NOW THEREFORE, Petitioner hereby declares that the Petition Area is subject to the following conditions (conditions listed herein as designated by their current numbering, with the numbering of the 2005 D&O provided in parenthesis):

1.(2.) Ohana Units. Not more than forty-nine (49) "dwelling units" (as this term is defined in §19.04.040, Maui County Code) shall be constructed or maintained on the Property, and not more than one (1) dwelling unit shall be constructed or maintained on each Residential Lot. No "accessory dwellings" (as this term is defined in §19.04.040, Maui County Code) or ohana units shall be permitted in the Project.

2.(4.) Archaeological. To protect the native Hawaiian practitioner's exercise of customary and traditional practices in the subject area; to ensure appropriate public access to the Heiau located within the Property; to ensure the availability of natural and cultural resources for present and future generations; to promote the practice of ohana and conservation values with respect to the physical and cultural landscape:

2a.(4a.) Petitioner shall establish on the Heiau/Retention Basin Lot, permanent 60 foot wide and 100 foot wide buffer zones around the Heiau, with a rock wall of not less than four (4) feet high demarcating the perimeter of the 60 foot buffer zone. Within six months of Petitioner receiving notice that the adjacent property has changed ownership, Petitioner shall use reasonable efforts to request the consent and cooperation to extend the 100 foot wide buffer on that adjoining lot and shall continue to use such reasonable efforts with each successive owner of the adjacent parcel until such request is agreed to.

2b.(4b.) Petitioner shall include in the CC&Rs provisions which prohibit public access, through the use of appropriate signage, to the 60 foot wide buffer zone, and, with the exception of the wall around the 60 foot buffer zone and irrigation lines in the area between the perimeters

The Curator Selection Committee shall seek input from Office of Hawaiian Affairs on its proposed selection of a Curator prior to retaining such Curator.

2d.(4d.) (Deleted pursuant to the 2020 Order).

2e.(4e.) The Curator shall monitor the preservation and maintenance of the Heiau to maintain consistency with the requirements under the Preservation Plan. The Curator, or the Curator Selection Committee based upon information provided by the Curator, shall, upon request, provide a report to the Commission describing on the maintenance and preservation of the Heiau and any other traditional and customary native Hawaiian practices and cultural resources on the Property.

2f. (4f.) (Deleted pursuant to the 2020 Order).

2g.(4g.) The Homeowners' Association shall maintain in perpetuity the Heiau/Retention Basin Lot. The CC&R's will include a condition to the effect that the Homeowners' Association shall bear the cost including reasonable out of pocket costs, if any, of the Curator, such that the Curator may perform the duties prescribed in this Decision and Order.

2h.(4h.) (Deleted pursuant to the 2020 Order).

2i.(4i.) (Deleted pursuant to the 2020 Order).

3.(5.) Unidentified Archaeological Finds. The requirements of Chapter 6E, HAW, REV, STAT., and the rules promulgated thereunder, applicable to the Historic Sites shall be satisfied before construction resumes, SHPD shall determine and approve the significance of the Historical Sites, and construction work shall re-commence at the Property only after both approval by an authorized archaeologist has been obtained and appropriate mitigative measures for the Historic Sites have been implemented.

4.(8.) Responsibility of the Homeowner's Association to maintain the Property. All landscaping in the Project but outside of the Residential Lots, and all easements, cul-de-sac turn arounds, and emergency vehicle, pedestrian and utility rights of way established by Petitioner as a part of the Project shall be maintained in good repair as long as the Project exists.

6.(15.) Water Conservation Measures. Petitioner shall implement water conservation measures and best management practices for the Project such as use of indigenous and drought tolerant plants and turf, and shall incorporate such measures into common area landscape planting.

7.(18.) Notification of Potential Nuisances. Petitioner shall notify all prospective buyers and/or lessees of the Residential Lots of potential odor, noise and dust pollution resulting from adjacent agricultural uses.

8.(19.) Hawaii Right to Farm Act. Petitioner shall notify all prospective buyers and/or lessees of the Residential Lots that the Hawaii Right to Farm Act, Chapter 165, HAW. REV. STAT., limits the circumstances under which pre-existing farm activities may be deemed a nuisance.

9.(20.) Preservation of Access. The access rights of native Hawaiians who customarily and traditionally have used the Property for access onsite or to other areas for subsistence, cultural, and religious practices shall be preserved.

Petitioner shall timely provide without any prior notice, annual reports to the Commission, OP and the Planning Department in connection with the status of the Project, administration for the maintenance of the Heiau and its preservation program, and Petitioner's progress in complying with the Conditions. The annual report shall be submitted in a form prescribed by the executive officer of the Commission. The annual report shall be due prior to or on the anniversary date of the Commission's approval and entry of this Decision And Order.

10a.(23a.) Upon the sale of all of the Residential Lots and establishment of the Homeowner's Association, the Petitioner will transfer to the Homeowner's Association the responsibility of providing annual reports to the Commission.

11.(24.) Release of Conditions. Petitioner shall have the right to seek from the Commission full or partial release of any of the Conditions as to all or any portion of the Property upon assurance acceptable to the Commission of satisfaction of such Conditions.

12.(26.) Recordation of Conditions. Petitioner shall record in the Bureau of Conveyances of the State of Hawai'i an amended and restated Certificate of Conditions recognizing the Commission's release of conditions and modification of conditions, as ordered pursuant to this Decision and Order, and restating the conditions reaffirmed by the Commission, if any, pursuant to this Decision and Order. The amended and restated Certificate of Conditions shall fully supersede and release the Certificate of Conditions that was recorded as Document No. 2005-105309.
