RE: University of Nations, Kona, Inc. ("UNK")  
TMK Nos: (3) 7-5-010:085 and (3) 7-5-17:006 ("Property")

Dear Ms. Garson:

This letter is to confirm that the above-referenced parcel is within the service area of the Kealakehe Wastewater Treatment Plant ("Kealakehe WWTP").

The Kealakehe WWTP treats and disposes of sewage collected from the North Kona Sewerage system, which extends across the greater Kailua-Kona region from just south of Kealakehe Parkway at its northern edge to Ali'i Heights at the southern edge.

Current flows to the Kealakehe WWTP are approximately 1.8 million gallons per day (mgd). We have set aside 2.0 mgd for two specific projects. Therefore, the committed capacity is 3.8 mgd. The Kealakehe WWTP has a rated capacity of 5.3 mgd leaving us with 1.5 mgd of remaining uncommitted capacity. The County of Hawai'i usually commits unused capacity on a first come basis.

Please let us know if you have further questions.

Sincerely,

A handwritten signature in black ink that reads "Eric Takamura".

Eric Takamura  
Wastewater Deputy Chief
