Honolulu, HI 96804-2359

SUBJECT: Hawaiian Cement Pohakea (Waikapu) Quarry (TMK No. (2)3-6-004:007) (SUP1 2006/0001 and CUP 2006/0001)

Dear Mr. Jonathan Scheuer:

Thank you for the opportunity to submit testimony on the State Land Use Commission Special Permit and County Special Use Permit time extension requests for Hawaiian Cement's Pohakea (Waikapu) Quarry. I am writing to you today to express my support for the subject requests.

Being from West Maui, we realize the how fortunate we are to have a quarry in Waikapu. The quarry location combined with the efficiency and professionalism that Hawaiian Cement is known for is a much needed resource for West Side residents and business owners.

Hawaiian Cement's operations at Pohakea (Waikapu) Quarry is a much needed source for aggregates for the construction industry on Maui, as well as a valuable service provided through their recycling of concrete waste. We commend Hawaiian Cement's efforts to recycle used concrete products in order to reduce construction waste and promote sustainability on Maui.

For these reasons, we strongly support the requests for time extensions of the State Land Use Commission Special Permit and County Special Use Permit.

Should you have any questions, please contact me at 808-357-3595 or joshua@westmauiconstruction.com

Sincerely,
