Honolulu, Hawaii 96804-2359

Waipio PV, LLC (2014/SUP-3; SP15-405, 2015/CUP-9)

Dear Mr. Orodener:

In regard to 2014/SUP-3 (County Conditions 9 and 8, respectively), SP15-405, 2015/CUP-9 (Condition H), relating to the Waipio solar project (the "Project"), Clearway Renew LLC ("Clearway") hereby submits this written notice of a change in ownership.

On February 27, 2018, we notified you of the purchase by a subsidiary of Global Infrastructure Partners ("GIP"), of all of NRG Energy, Inc.'s ("NRG") renewable platform, including Clearway, which is the ultimate parent company of Waipio PV, LLC (the "Project Company").

We wanted to update you that Clearway is now conveying its indirect equity ownership interests in the Project Company such that the Project Company will be one hundred percent (100%) owned by Clearway Energy Operating LLC ("CEO"), an affiliate of Clearway. The sale transaction is anticipated to occur within the next 45 days. Please note that the Project Company will remain the permittee under the above-referenced permits.

CEO's parent company is Clearway Energy, Inc. ("CWEN"), a publicly-traded energy infrastructure investor in and owner of modern, sustainable and long-term contracted assets across North America. It is one of the largest renewable energy owners in the U.S. with over 5,000 net MW of installed wind and solar generation projects. CWEN's over 9,000 net MW of assets also includes approximately 2,500 net MW of environmentally-sound, highly efficient natural gas-fired generation facilities. Through this environmentally-sound, diversified and primarily contracted portfolio, CWEN endeavors to provide its investors with stable and growing dividend income. Substantially all of the CWEN's generation assets are under long-term contractual arrangements for the output or capacity from these assets.

The sale transaction will not in any way affect the Project Company's operation and maintenance of the Project or otherwise impact its amended power purchase agreement, and there are no anticipated changes to the operating plans of the Project. The Project Company's business dealings will continue as usual, unchanged.
