MAKAKILO QUARRY

SCALE AS SHOWN

5' CONTOURS

Date of Photography: 1-10-21

The mapping shown here was prepared using methods proven to meet National Map Accuracy Standards for 7.5' contour mapping and is accurate. The mapping data was prepared using industry standard software and techniques. Contours are shown in areas where the ground is obscured due to vegetation or other obstructions.

Base for horizontal and vertical control: Coordinates are based on a local coordinate system. Elevations are based on the datum of the U.S. Survey Foot.
