Subject: [EXTERNAL] Testimony in support of grade separated crossing to Kulanihako'i High School
Date: Friday, February 3, 2023 10:56:13 AM

Aloha commissioners,

Safe passage to school is the top priority of the community and for all parents of children everywhere. For Kihei, this includes an under or overpass and safe pedestrian and bicycle travel parallel to Piilani Hwy which is also currently non-existent. Underpasses along waterways have been used throughout the United States as a means of safe travel and can be achieved faster and cheaper than a monstrous overpass. There is no excuse for the DOE to not have this already in place and ready for the school to open when it is safe to do so.

Please do not back down on your understand that every child's life matters.
Thank you for your service and consideration to the needs of our community.
Patricia Stillwell
