Subject: [EXTERNAL] Getting out of IAL

Hi,

We only have 1 acre of land and being forced to just make money with their property by growing would bankrupt us. Then we would lose our farm and there would be less food production on the island. Please get us off this list immediately. What can we do to get off this IAL list?

Thanks
Jason

To whom it may concern,

Our family has lived at TTK # : 41024007

All there lives and we have never been forced to be residential due to having a river running directly threw our property. I am requesting that our property indicated above be excluded from the IAL program due to it's small size.

If you have any questions for me, feel free to call me at 808-779-6217.

Sincerely,

Ahuna-Hoapili Ohana

To whomever it may concern,

Aloha,

Our family has lived at
TMK # : RP 1-4-1-010-024-0000-000
TMK # : RP 1-4-1-010-024-0000-001
TMK # : RP 1-4-1-010-024-0000-002

Unfortunately our ohana was never properly informed of the IAL designation affecting our property. We did not receive any notice until earlier this year 2021. We do know that we live on farmland. But our kupuna who passed down the property did not know what farmland entails. We are willing to work the land and help to produce a service to help our community. I think we would need more time to properly take on such a task. We do not want any Pilikia and would like to continue for our property to be farmland. I do not however, think that the IAL program is going about getting to the bigger picture the right way. So with that being said we would like for our property indicated above be excluded from the IAL program due to it's small size.

If you have any questions for me, feel free to call me at 808-779-6217.

Sincerely,

Ahuna-Hoapili Ohana
