Subject: ref. Petition A18-805 and a statement that you made at today's LUC hearing regarding communications between your office and me.....

Dear Mr. Daniel E. Orodenker,

During today's LUC meeting when you were asked regarding our Request for a Boundary Determination you stated to the Commissioners that your office *'had been in touch with me regarding our Request for a Boundary Determination'*. Please advise me the form and content of the communication which you referred to as we have no record of a past communication from your office regarding this?

Also when may we expect the Commission to hear *our Request for a Boundary Determination* and when will the text of the request be posted on the LUC's web site?

While the zoom meeting's audio was less than perfect I believe that I heard you also say that the existing 1992 boundary interpretation was **'final'**. Please describe what HAR 15-15's rule that you have relied upon that provides that the executive officer may make a **'final determination'** by the Commission which is provided for in HAR 15-15-22 (f) when uncertainty remains?

Sincerely,

Ken Church
