**Subject:** [EXTERNAL] Important Agricultural Land

Dear Land Use Commission Members:

Please do not designate our property in Hakipu'u Valley as Important Agricultural Land.

Enclosed is a copy of the Topographical Survey of our property.

It shows that the land is largely a steep hill and unfavorable for farming.

Our land is also totally overgrown and it is now mostly an impenetrable jungle.

We are "land poor" and do not now have money to develop the land.

It is our hope to one day form a "Hui" and produce a modest amount of food to contribute to the health of our fellow residents of O'ahu.

We are thinking a Hydroponic system would produce the maximum amount of produce.

By the way, my wife and I have been on a diet of 100% plant-based food for decades; as Dr. Shintani recommends.

<http://www.drshintani.com/about>

This is the reason why this 72 year old man needs zero medications. No medications for my wife.

Mahalo,

Patrick Moore

Judd Family Limited Partnership  
Its President
