About the Land Use Commissions June 8<sup>th</sup> meeting.

Hawaii is the only state that doesn't allow farmers to rent rooms to supplement their income. All of the other 49 states never heard of such a thing. Farm income is sporadic at best, subject to the weather and the whims of the market. Rental income is a guaranteed income stream needed to buy supplies, food, fuel, pay taxes, insurance; you name it.

I urge the commission to uphold judge DeWeese's decision.
