I Glory-ann Ahuna-Hoapili am one of the property tax payer's for the family trust for this tmk listed above. Other's are Jasmine Hoapili my daughter and James Kai jr my cousin. We are property tax payer's for this property 1.78 acre's at address 41-980 A Kakaina St. We have been receiving letter's from state of hawaii land use commission, We took over paying for property taxes in 1999. Our grandfather and great grand father passed away in this year. He was given right's to the property in 1980 or so. I have notarized paperwork given to me and my family in 1999. So why only this year have we been contacted about IAL land designation. I have not received any info on any third party involvement. My great grandparent's have been at address since 1928 (Uluihi Kaniaupio) and my grand father (Oscar Ahuna). They raised taro and coconut tree's on property and vegetable's needed for household. The land acre has a house and a warehouse for land equipment. I don't under stand why after year's of this survey not sure of date when they put together this survey, we are only now contacted about a survey that may be wrong or not put together correctly. I have been her for 53 year's born and raised on property and my mother born in 1948 who just passed in 2019. I am not sure what has happened in the land commission but I feel I need a better understanding of what is happening to our land assessment. Please feel free to contact me at 808-295-5592 or address at 41-859 Waikupanaha street Waimanalo,Hawaii 96795. Thank you for sending me and my famliy meeting documentation to join in the future meeting's. Sincerely Glory-Ann Ahuna-Hoapili
