Upon finding the larvae, we immediately contacted Steve Montgomery to find out what type of larvae it was.

Photo taken by Justin Soriani of larvae in jar on Tuesday, 2/27/18 at 9:21am.

Note: Days before were raining in Kaneohe and jar is clean. Dirt (left) used under the jar to keep it stable.

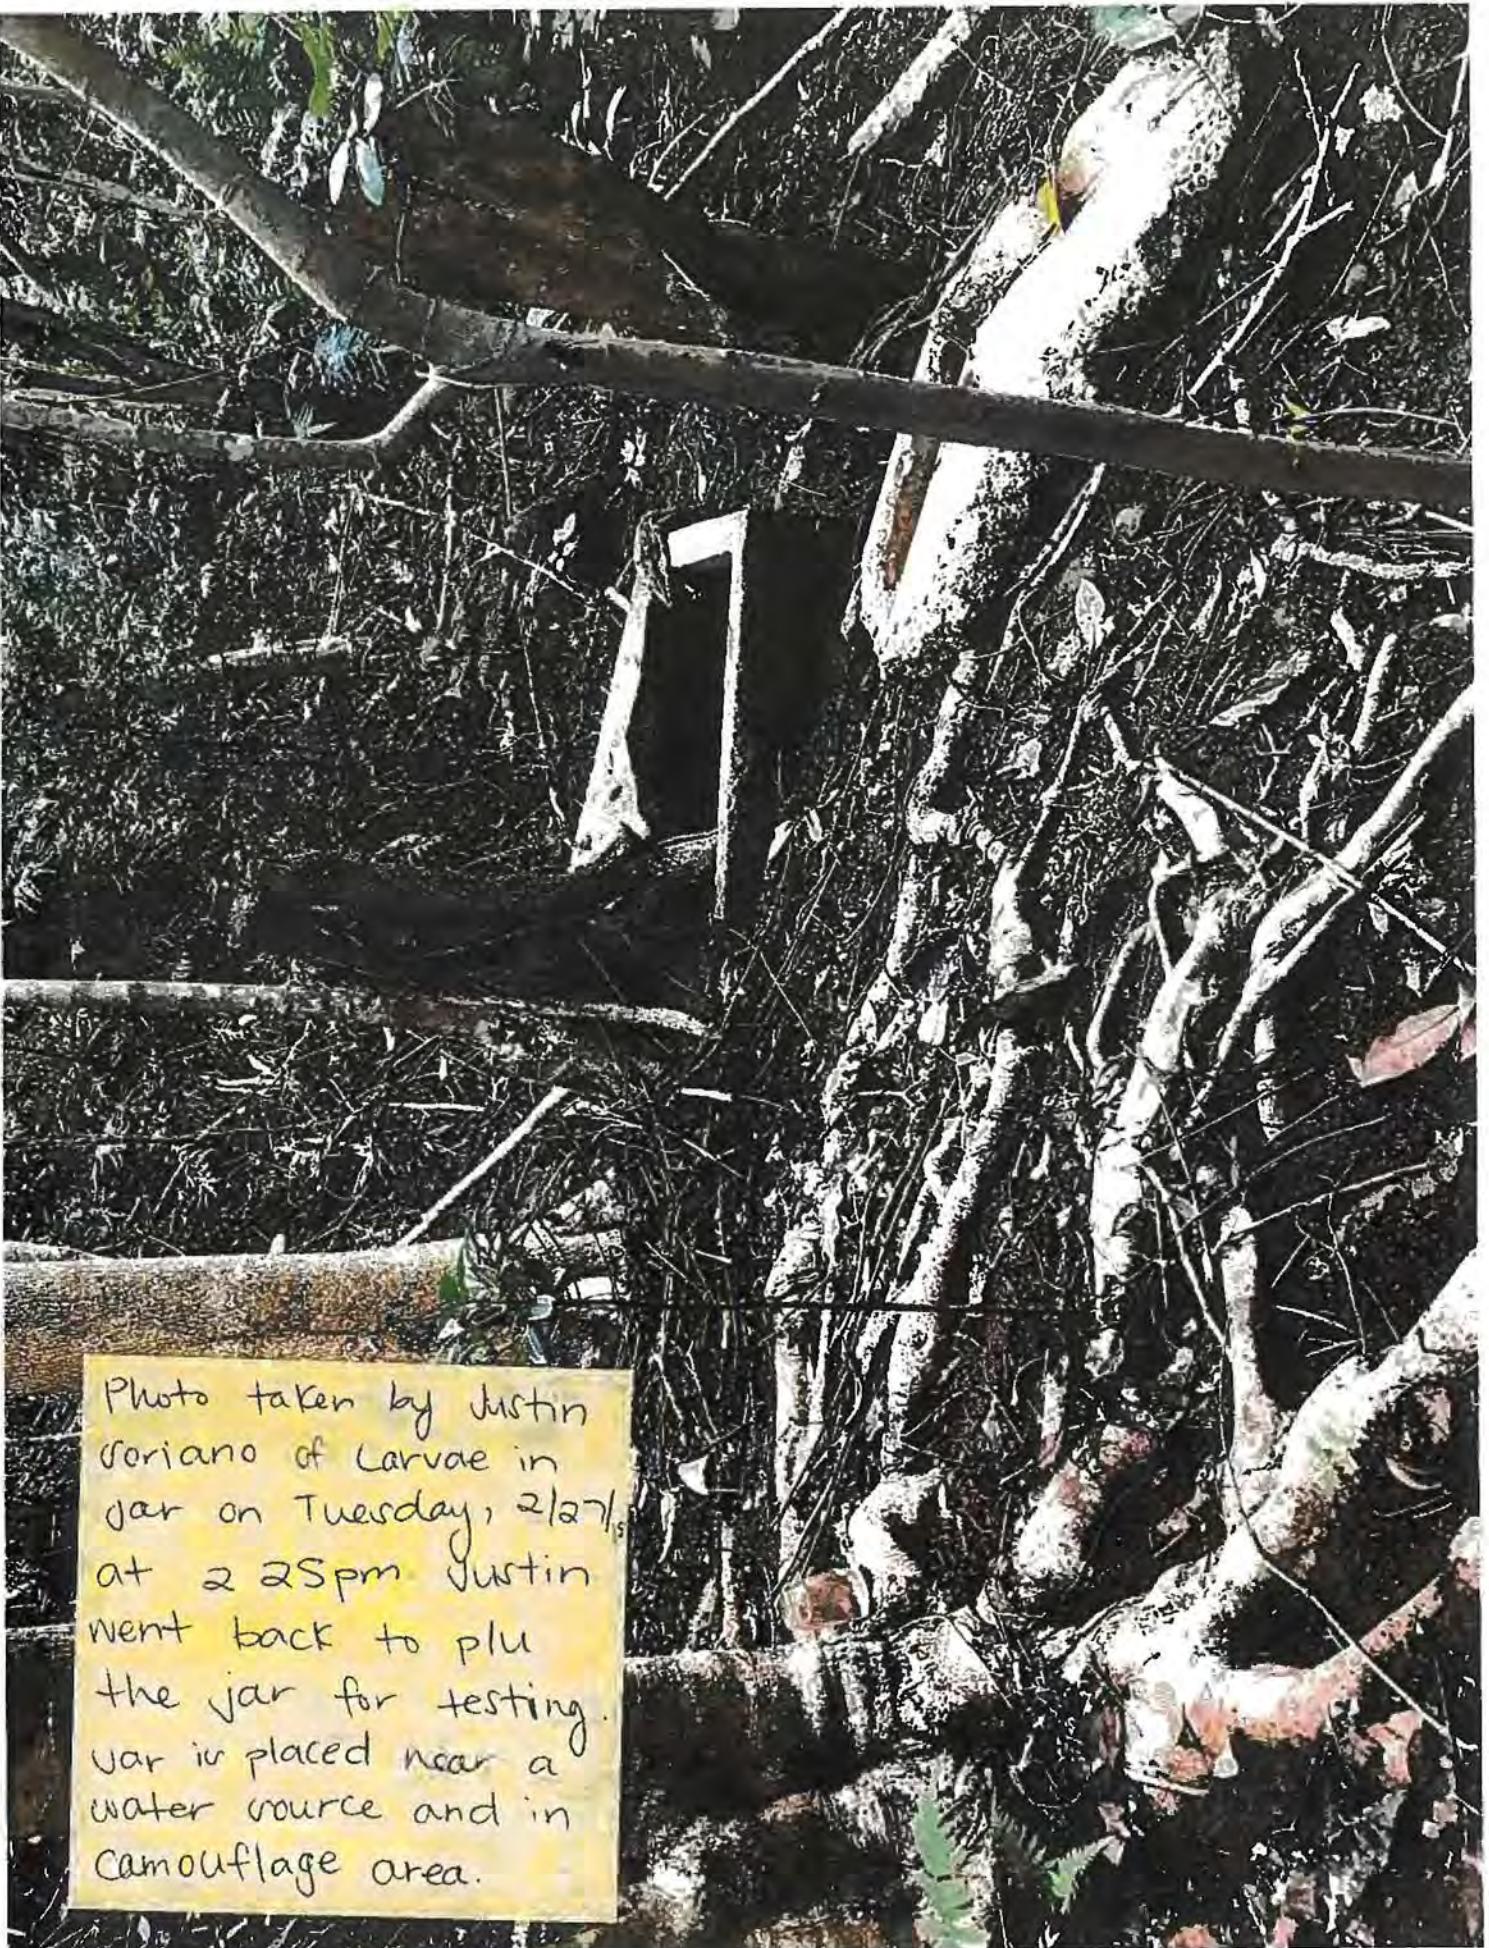

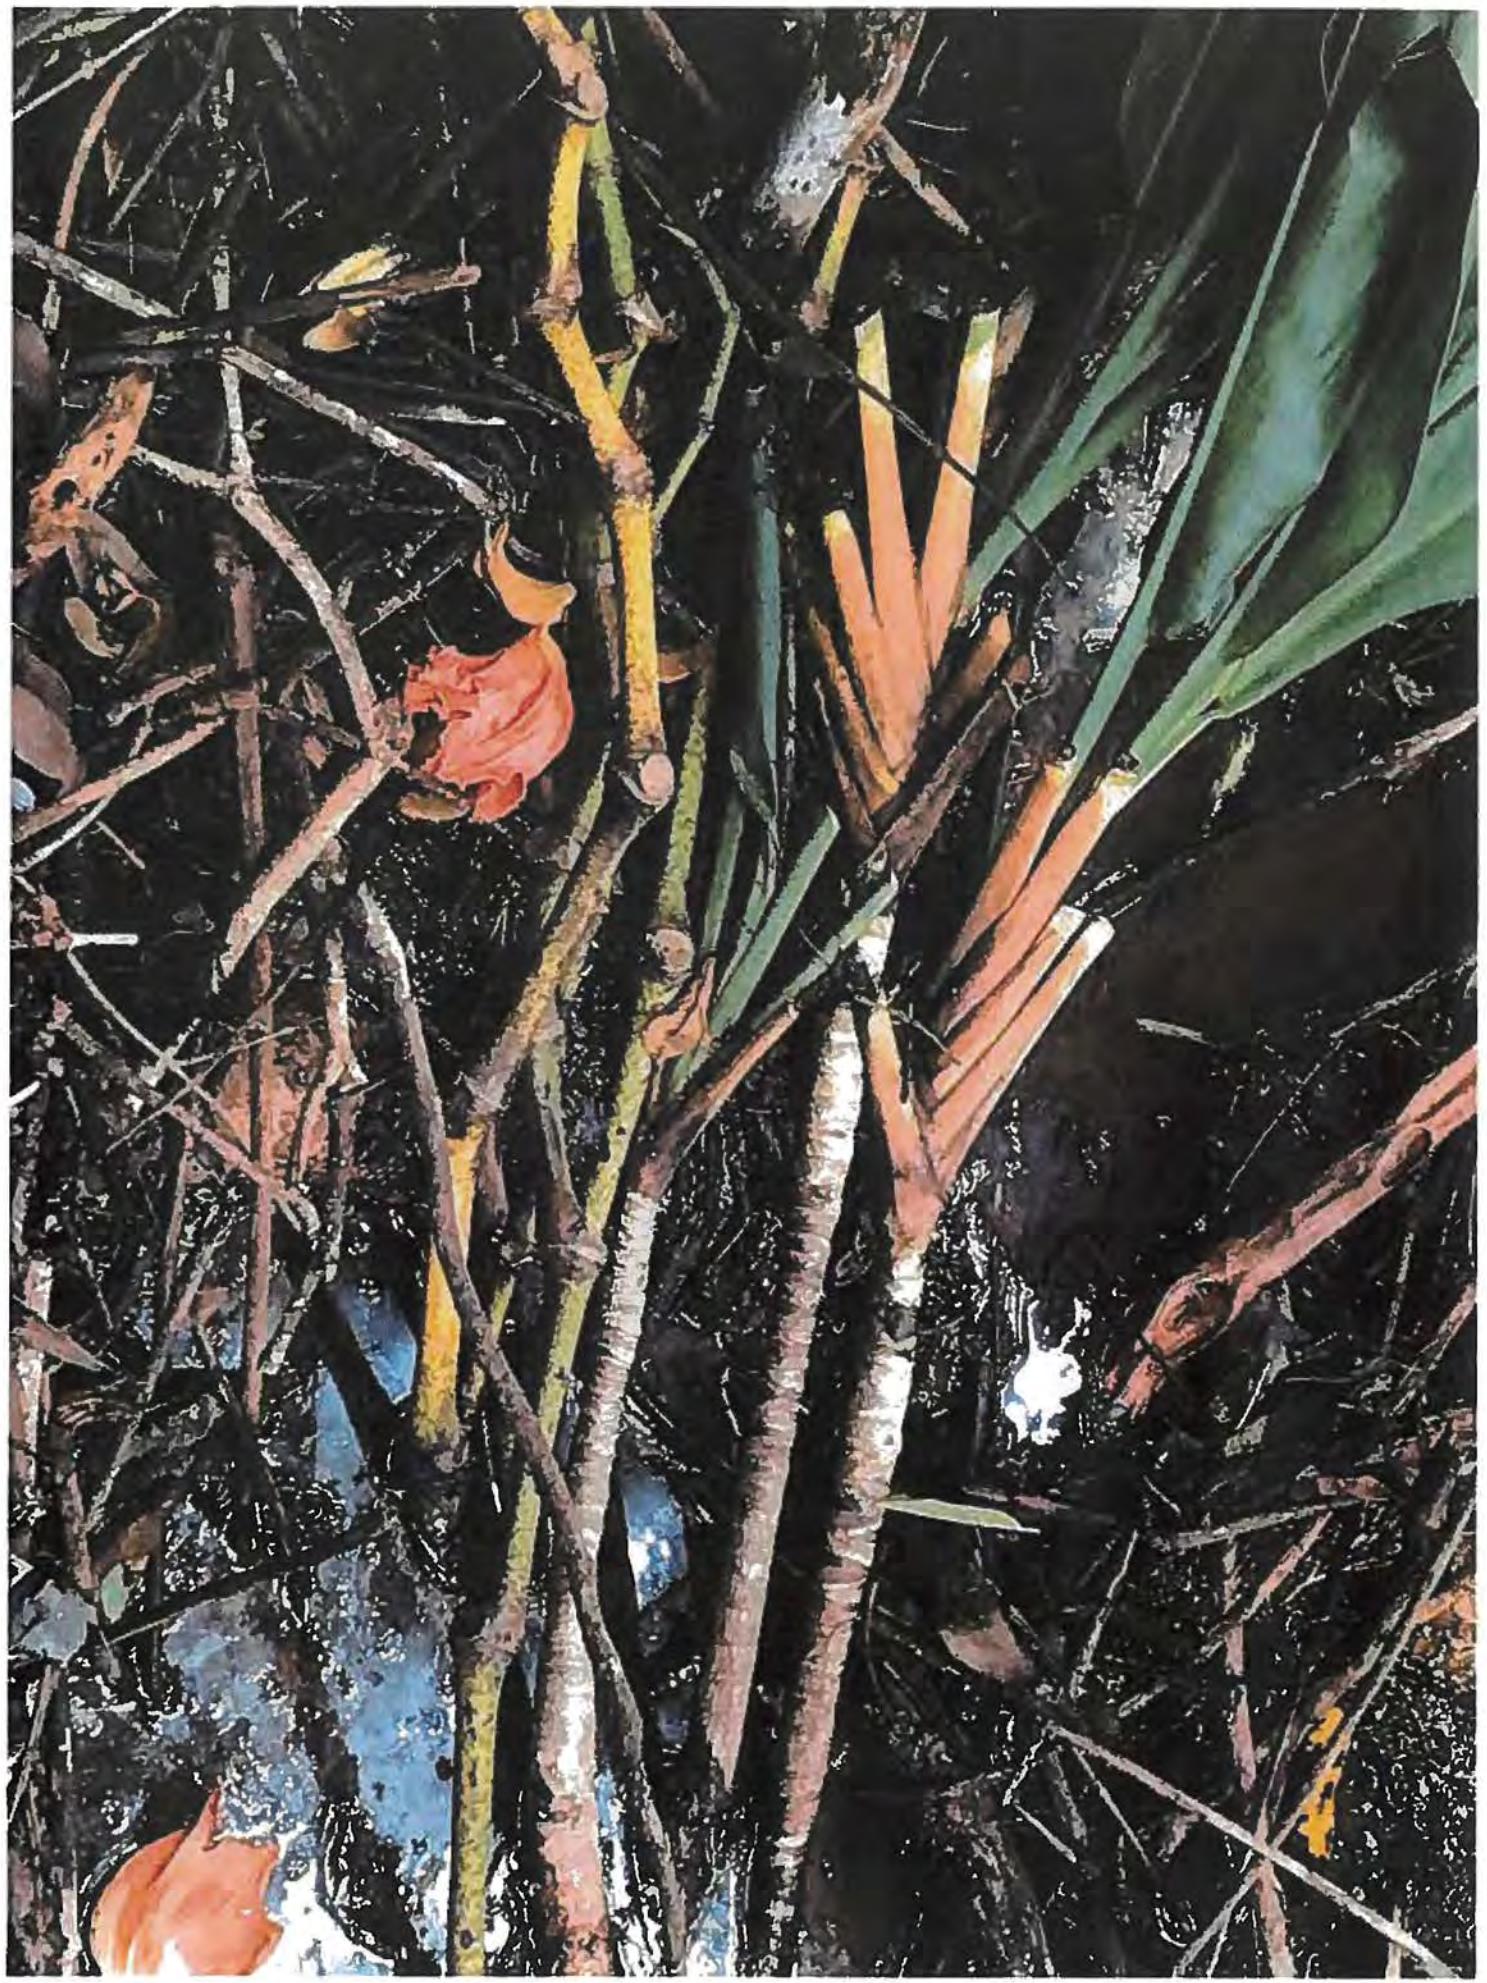

Photo taken by Justin
Ceriano of Larvae in
jar on Tuesday, 2/27/
at 2:25pm. Justin
went back to plu
the jar for testing.
Jar is placed near a
water source and in
camouflage area.
