**Date:** Monday, October 10, 2022 2:23:13 AM

---

Dear Respected Officials,

Please preserve the agricultural zoning near Waihehu. This land is important to AG, especially in the long run/bigger picture. The developers will keep taking any open space away and reducing the good, fertile land needed for food production and environmental sustainability.

Affordable housing is an issue, important, but this project isn't the answer.

Mahalo,  
AJ
