of the record, the LUC staff believed that it was incomplete because there was an ambiguity as to the nature of the Planning Commission's action with respect to the disposition of certain conditions previously imposed by the LUC on the Special Use Permit. By letter dated April 15, 2010, the LUC staff notified the DP that it would suspend further processing of the request until such time that the record in this matter was clarified by the County of Maui.

On July 13, 2010, the Planning Commission conducted a hearing to address the concerns of the LUC staff. There was no public testimony. After due deliberation, the Planning Commission clarified that all of the remaining 23 conditions previously imposed by the LUC are included as part of its decision to approve the Applicant's request for a ten-year time extension to the life of the Special Use Permit and to delete Condition Numbers 6 and 7.
On October 20, 2010, the LUC received copies of the Planning Commission’s agenda and minutes for its July 13, 2010, hearing.

On December 2, 2010, the LUC met in Honolulu, Hawai‘i, to consider the Applicant’s request. Karlynn Fukuda and Dave Gomes appeared on behalf of the Applicant. Michael Hopper, Esq., and Paul Fasi appeared on behalf of the DP. Bryan C. Yee, Esq., and Abe Mitsuda were also present on behalf of the State Office of Planning (“OP”).

At the meeting, the LUC staff provided a summary of the Applicant’s request and recommended that if the LUC were inclined to approve the Applicant’s request for a ten-year time extension to the life of the Special Use Permit, Condition Number 6 be amended to read as follows:

6. On each anniversary date of this Decision and Order, the Applicant shall file annual reports to the LUC and the DP in connection with the status of the subject project and the Applicant’s progress in complying with the conditions imposed herein. The annual report shall be submitted in a form prescribed by the Executive Officer of the Commission.

The LUC staff further recommended that Condition Number 7 be retained.

Following the presentation by the LUC staff, the Applicant stated that it currently has a 20-year lease for the subject property that expires in 2024, with an option to extend the lease for another 20 years. The Applicant then requested that in addition to its request for a ten-year time extension, the LUC consider the deletion of Condition
Numbers 8, 10, and 16 of the Decision And Order Approving Special Use Permit dated December 4, 2006, as the Applicant represented that these conditions have been met.

The DP stated that it had no objection to amending Condition Number 6 and retaining Condition Number 7 as recommended by the LUC staff nor any objection to the Applicant’s request to delete Condition Numbers 8, 10, and 16.

The OP stated that it had a concern about deleting the requirement in Condition Number 8b that no increase in storm water runoff be allowed onto the State highway right-of-way as OP believed that this was a continuing obligation. Upon discussion, the Applicant stated that it had no objection to retaining that part of Condition Number 8b. With respect to Condition Number 10, OP requested the Applicant to clarify whether the State Historic Preservation Division ("SHPD") formally agreed that Site T-9 was not marked for preservation as represented by the Applicant. The Applicant clarified that as part of its compliance report, it included a letter from the SHPD dated April 1, 2008, in which the SHPD did not require the preservation of Site T-9 but recommended the presence of a full-time archaeological monitor for the proposed ground altering activities on the parcel. Upon additional questioning by OP, the Applicant referenced an excerpt from the revised archaeological inventory survey prepared for the expansion area and subsequently accepted by the SHPD, in which Site T-9 was determined following a thorough inspection to be a naturally occurring, unmodified boulder field as there was no evidence of human alteration or uses. Based
on the findings of the survey, Site T-9 was no longer considered an archaeological site, did not warrant archaeological data recovery, and no longer warranted implementation of measures to prevent accidental encroachment.

The DP clarified the requirement that no increase in storm water runoff be allowed onto the State highway-right-of way was also a condition of the County Special Use Permit.

Upon further discussion, the LUC advised the Applicant that its request to delete Condition Numbers 8, 10, and 16 would not be considered by the LUC at this time as it was not part of the Planning Commission’s decision in this matter pursuant to section 205-6, HRS, and sections 15-15-95 and 15-15-96, HAR.

Following discussion by the Commissioners, a motion was made and seconded to (i) grant a ten-year time extension to the life of the Special Use Permit by amending Condition Number 1 of the Order Amending Decision And Order Approving Special Use Permit dated December 18, 2006, to read as follows:

1. That the LUC Special Use Permit shall be valid until December 15, 2019, subject to further extensions by the LUC upon a timely request for extension filed at least one-hundred twenty (120) days prior to its expiration. The appropriate Planning Commission shall make a recommendation to the LUC and may require a public hearing on the time extension.

(ii) amend Condition Number 6 of the Decision And Order Approving Special Use Permit dated December 4, 2006, to read as follows:
6. On each anniversary date of this Decision and Order, the Applicant shall file annual reports to the LUC and the DP in connection with the status of the subject project and the Applicant’s progress in complying with the conditions imposed herein. The annual report shall be submitted in a form prescribed by the Executive Officer of the Commission.

and (iii) retain Condition Number 7 of the Decision And Order Approving Special Use Permit dated December 4, 2006.

Following deliberation by the Commissioners, a vote was taken on the motion. There being a vote tally of 7 ayes and 2 absent, the motion carried.

**ORDER**

The LUC, having duly considered the complete record of the Planning Commission’s proceedings on the Applicant’s request and the oral arguments presented by the parties in this proceeding, and a motion having been made at a meeting conducted on December 2, 2010, in Honolulu, Hawai‘i, and the motion having received the affirmative votes required by section 15-15-13, HAR, and there being good cause for the motion,

**HEREBY ORDERS** that Condition Number 1 of the Order Amending Decision And Order Approving Special Use Permit dated December 18, 2006, be amended as follows:

1. That the LUC Special Use Permit shall be valid until December 15, 2019, subject to further extensions by the LUC upon a timely request for extension filed at least one-hundred twenty (120) days prior to its expiration. The appropriate Planning Commission shall
make a recommendation to the LUC and may require a public hearing on the time extension.

IT IS FURTHER ORDERED that Condition Number 6 of the Decision And Order Approving Special Use Permit dated December 4, 2006, be amended as follows:

6. On each anniversary date of this Decision and Order, the Applicant shall file annual reports to the LUC and the DP in connection with the status of the subject project and the Applicant’s progress in complying with the conditions imposed herein. The annual report shall be submitted in a form prescribed by the Executive Officer of the Commission.

All other conditions to the Decision And Order Approving Special Use Permit dated December 4, 2006, are hereby reaffirmed and shall continue in effect.¹

¹ Condition Number 1 was amended pursuant to Order Amending Decision And Order Approving Special Use Permit dated December 18, 2006, and is further amended herein.
Done at Honolulu, Hawai‘i, this 60TH day of January, 2011, per motion on December 2, 2010.

2018 County Special Use Permit Bi-Annual Report
February 16, 2018

William Spence, Director
County of Maui
Department of Planning
Attention: Paul Fasi, Planner
One Main Plaza
2200 Main Street, Suite 315
Wailuku, Hawai‘i 96793

SUBJECT: County Special Use Permit For the Pohakea Quarry (Hawaiian Cement), TMK (2) 3-6-004:007, Maalaea, Maui, Hawaii (CUP 2006/0001)

Dear Mr. Spence:

The Maui Planning Commission (Commission), at a regularly scheduled meeting on January 26, 2010, approved the 10-year time extension request for the County Special Use Permit (CUP). The Commission's approval of the time extension request is subject to 13 conditions. See Exhibit “A”.

Condition Number 5 of the 2010 CUP time extension recommended:

That the Applicant shall submit bi-annually to the Department, five (5) copies of the detailed report addressing its compliance with the conditions established by the County Special Use Permit.

On behalf of the CUP permit holder, Hawaiian Cement, we are submitting this bi-annual compliance report in order to meet Condition No. 5 of the CUP.

COUNTY SPECIAL USE PERMIT CONDITIONS

Condition No. 1:

That the County Special Use Permit shall be valid until December 15, 2019, subject to extension by the Commission upon a timely request for extension filed at least one-hundred twenty (120) days prior to its expiration. The Commission may require a public hearing on the time extension.
**Response:** The permittee concurs with this condition and will comply with the time extension request procedures.

**Condition No. 2:**

That the County Special Use Permit shall not be transferred without the prior written approval of the Commission.

**Response:** The permittee concurs with this condition. No permit transfer request is anticipated for the CUP.

**Condition No. 3:**

That the Applicant, its successors, and permitted assigns shall exercise reasonable due care as to third parties with respect to all areas affected by subject County Special Use Permit and shall procure at its own cost and expense, and shall maintain during the entire period of this County Special Use Permit, a policy or policies of comprehensive liability insurance in the minimum amount of ONE MILLION AND NO/100 DOLLARS ($1,000,000.00) naming the County of Maui as an additional named insured, insuring and defending the Applicant and County of Maui against any and all claims or demands for property damage, personal injury, and/or death arising out of this permit, including but not limited to: (1) claims from any accident in connection with the permitted use, or occasioned by any act or nuisance made or suffered in connection with the permitted use in the exercise by the Applicant of said rights; and (2) all actions, suits, damages, and claims by whomsoever brought or made by reason of the non-observance or non-performance of any terms and conditions of this permit. Proof of a policy naming County of Maui as an additional named insured shall be submitted to the Department within ninety (90) calendar days from the date of transmittal of the Decision and Order.

**Response:** The permittee concurs with the condition. The current certificate of insurance naming the County of Maui as an additional insured is attached as Exhibit “B”.

**Condition No. 4:**

That full compliance with all applicable governmental requirements shall be rendered.

**Response:** The permittee concurs with the condition.
Condition No. 5:

That the Applicant shall submit bi-annually to the Department, five (5) copies of a detailed report addressing its compliance with the conditions established by the County Special Use Permit.

Response: This bi-annual report is being submitted to satisfy this condition.

Condition No. 6:

That the Applicant shall continue to develop the property in substantial compliance with the representations made to the Commission in obtaining the County Special Use Permit. Failure to so develop the property may result in the revocation of the permit.

Response: The permittee concurs with the condition and continues to utilize the property in substantial compliance with representations made to the Commission.

Condition No. 7:

That the Applicant shall continue compliance with the following recommendations of the State Department of Transportation:

A. The Applicant shall continue to regularly remove dirt, debris, gravel, and other byproducts of quarry operations from the quarry access road's intersection with Honoapilani Highway. The Applicant shall abide by its previous plan for rapid removal of any quarry products spilled on the State highway right-of-way; and

B. No increase in stormwater runoff will be allowed into the State highway right-of-way.

Response: The permittee concurs with this condition and abides by its plans and procedures regarding quarry operation's to remove by products from the quarry’s access road and maintaining its drainage improvements.

Condition No. 8:

That in the event of any significant cultural deposits or human skeletal remains are encountered, work shall stop in the immediate vicinity and the State Historic Preservation Division shall be contacted.
**Response:** The permittee concurs with this condition and will comply with the procedures.

**Condition No. 9:**

That the Applicant shall have an on-site monitor to ensure that the load is covered and material is removed from the exterior of the truck bed and wheels to reduce debris falling onto public roadways.

**Response:** The permittee concurs with this condition and has an on-site monitor.

**Condition No. 10:**

That upon cessation of the Pohakea Quarry operations, a closure plan shall be prepared to re-vegetate the site or other measures to reduce erosion and shall be reviewed and approved by the Department.

**Response:** The permittee concurs with this condition. In the event the Pohakea Quarry operations ceases, a closure plan approved by the landowner, will be submitted to the Department of Planning.

**Condition No. 11:**

That the Applicant shall incorporate applicable Best Management Practices (BMPs) to mitigate noise and dust related to the Pohakea Quarry expansion.

**Response:** The permittee concurs with this condition and incorporates BMPs for noise and dust mitigation.

**Condition No. 12:**

That the Applicant shall maintain the existing natural landscape buffer along the southern boundary of the project site for the life of the quarry to provide a visual buffer.

**Response:** The permittee concurs with this condition.

**Condition No. 13:**

That base course materials from the quarry shall not be exported off-island.
Response: The permittee concurs with this condition. No base course materials from the quarry are shipped off-island.

Should you have any further questions, please do not hesitate to contact me at 244-2015.

Very truly yours,

Cheryl K. Okuma, Senior Associate

TIME EXTENSION REQUEST APPROVAL LETTER
Dated March 9, 2010
CERTIFIED MAIL - #7007 2560 0001 7798 7809

Mr. David Gomes
Hawaiian Cement
P.O. Box 486
Kahului, Hawaii 96733

Dear Mr. Gomes:

SUBJECT: TIME-EXTENSION REQUEST FOR STATE LAND USE COMMISSION SPECIAL USE PERMIT, COUNTY SPECIAL USE PERMIT, AND COUNTY CONDITIONAL PERMIT IN ORDER TO CONTINUE OPERATION OF THE POHAKEA QUARRY FACILITIES, CONCRETE RECYCLING AND GREENWASTE COMPOSTING IN THE STATE AND COUNTY AGRICULTURAL DISTRICTS, AT MAALAEA, ISLAND OF MAUI, HAWAII; TMK: (2) 3-6-004;007 (SUP1 2006/0001) (CP 97/0002) (CUP 2009/0001)

At its regular meeting on January 28, 2010, the Maui Planning Commission (Commission) conducted a review on the above requests. After due deliberation, the Commission voted to recommend approval of the State Land Use Commission Special Use Permit, subject to the following recommended conditions:

STATE LAND USE COMMISSION SPECIAL USE PERMIT

The Commission recommends to the State Land Use Commission approval of the ten-year time-extension request for the State Land Use Commission Special Use Permit, subject to the following conditions:

Standard Conditions:

1. That the State Land Use Commission Special Use Permit shall be valid until December 15, 2019, subject to further extensions by the State Land Use Commission upon a timely request for extension filed at least one-hundred twenty (120) days prior to its expiration. The appropriate Planning Commission shall make a recommendation to the State Land Use Commission and may require a public hearing on the time extension.
2. That the conditions of this State Land Use Commission Special Use Permit shall be enforced pursuant to Sections 205-12 and 205-13, Hawaii Revised Statutes (HRS). Failure to comply with one (1) or more of the conditions herein shall result in a notice of violation issued by the appropriate enforcement agency, notifying the permit holder of the violation, and providing the permit holder no more than sixty (60) days to cure the violation. If the permit holder fails to cure the violation within sixty (60) days of said notice, the appropriate enforcement agency shall issue an order which may require one (1) or more of the following: that the violative activity cease; that the violative development be removed; that a civil fine be paid not to exceed $1,000.00 per violation; and that a civil fine not to exceed $5,000.00 shall be issued if violation not cured within six (6) months of the issuance of the order. The order shall become final thirty (30) days after the date of its mailing or hand-delivery unless written request for a hearing is mailed or delivered to the Department of Planning (Department) within said thirty (30) days. Upon receipt of a request for a hearing, the Department shall specify a time and place for the permit holder to appear and be heard. The hearing shall be conducted by the Planning Director (Director) or the Director's designee in accordance with the provisions of Chapter 91, HRS, as amended.

3. That the subject State Land Use Commission Special Use Permit shall not be transferred without the prior written approval of the State Land Use Commission. The appropriate Planning Commission shall make a recommendation to the State Land Use Commission. However, in the event that a contested case hearing preceded issuance of said State Land Use Commission Special Use Permit, a public hearing shall be held by the appropriate Planning Commission upon due notice, including actual written notice to the last known addresses of parties to said contested case and their counsel.

4. That the Applicant, its successors, and permitted assigns shall exercise reasonable due care as to third parties with respect to all areas affected by subject State Land Use Commission Special Use Permit and shall procure at its own cost and expense, and shall maintain during the entire period of this State Land Use Commission Special Use Permit, a policy or policies of comprehensive liability insurance in the minimum amount of ONE MILLION AND NO/100 DOLLARS ($1,000,000.00) naming the County of Maui and State of Hawaii as an additional named insured, insuring and defending the Applicant, County of Maui and State of Hawaii against any and all claims or demands for property damage, personal injury, and/or death arising out of this permit, including but not limited to: (1) claims from any accident in connection with the permitted use, or occasioned by any act or nuisance made or suffered in connection with the permitted use in the exercise by the Applicant of said rights; and (2) all actions, suits, damages, and claims by whomsoever brought or made by reason of the non-observance or non-performance of any of the terms and conditions of this permit. Proof of a
policy naming County of Maui as an additional named insured shall be submitted to the Department within ninety (90) calendar days from the date of transmittal of the Decision and Order.

5. That full compliance with all applicable governmental requirements shall be rendered.

The Commission authorizes the Director to forward the record and its recommendation on the State Land Use Commission Special Use Permit to the State Land Use Commission.

COUNTY SPECIAL USE PERMIT

The Commission also approved the ten-year time-extension request for the County Special Use Permit subject to the following conditions:

Standard Conditions:

1. That the County Special Use Permit shall be valid until December 15, 2019, subject to extension by the Commission upon a timely request for extension filed at least one-hundred twenty (120) days prior to its expiration. The Commission may require a public hearing on the time extension.

2. That the County Special Use Permit shall not be transferred without the prior written approval of the Commission.

3. That the Applicant, its successors, and permitted assigns shall exercise reasonable due care as to third parties with respect to all areas affected by subject County Special Use Permit and shall procure at its own cost and expense, and shall maintain during the entire period of this County Special Use Permit, a policy or policies of comprehensive liability insurance in the minimum amount of ONE MILLION AND NO/100 DOLLARS ($1,000,000.00) naming the County of Maui as an additional named insured, insuring and defending the Applicant and County of Maui against any and all claims or demands for property damage, personal injury, and/or death arising out of this permit, including but not limited to: (1) claims from any accident in connection with the permitted use, or occasioned by any act or nuisance made or suffered in connection with the permitted use in the exercise by the Applicant of said rights; and (2) all actions, suits, damages, and claims by whomsoever brought or made by reason of the non-observance or non-performance of any of the terms and conditions of this permit. Proof of a policy naming County of Maui as an additional named insured shall be submitted to the Department within ninety (90) calendar days from the date of transmittal of the Decision and Order.
4. That full compliance with all applicable governmental requirements shall be rendered.

5. That the Applicant shall submit bi-annually to the Department, five (5) copies of a detailed report addressing its compliance with the conditions established by the County Special Use Permit.

6. That the Applicant shall continue to develop the property in substantial compliance with the representations made to the Commission in obtaining the County Special Use Permit. Failure to so develop the property may result in the revocation of the permit.

**Project Specific Conditions:**

7. That the Applicant shall continue compliance with the following recommendations of the State Department of Transportation:

   A. The Applicant shall continue to regularly remove dirt, debris, gravel, and other byproducts of quarry operations from the quarry access road's intersection with Honoapiilani Highway. The Applicant shall abide by its previous plan for rapid removal of any quarry products spilled on the State highway right-of-way; and

   B. No increase in storm water runoff will be allowed onto the State highway right-of-way.

8. That in the event any significant cultural deposits or human skeletal remains are encountered, work shall stop in the immediate vicinity and the State Historic Preservation Division shall be contacted.

9. That the Applicant shall have an on-site monitor to ensure that the load is covered and material is removed from the exterior of the truck bed and wheels to reduce debris falling onto the public roadways.

10. That upon cessation of the Pohakea Quarry operations, a closure plan shall be prepared to re-vegetate the site or other measures to reduce erosion and shall be reviewed and approved by the Department.

11. That the Applicant shall incorporate applicable Best Management Practices (BMPs) to mitigate noise and dust related to the Pohakea Quarry expansion.
12. That the Applicant shall maintain the existing natural landscape buffer along the southern boundary of the project site for the life of the quarry to provide a visual buffer.

13. That base course materials from the quarry shall not be exported off-island.

The County Special Use Permit conditions will be enforced, pursuant to the provisions of Chapter 19.530, Section 19.530.030 of the Maui County Code (MCC), as amended, 1980; and the Rules for Administrative Procedures and Civil Fines for Violations of Titles 12, 14, 16, 19, and 20 of the MCC.

The Commission adopted the Report and Revised Recommendations prepared by the Department for the January 28, 2010 meeting as the Findings of Fact, Conclusions of Law, and Decision and Order, attached hereto and made a part hereof. Parties to proceedings before the Commission may obtain Judicial Review of Decision and Orders issued by the Commission in the manner set forth in Chapter 91-14, HRS.

**CONDITIONAL PERMIT**

The Commission recommended approval of the ten-year time-extension request for the County Conditional Permit to the Maui County Council, subject to conditions as recorded in Ordinance No. 3232, dated December 15, 2004. (See Exhibit 11 in the Department Report)

The pertinent condition (Condition No. 2) as written in Ordinance 3232, in its amended form would thus read:

"That the Conditional Permit is hereby granted to Hawaiian Cement and shall be valid until December 15, 2019. An extension of this permit beyond this ten-year period may be granted pursuant to Section 19.40.090 of the Maui County Code."

2018 County Conditional Permit Annual Report
Michele Chouteau McLean, Director
County of Maui
Department of Planning
Attention: Paul Fasi, Planner
One Main Plaza
2200 Main Street, Suite 315
Wailuku, Hawai‘i 96793

SUBJECT: County Conditional Permit for Hawaiian Cement Pohakea Quarry,
TMK 3-6-004:007(por.), (CP 97/0002)

Dear Mr. Fasi:

Ordinance No. 3787, granting a time extension to the abovementioned Conditional Permit, was passed on final reading by the Maui County Council on October 19, 2010 and took effect on October 22, 2010. The Conditional Permit (CP) time extension was granted until December 15, 2019. The approval of the time extension request was subject to seven (7) conditions. See Exhibit “A”.

Condition Number 7 of the 2010 County Conditional Permit time extension approval stated:

“That Hawaiian Cement shall submit to the Department of Planning annual reports addressing its compliance with the conditions established with the subject Conditional Permit.”

On behalf of the County Conditional Permit holder, Hawaiian Cement, we are submitting this compliance report to meet Condition Number 7 and address compliance with the conditions set forth in the approved CP time extension.

**Condition No. 1**

That full compliance with all conditions of the State Special Use Permit, with the conditions of the State Department of Health, Clean Air Branch, Noncovered Source Permit, and with all other applicable governmental requirements shall be rendered;
Response: The permittee concurs with this condition and will comply with the conditions in the State Special Use Permit, with the conditions of the State Department of Health, Clean Air Branch, Noncovered Source Permit and applicable governmental requirements. The permittee submitted a renewal modification application for a Covered Source Permit as required, to the State Department of Health (DOH). By letter dated July 21, 2008, DOH acknowledged receipt of permittee’s permit renewal-modification application. DOH confirmed via email on April 28, 2014, that permittee follow the guidelines of covered source permit 0386-02-C issued on June 12, 2008. See attached Exhibit “B”.

DOH notified the permittee by letter dated December 9, 2013, that a new National Pollutant Discharge Elimination System (NPDES) permit was granted for stormwater discharge in accordance with Hawaii Administration Rules, Title 11, Chapter 55, Appendix B which became effective December 9, 2013. The NPDES Permit extension is in progress with the State Department of Health. See Exhibit “B-1”.

Condition No. 2

That the Conditional Permit is hereby granted to Hawaiian Cement and shall be valid [for a period of five years from the effective date of the most recent amendment to this ordinance;] until December 15, 2019; provided that, an extension of this permit beyond this [five-year] period may be granted pursuant to Section 19.40.090, Maui County Code;

Response: The permittee concurs with the condition and will comply with time extension request procedures. We note that the CP for the operation of a concrete recycling facility in conjunction with the permitted quarry and rock crushing operation would expire in December 2019.

The permittee sent the DOH, Solid Waste and Hazardous Waste Branch a letter dated December 6, 2013, that it will not be seeking a permit renewal application for a green waste composting operation. The green waste operation was not initiated and as such, no green waste has been accepted and no composting activities were performed.

DOH sent permittee a letter dated December 26, 2013, that it closed its file regarding the green waste composting permit which expired December 4, 2013. See Exhibit “C”.

**Condition No. 3**

*That the Conditional Permit shall be nontransferable unless the Council approves the transfer by ordinance;*

**Response:** The permittee concurs with the condition. No permit transfer request is anticipated for the CP.

**Condition No. 4**

*That Hawaiian Cement, its successors and permitted assigns shall exercise reasonable due care as to third parties with respect to all areas affected by subject Conditional Permit and shall procure at its own cost and expense, and shall maintain during the entire period of this Conditional Permit a policy or policies of comprehensive liability insurance in the minimum amount of ONE MILLION AND NO/100 DOLLARS ($1,000,000.00), naming the County of Maui as an additional [named] insured, insuring and defending Hawaiian Cement and County of Maui against any and all claims or demands for property damage, personal injury and/or death arising out of this permit, including but not limited to: (1) claims from any accident in connection with the permitted use, or occasioned by any act or nuisance made or suffered in connection with the permitted use in the exercise by Hawaiian Cement of said rights; and (2) all actions, suits, damages and claims by whomsoever brought or made by reason of the nonobservance or non-performance of any of the terms and conditions of this permit. A copy of a policy naming County of Maui as an additional [named] insured shall be submitted to the Department of Planning within ninety (90) calendar days from the effective date of the most recent amendment to this ordinance.*

**Response:** An updated Certificate of Insurance is attached hereto as Exhibit “D”.

**Condition No. 5**

*That this Conditional Permit shall be limited to the composting of green waste and grubbed material, [and] the recycling of concrete rubble in connection with the base course production, and the use of the scale house/office structure located on the site;*

**Response:** In regards to the recycling of concrete rubble, the permittee concurs with the condition and continues to comply. The permittee did not seek a renewal of the green waste composting permit which expired December 4, 2013. See response to Condition No. 2.
The applicant will plan to amend this condition and any conditions relative to the green waste composting operation at the future time extension request for the Conditional Permit.

**Condition No. 6**

*That Hawaiian Cement shall employ dust control measures at the green waste composting area to minimize dust emissions.*

**Response:** The green waste permit expired December 4, 2013 and the permittee did not seek a renewal of the permit. The green waste operation was not initiated and as such no green waste has been accepted and no composting activities were performed on the quarry site. See response to Condition No. 2. As such, there are no dust emissions at this area.

**Condition No. 7**

*That Hawaiian Cement shall submit to the [Planning Department] Department of Planning annual reports addressing its compliance with the conditions established with the subject Conditional Permit."

**Response:** This report is being submitted to satisfy this condition.

Should you have any further questions, please do not hesitate to contact me at 244-2015.

Very truly yours,

CONDITIONAL PERMIT
APPROVAL ORDINANCE
NO. 3787

EXHIBIT A
ORDINANCE NO. 3787

BILL NO. 74 (2010)

A BILL FOR AN ORDINANCE TO EXTEND A CONDITIONAL PERMIT TO ALLOW THE OPERATION OF A CONCRETE RECYCLING AND GREEN WASTE COMPOSTING FACILITY IN CONJUNCTION WITH THE PERMITTED QUARRY AND ROCK CRUSHING OPERATION WITHIN THE COUNTY AGRICULTURAL DISTRICT FOR PROPERTY SITUATED AT TAX MAP KEY NO. (2) 3-6-004:007 (POR.), WAILUKU, MAUI, HAWAII

BE IT ORDAINED BY THE PEOPLE OF THE COUNTY OF MAUI:

SECTION 1. Pursuant to Chapter 19.40, Maui County Code, the Conditional Permit granted by Ordinance No. 2669 (1998), as amended by Ordinance No. 2853 (2000), as amended by Ordinance No. 3232 (2004), is extended, subject to the conditions imposed in Section 2 of this ordinance, for the operation of a concrete recycling and green waste composting facility in conjunction with the permitted quarry and rock crushing operation within the County Agricultural District. The site is identified for real property tax purposes by Tax Map Key No. (2) 3-6-004:007 (por.), and is comprised of approximately 14.8 acres of land.

SECTION 2. The conditions imposed in Ordinance No. 3232 (2004) are amended to read as follows:

1. That full compliance with all conditions of the State Special Use Permit, with the conditions of the State Department of Health, Clean Air Branch, Noncovered Source Permit,
and with all other applicable governmental requirements shall be rendered;

2. That the Conditional Permit is hereby granted to Hawaiian Cement and shall be valid [for a period of five years from the effective date of the most recent amendment to this ordinance;] until December 15, 2019; provided that, an extension of this permit beyond this [five-year] period may be granted pursuant to Section 19.40.090, Maui County Code;

3. That the Conditional Permit shall be nontransferable unless the Council approves the transfer by ordinance;

4. That Hawaiian Cement, its successors and permitted assigns shall exercise reasonable due care as to third parties with respect to all areas affected by subject Conditional Permit and shall procure at its own cost and expense, and shall maintain during the entire period of this Conditional Permit a policy or policies of comprehensive liability insurance in the minimum amount of ONE MILLION AND NO/100 DOLLARS ($1,000,000.00), naming the County of Maui as an additional [named] insured, insuring and defending Hawaiian Cement and County of Maui against any and all claims or demands for property damage, personal injury and/or death arising out of this permit, including but not limited to: (1) claims from any accident in connection with the permitted use, or occasioned by any act or nuisance made or suffered in connection with the permitted use in the exercise by Hawaiian Cement of said rights; and (2) all actions, suits, damages and claims by whomever brought or made by reason of the non-observance or non-performance of any of the terms and conditions of this permit. A copy of a policy naming County of Maui as an additional [named] insured shall be submitted
to the Department of Planning within ninety (90) calendar days from the effective date of the most recent amendment to this ordinance.[1]

5. That this Conditional Permit shall be limited to the composting of green waste and grubbed material [and] the recycling of concrete rubble in connection with the base course production and the use of the scale house/office structure located on the site;

6. That Hawaiian Cement shall employ dust control measures at the green waste composting area to minimize dust emissions; and

7. That Hawaiian Cement shall submit to the Planning Department Department of Planning annual reports addressing its compliance with the conditions established with the subject Conditional Permit."

SECTION 3. This ordinance shall take effect upon its approval.

APPROVED AS TO FORM AND LEGALITY:

JAMES A. GIROUX
Deputy Corporation Counsel
County of Maui
WE HEREBY CERTIFY that the foregoing BILL NO. 74 (2010)

1. Passed FINAL READING at the meeting of the Council of the County of Maui, State of Hawaii, held on the 19th day of October, 2010, by the following vote:

2. Was transmitted to the Mayor of the County of Maui, State of Hawaii, on the 20th day of October, 2010.

DATED AT WAILUKU, MAUI, HAWAII, this 20th day of October, 2010.

DENNIS A. MATEO, CHAIR
Council of the County of Maui

JEFFREY T. KUWADA, COUNTY CLERK
County of Maui

THE FOREGOING BILL IS HEREBY APPROVED THIS 22nd DAY OF OCTOBER, 2010.

CHARMAINE TAVARES, MAYOR
County of Maui

I HEREBY CERTIFY that upon approval of the foregoing BILL by the Mayor of the County of Maui, the said BILL was designated as ORDINANCE NO. 3787 of the County of Maui, State of Hawaii.

JEFFREY T. KUWADA, COUNTY CLERK
County of Maui

Passed First Reading on October 1, 2010.
Effective date of Ordinance October 22, 2010.

I HEREBY CERTIFY that the foregoing is a true and correct copy of Ordinance No. 3787, the original of which is on file in the Office of the County Clerk, County of Maui, State of Hawaii.

Dated at Wailuku, Hawaii, on

County Clerk, County of Maui
LETTER FROM
DEPARTMENT OF HEALTH
DATED JULY 21, 2008

EXHIBIT B
July 21, 2008

Mr. John H. DeLong
President
Hawaiian Cement
91-1300 Halawa Valley Street
Honolulu, Hawaii 96701

Dear Mr. DeLong:

Subject: Covered Source Permit (CSP) 0386-02-C
Renewal-Modification Application No. 0386-08
Hawaiian Cement
800 tph Crushing and Screening Plant
Located at: Walkapu Quarry, Wailuku, Maui

The Department of Health acknowledges receipt of your renewal-modification application on June 24, 2008, for the subject facility. The renewal-modification application has been assigned No. 0386-08. Please reference this number in future correspondence regarding this permit. A receipt for the application filing fee of $500.00 is enclosed.

The Department has completed the initial review of your permit application. You propose to add a grizzly feeder, jaw crushe, and a diesel engine generator, and to delete the annual production limit of 540,800 tons per year and the annual hourly limit of 2,080 hours per year.

In your application, the Department of Health has noted a discrepancy in the ambient air quality impact assessment. In Appendix A, page A-10, ISC3 Screening calculations, for the nitrogen dioxide annual concentration, the multi-tiered ambient ratio method was applied. But in the ambient ratio method, the 2080 hours of operation was used to proportionally reduce the annual concentration, which is no longer applicable since you requested to delete the annual hourly limit of 2,080 hours per year. Without that hourly limit, the predicted nitrogen dioxide annual concentration exceeds the allowable Hawaii air standard of 70 micrograms per cubic meter. The proposed operation for the new diesel engine generator needs to be revised to meet the Hawaii air standard for the annual nitrogen dioxide ambient air quality impact.

Please note that in accordance with Hawaii Administrative Rules (HAR), Title 11, Chapter 60.1, during the processing of an application, if it is determined that additional information is necessary to evaluate the application, the Department may request additional information.

If you have any questions, please call Mr. Glenn Nagamine of my staff at (808) 586-4200.

Sincerely,

Willfred K. Nagamine
Manager, Clean Air Branch

Kevin,

We are doing a compliance review for Walkapu Quarry. Can you confirm we are in good standing by replying to this email.

Your July 21, 2008 letter acknowledges receipt of our renewal—modification application. The technical details for developing a new permit are being worked out between your office and our consultant, Dr. Jim Morrow. In the meantime, we are following the guidelines of permit 0386-02-C issued June 12, 2008.

Let me know if more information is required.

Thank you,

Dane Wurltzer

NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT

(Stormwater Discharge Dated December 9, 2013 - Expires on December 8, 2017)

EXHIBIT B-1
November 14, 2017

Mr. Jason Macy
President
Hawaiian Cement
99 Halawa Valley Street
Aiea, Hawaii 96701

Dear Mr. Macy:

Subject: Administrative Extension of
Notice of General Permit Coverage (NGPC) for
Hawaiian Cement – Waikapu Quarry
Island of Maui, Hawaii
File No. HI R32C427

The Department of Health (DOH), Clean Water Branch (CWB), acknowledges receipt of your 2017 Renewal Notice of Intent (NOI) and $500 filing fee for coverage under the National Pollutant Discharge Elimination System general permit provisions, in accordance with the Hawaii Administrative Rules (HAR), Section 11-55-34.08.

The DOH is unable to complete the processing of your NOI prior to the current NGPC expiration date. Therefore, in accordance with HAR, Section 11-55-34.09(d), the DOH hereby administratively extends the subject NGPC until a notice of renewed coverage under the applicable general permit is issued or until notified by the DOH, whichever occurs first. Please note that the DOH may request you submit additional information in order to complete the processing of your NOI for renewed coverage.

The Permittee shall not be held in violation of Hawaii Revised Statutes, Chapter 342D-6(h), and HAR, Chapter 11-55, during the pendency of its renewal NOI, so long as it acts consistently with the NGPC presently granted. Note: The Permittee shall continue any sampling required by the current NGPC. Any non-compliance with the conditions of the administratively extended NGPC may be subject to penalties of up to $25,000 per violation per day.

It is the Permittee’s responsibility to ensure that anyone working under this administrative extension of your NGPC understands and complies with the terms and conditions therein.
Should you have any questions, please contact Ms. Kris Poentis of the Engineering Section, CWB, at 586-4309.

Sincerely,

STUART YAMADA, P.E., CHIEF
Environmental Management Division

WARNING LETTER (S1134SL)

Dear Mr. Chang:

On behalf of our client, Hawaiian Cement, we provide this response to the State Department of Health’s Warning Letter dated November 27, 2013 which was received by Hawaiian Cement on December 4, 2013.

Hawaiian Cement’s Green Waste Recycling permit (Solid Waste Management Permit No. RY-0087-08) expired December 4, 2013. Please be informed that Pohakulepo Recycling, LLC and Hawaiian Cement will not be seeking a permit renewal application for a Greenwaste Composting operation. The greenwaste operation was not initiated and, as such, no greenwaste has been accepted and no composting activities were performed.
If there are any questions, please call me at (808) 244-2015.

Very truly yours,

Kahului, Hawaii 96732

Dear Messrs. Jacintho, Sr. and Gomes:

SUBJECT: Solid Waste Management Permit by Rule No. CO-0087-08 File Closure
Pohakulepo Recycling, LLC and Hawaiian Cement
Approximately 0.2 Miles West of Honoapiilani, in the Vicinity of
Kuhielani Hwy. and Honoapiilani Hwy. Intersection, Maui
TMK: 3-6-04:007

The Department of Health, Solid Waste Section received a letter dated
December 6, 2013 responding to our warning letter dated November 27, 2013. The
letter was submitted by Munekiyo and Hiraga, Inc.

The letter stated that Pohakulepo Recycling, LLC and Hawaiian Cement would not be
seeking a permit renewal for the greenwaste composing operation. The letter further
stated that the greenwaste operation was never initiated—no greenwaste has been
accepted and no composting activities have been performed. The subject permit
expired on December 4, 2013.

With this understanding, we have closed the subject permit file. If, in the future, you
decide to open a greenwaste facility at the subject site, or any other site, a new solid
waste management permit application is required to be submitted to our office for our
review and approval prior to commencement of activities.
Mr. Ronald Jacinthe, Sr.
Mr. David Gomes
December 26, 2013

Roadway Maintenance Plan
August 1, 2006

Mr. Ferdinand Cajigal  
State of Hawaii  
Department of Transportation  
Highways Division

Subject: Maintenance Plan

Dear Mr. Cajigal,

The following is Hawaiian Cement’s proposed maintenance plan for the Puunene quarry (located off Mokulele Highway) and Waikapu quarry (located off Honoapiilani Highway):

1. **Inspection(s)** — Routine daily inspections will be made by our aggregate and concrete manager's (they travel in and out of our quarry on a constant daily basis). If spillage is found during these inspections, our water wagon operator will be dispatched to shoot off any aggregate build up from the affected area.

2. **Spillage** — In the event of any material spillage (concrete or aggregate) a labor crew will be dispatched to control the flow of traffic and immediately clean the affected area of roadway (or intersection). If necessary, our water wagon and front end loader can be utilized to assist in the clean up process.

3. **Major Spillage** — In the event of a major spillage….the same actions will be taken, however, a larger work force will be dispatched and a designated manager will be sent to supervise the clean up process.

4. **Contacts** — Should the need arise to contact a Hawaiian Cement representative, please call the following phone numbers:

   - Concrete - David Padgett  
   - Aggregate - Keoni DeRegio  
   - Alternate to the above - Ed McCary  

   Cell. (808) 870-7605  
   Cell. (808) 357-7458  
   Cell. (808) 357-7900

If we can be of any further assistance or answer any questions, please contact me at our Maui Office.

Very Truly Yours,

David Gomes  
Assistant Division Manager, Maui
Gomes, David

Letters from the State Historic Preservation Division Dated April 1, 2008 Accepting the Archaeological Inventory Survey and Archaeological Monitoring Plan
April 1, 2008

Cathleen A. Dagher
Scientific Consulting Services Archaeology
711 Kapiolani Boulevard, Suite 975
Honolulu, Hawaii 96813

Dear Ms. Dagher:

SUBJECT: Chapter 6E-42 Historic Preservation Review – Revised Archaeological Inventory Survey Review of the Proposed Pohakea Rock Quarry Expansion Project Waikapu Ahupua’a, Wailuku District, Island of Maui

Thank you for the opportunity to review this revised report which our Maui staff received on December 28, 2007 (Dagher and Dega, An Archaeological Inventory Survey of a 60 Acre Property for the Proposed Pohakulepo Quarry Expansion Project TMK (2) 3-6-004:007, Waikapu Ahupua’a, Wailuku District, Maui, Hawaii).…Scientific Consultant Services, Inc.

We reviewed the original report which was received on August 10, 2006 and requested some revisions (LOG NO: 2006.3729/ DOC NO: 0611JP27). Thank you for making the recommended revisions and submitting the final report to our office. Pursuant to the applicable Hawaii Revised Statutes, this Archaeological Inventory Survey Report is now acceptable.

Prior to the submittal of the inventory survey report, we provided comments for the Land Use Commission Special Use Permit and the County Special Use permit applications for the expansion and indicated that some outstanding archaeological issues need to be addressed (LOG NO: 2006.1656/ DOC NO: 0605MK47).

Seven historic properties comprising 23 features were documented and issued Statewide Inventory of Historic Places (SIHP) 50-50-09-6061 (rock wall and an enclosure); 50-50-09-6062 (rock wall); 50-50-09-6063 (16 features: walls, C-shape, circular enclosure, depressions, modified boulder field); 50-50-09-6064 (modified outcrop/rock wall); 50-50-09-6065 (rock wall); 50-50-09-6066 (enclosure); 50-50-09-6067 (modified outcrop/rock wall). Five of the seven sites were originally identified in 1988 by Paul H. Rosendahl, Inc. (PHRI). The current inventory survey re-identified and recorded five of the six previously identified archaeological sites in the project area. All of the sites are significant under Criterion D and have yielded adequate information. Archaeological monitoring has been agreed upon and the Archaeological Monitoring Plan specifying details of the monitoring program has been submitted to our office for review (refer to DOC NO: 0803JP21).
Again, this revised Archaeological Inventory Survey Report is now acceptable. Should there be any concerns, please feel free to contact the Maui/Lana'i section of the SHPD at (808) 243-4641.

Aloha,

Nancy McMahon, Archaeologist and Acting Archaeology Branch Chief
State Historic Preservation Division

JP:

c: Director, Dept. of Planning, 250 S. High Street, Wailuku, HI 96793
   Maui Cultural Resources Commission, Dept. of Planning, 250 S. High Street, Wailuku, HI 96793
April 1, 2008

Dr. Michael Dega
Scientific Consultant Services, Inc.
711 Kapiolani Boulevard, Suite 975
Honolulu, Hawai‘i 96813

Dear Dr. Dega:

SUBJECT: Archaeological Monitoring Plan Review and Acceptance for the Proposed Pohakea Rock Quarry Expansion Project Waipaku Ahupua‘a, Wailuku District, Island of Maui TMK (2) 3-6-004:007

Thank you for the opportunity to review the archaeological monitoring plan, which was received by our staff in August 2007 [Chaffee and Spear 2007, An Archaeological Monitoring Plan for the Proposed Pohakea (Pohakulepo) Quarry Expansion Project TMK (2) 3-6-004:007, Waipaku Ahupua‘a, Wailuku District, Island of Maui, Hawai‘i]...Scientific Consultant Services, Inc.

We have recently accepted the correlating revised Archaeological Inventory Survey related to this monitoring plan (Dagher and Dega, An Archaeological Inventory Survey of a 60 Acre Property for the Proposed Quarry Expansion Project SHPD DOC NO: 0803JP20).

We have previously provided comments pertaining to the subject property, including the Land Use Commission Special Use Permit and the County Special Use permit applications for the expansion and indicated that some outstanding archaeological issues need to be addressed (LOG NO: 2006.1656/ DOC NO: 0605MK47). We reviewed the first submittal of the Archaeological Inventory Survey report (received August 10, 2006) and recommended some revisions (LOG NO: 2006.3729/ DOC NO: 0611JP27). Seven historic properties comprising 23 features were documented during the inventory survey and issued Statewide Inventory of Historic Places (SIHP) 50-50-09-6061 (rock wall and an enclosure); 50-50-09-6062 (rock wall); 50-50-09-6063 (16 features: walls, C-shape, circular enclosure, depressions, modified boulder field); 50-50-09-6064 (modified outcrop/rock wall); 50-50-09-6065 (rock wall); 50-50-09-6066 (enclosure); 50-50-09-6067 (modified outcrop/rock wall). Five of the seven sites were originally identified in 1988 by Paul H. Rosendahl, Inc. (PHRI).

The current inventory survey re-identified and recorded five of the six previously identified archaeological sites in the project area. We understand that two sites were identified and documented by your firm for the first time. All seven of the sites are significant under Criterion D and have yielded adequate information. During the lengthy process of the completion of the additional archaeological work and the completion of the requested revisions, some of the historic properties were bulldozed. A road was bulldozed through the middle of the parcel and several features were impacted. Full-time archaeological monitoring has previously been agreed upon in order to document any undocumented sites that may have been missed during the fieldwork and to identify any inadvertent significant findings.
We have recommended the presence of a full time archaeological monitor for the proposed ground altering activities on the parcel. Subsequently, this archaeological monitoring plan was submitted to our office. Until we receive adequate correspondence indicating otherwise, we will continue to recommend and anticipate that full time archaeological monitoring will ensue for any proposed construction activities on the subject parcel.

The Archaeological Monitoring Plan is acceptable and conforms to Hawaii Administrative Rules Chapter 13-279, which governs standards for archaeological monitoring. This archaeological monitoring program includes the following provisions: A qualified archaeologist will be on-site on a full-time basis and one archaeologist will be assigned for each piece of operating heavy equipment. All excavation activities on the subject parcel will have an archaeological monitor actively observing the construction activities. The on-site archaeologist will have the authority to halt excavation in the event that cultural materials are identified. Consultation with the State Historic Preservation Division (SHPD) will occur in this event, to determine an acceptable course of action.

If human burials are identified, work will immediately cease, and your firm will notify the SHPD Burial Sites Program/Culture and History Branch (243-4640), Maui SHPD Archaeology Branch (243-1285), Oahu SHPD (692-8015), and the Maui/Lanai Islands Burial Council. Compliance with procedures outlined in HRS 6E-43 will be followed. Coordination meetings with the construction crew will be held prior to project initiation. The plan further indicates that an acceptable report will be submitted to this office within 45 days of project completion. Please note that our rules indicate that the report shall be submitted within 180 days of project completion.

We believe it is unlikely that any historic properties will be affected by construction work related to the project, with the implementation of this accepted archaeological monitoring plan. Please notify our Maui (243-5838) and Oahu offices (692-8020), via facsimile, at onset and completion of the project and monitoring program (and/or submit phased reports based on findings). If there are any concerns or questions, feel free to contact us at (808) 243-4641 or (808) 243-1285.

Aloha,

Nancy McMahon, Archaeologist and Acting Archaeology Branch Chief
State Historic Preservation Division

Letter from Department of Health
Regarding National Pollutant Discharge
Elimination System Permit
November 14, 2017

Mr. Jason Macy  
President  
Hawaiian Cement  
99 Halawa Valley Street  
Aiea, Hawaii 96701

Dear Mr. Macy:

Subject: Administrative Extension of Notice of General Permit Coverage (NGPC) for Hawaiian Cement – Waikapu Quarry Island of Maui, Hawaii File No. HI R32C427

The Department of Health (DOH), Clean Water Branch (CWB), acknowledges receipt of your 2017 Renewal Notice of Intent (NOI) and $500 filing fee for coverage under the National Pollutant Discharge Elimination System general permit provisions, in accordance with the Hawaii Administrative Rules (HAR), Section 11-55-34.08.

The DOH is unable to complete the processing of your NOI prior to the current NGPC expiration date. Therefore, in accordance with HAR, Section 11-55-34.09(d), the DOH hereby administratively extends the subject NGPC until a notice of renewed coverage under the applicable general permit is issued or until notified by the DOH, whichever occurs first. Please note that the DOH may request you submit additional information in order to complete the processing of your NOI for renewed coverage.

The Permittee shall not be held in violation of Hawaii Revised Statutes, Chapter 342D-6(h), and HAR, Chapter 11-55, during the pendency of its renewal NOI, so long as it acts consistently with the NGPC presently granted. **Note: The Permittee shall continue any sampling required by the current NGPC.** Any non-compliance with the conditions of the administratively extended NGPC may be subject to penalties of up to $25,000 per violation per day.

It is the Permittee’s responsibility to ensure that anyone working under this administrative extension of your NGPC understands and complies with the terms and conditions therein.
Should you have any questions, please contact Ms. Kris Poentis of the Engineering Section, CWB, at 586-4309.

Sincerely,

[Signature]

STUART YAMADA, P.E., CHIEF
Environmental Management Division
