Re: Written Testimony Opposing Hawaiian Memorial Park Expansion
(A17-804 Hawaiian Memorial Life Plan, Ltd.)

I am a life-long resident of Kaneohe and am opposed to the expansion of Hawaiian Memorial Park due to its adverse effect on the people and community in the area. My main concern is that the expansion will adversely affect the drainage in the area, resulting in increased flooding and damage to neighboring homes. My other concern is that the land is zoned for conservation use and should not be rezoned for commercial use when there does not appear to be any significant benefits for the local community.

Thank you for your consideration.
