Dear Land Use Commissioners,

This entire situation is definitely out of control.

I applaud your being steadfast in asking for evidence and clarity.

Regardless, please keep the people of Hawai'i in mind and vote against the change in land use designation.

As you know, we are islands. Land is precious.

Land should be preserved for agriculture and for affordable housing for the kanaka and the kamaaina that live and work here.

Thank you.

Respectfully,

D Austin

Kihei, Maui
