Aloha Chair Giovanni and Members of the Commission,

I am Cheyenne Gorman, a freshman at Kūlanihākoʻi High School in Kihei. I appreciate you taking the time to reconsider the issue of the improvement Condition imposed by your Commission in 2013.

Why do we have to be stuck on the middle school campus when our school is already up? It feels like we are not high school students. I would prefer to be on a new campus with a pleasant aroma, nice staff, and people who are in my age group. We want to be on our campus because we would like to feel more comfortable as high school students. We don't feel like we are being seen as mature by others since we are still on a middle school campus. We understand that this is their campus, and appreciate them hosting us, but it's hard seeing them have so many options to choose from while we are stuck in the same five classrooms.

I understand the importance of safety, and I pledge not to cross the highway on foot but to use the transportation provided by the school and my parents. Please consider those most affected by your decision and amend the 2013 Condition to allow us to safely use our campus while the adults keep talking about the grade-separated pedestrian crossing.

Mahalo,
