line which is not currently in some other use.

Meeting at Kailua, the commission increased the amount of land zoned urban to almost 30,000 acres.

Currently there are 24,400 acres zoned urban. Of this amount of land, 14,000 acres is not being used for urban development. The 14,000 acres is either vacant or in agricultural use.

In other action, the commission increased the amount of land in conservation on the Big Island. They formed a conservation band around the entire island. The new designation includes all shore-

GI Found In Car

An 18-year-old soldier, Wayne Oshiro, of Kalopa was found alive Saturday morning in a wrecked auto near Honokaa.

The soldier had been missing since late Wednesday when his car apparently ran off the road which leads from the Belt Highway to Honokaa.

Oshiro's condition was listed as fair Saturday after he was moved from Honokaa Hospital to Tripler Army Hospital on Oahu. The man was home on R and R.
