Report on Compliance with Conditions Imposed by Commission

The following states Piilani's progress in complying with the conditions imposed by the D&O:

- 1. The Petitioner shall obtain a Community Plan Amendment and Change in Zoning from the County of Maui.**

The Kihei Makena Community Plan incorporating the required change and designating the Petition Area as Light Industrial was approved on March 20, 1998, and the Change in Zoning application for Light Industrial was approved by the Maui County Council and became effective on May 25, 1999.

- 2. Petitioner shall cooperate with the State Department of Health and the County of Maui Department of Public Works and Waste Management to conform to the program goals and objectives of the Integrated Solid Waste Management Act, Chapter 342G, Hawaii Revised Statutes.**

Piilani will cooperate with the State Department of Health and the County of Maui Department of Environmental Management, formerly a part of the County of Maui Department of Public Works and Waste Management, when applicable, to conform to the program goals and objectives of the Integrated Solid Waste Management Act, Chapter 342G, Hawaii Revised Statutes.

- 3. Petitioner shall contribute its pro-rata share to fund and construct adequate wastewater treatment, transmission and disposal facilities, as determined by the State Department of Health and the County of Maui Department of Public Works and Waste Management.**

Piilani will contribute its pro-rata share to fund and construct adequate wastewater treatment, transmission and disposal facilities, as determined by the State Department of Health and the County of Maui Department of Environmental Management.

Piilani received final subdivision approval for Subdivision File No. 2.2995 from the County of Maui Department of Public Works, Development Services Administration on

August 14, 2009. A condition of the final subdivision approval was that Piilani deposit a subdivision bond, to be held by the County of Maui, for an amount totaling \$22,058,826.00, to secure the completion of construction of adequate wastewater transmission and disposal facilities, among other items. A copy of the final subdivision approval was attached to Piilani's Twenty-Fifth Annual Report as **Exhibit "A"**. A copy of the Agreement for Subdivision Approval and the Subdivision Bonds filed by Piilani's predecessors-in-interest was attached to Piilani's Twenty-Fifth Annual Report as **Exhibit "B"**, and a copy of the Assignment and Assumption of Agreement for Subdivision Approval executed by Piilani was attached to Piilani's Twenty-Fifth Annual Report as **Exhibit "C"**.

Piilani's pro-rata share for wastewater treatment will be addressed through assessment paid to the County of Maui at the time building permits are issued.

Plans for the construction of these items were included in the civil construction plans that were submitted to the County of Maui. The County of Maui Department of Environmental Management Wastewater Reclamation Division ("WWRD") is the contemporary successor to the County of Maui Department of Public Works and Waste Management and has jurisdiction over the wastewater treatment, transmission and disposal facilities cited in Condition 3 above. WWRD approved the plans that were submitted. Such approval permits Piilani to construct the sanitary sewer improvements under East Kaonoulu Street that WWRD has deemed necessary for further development of the Petition Area.

4. Petitioner shall fund and construct adequate civil defense measures as determined by the State and County Civil Defense agencies.

Piilani will fund and construct adequate civil defense measures as determined by the State and County Civil Defense agencies.

5. **Petitioner shall fund, design and construct necessary local and regional roadway improvements necessitated by the proposed development in designs and schedules accepted by the State Department of Transportation and the County of Maui.
